Holding Onto Air Michele DeMarco, PhD, Michele DeMarco, 2024-01-09 A top mental health writer trauma researcher and survivor illuminates the dual nature of loss the science behind it and art of transforming it with a breakthrough book and truly holistic approach After experiencing two rare heart attacks at the age of 33 and a third a decade later DeMarco knows trauma intimately Trauma breaks your relationship with time by upending your expectations fracturing your memories and identity and destroying your innocence With poignant wisdom and refreshing insight DeMarco explodes traditional myths of resilience and shows what it takes to thrive through any of life's challenges DeMarco situates meaningful challenge and loss specifically in the context of lost innocence and challenges common notions that we can think our way out of despair and back to a normal happy life when the unimaginable shatters it Leveraging advances in emotion science somatic psychology neuroscience and trauma Holding Onto Air brings the body and spirit into the solution as much as the mind and so presents a truly integrated whole person approach to recovering from lost innocence and building resilience It also makes spirit accessible for anyone of any background or belief or no aligned belief More than a rudimentary map for navigating grief and loss rocky terrain with tired tropes and shop worn strategies DeMarco offers a unique and trusted guide for an arduous journey every human being will have to face the realization of evil pain or mortality that occurs after a person experiences trauma

Path of Heroes Zhe-chen Rgyal-tshab Padma-'gyur-med-rnam-rgyal, 1995 **The War Within - Between Good and Evil** Bhimeswara Challa, The human has always prided himself as an exceptional moral species but has always been haunted by two questions Why am I not good when I want to be why do I do bad when I don't want to This is at the heart of what scriptures and sages have long alluded to as the eternal internal struggle between good and evil that wages in the human consciousness The book posits that much of our confusion and angst stems from our inability to recognize the ramifications of this war between two sides of our own self It is because we are ignoring this war between two sides of our own self It is because we are ignoring this war that we are losing all other wars of the world That ignorance is the primary source of all the horrors malevolence and violence that fill us with so much dread But a favorable outcome is possible only if the forces of goodness are aided to get an upper hand consistently and that calls for two cathartic changes consciousness change by inducing a turn from the mind to the heart and contextual change by radically reconstructing the roles of morality money and mortality in our everyday lives The book offers a menu of insights and options

we all can use to tilt the scales in the war waging inside each of us *Acorns: Windows High-Tide Foghat* Joshua Morris,2013-01-23 *Acorns* delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around **Religious Humanism** ,1989

The Buddhist Handbook John Snelling,1991 This is the first definitive guide to the complete panorama of Buddhist teaching practice schools and history One of the fastest growing religions in the world Buddhism includes with its scope numerous traditions The Buddhist Handbook provides a comprehensive and nonsectarian survey of these traditions and their contemporary exponents throughout the world providing necessary information for those who wish to explore the various options thoroughly and find one that is suited to their needs For those already practicing in a particular school of Buddhism it offers illuminating insight into the teachings of other schools for a more holistic view *Tibetan Nationalism* Paul Christiaan Klieger,1992 Parapsychology, New Age, and the Occult ,1993 **24/7** Robert Hassan,2007 24 7 is the first collection of essays dealing with the nature and our experience of temporality in the network society **Glory of India** ,1987 Visions of Knowledge Tarthang Tulku,1993 *The Publishers Weekly* ,1995 *Body of Knowledge* Robert Marrone,1990-08-09 This book introduces readers to the many facets of body mind psychology such as its history and its basis in physiological processes the framework of its theories and models its clinical application in counseling psychotherapy and the treatment of psychosomatic disorders and its growing impact on our understanding of healing communication and conscious living From Freud Reich and Lowen to holography and Tibetan Buddhist theories of madness from Perls Laslow and self actualization to acupuncture Roling and insight medication Marrone provides a challenging and sophisticated synthesis of highly diverse and powerful ideas in an exciting and readable style The Life and Visions of Yeshé Tsogyal Drime Kunga, Yeshe Tsogyal,2017-08-22 This stunning biography reveals the heroic life of Yesh Tsogyal the mother of Buddhism in Tibet and a powerful female role model for spiritual accomplishment and perfection This secret life story of Yesh Tsogyal presents a valuable and unique perspective that is quite a departure from any other account of this remarkable woman Described as a secret life story its many layers include an outer account detailing her birth family and societal constraints an inner account that begins as she meets and escapes captivity with Guru Rinpoche and a secret account as she enters twelve years of retreat at Chimpu only to miraculously journey to Oddiyana The role of women and womanhood is notable throughout her life story Her desire for independence is at odds with her desirability as a woman leading to numerous tragic incidents early in life Finally meeting Guru Rinpoche she decries her status as a woman This sort of gendered humility a recurring theme is juxtaposed with her assertion that despite being a woman and low born skyed woman she has a high regard for herself anyway It is a magical woman who guides her to Oddiyana and her travels there are filled with primarily female companions

In the end she remains Guru Rinpoche's primary disciple and doctrinal custodian. Her experiences, while perhaps intense and fantastical, include the same elements of challenge, learning, and progress that all practitioners must experience. During her adventures in Oddiyana, Yesh Tsogyal receives the same core teachings on faith, impermanence, and fortitude that are essential for anyone following this spiritual path. This accomplished translation is enriched by the refreshing insights of six contemporary scholars and teachers of Tibetan Buddhism, making this invaluable guide to the life of Yesh Tsogyal a treasure for practitioners, scholars, and anyone intent on the possibility of awakening.
