modernist freakish aesthetics a creative fusion of high and low themes and forms in relation to distorted bodies Literary and cinematic texts about freaks by Nathanael West Djuna Barnes Tod Browning and Carson McCullers subvert and reinvent modern progress narratives in order to challenge high modernist literary and social ideologies These works are marked by an acceptance of the disteleology anarchy and degeneration that racist discourses of the late nineteenth and early twentieth centuries associated with racial and ethnic outsiders particularly Jews In a period of American culture beset with increasing pressures for social and political conformity and with the threat of fascism from Europe these late modernist narratives about freaks defy oppressive norms and values as they search for an anarchic and transformational creativity *The Cambridge History of American Modernism* Mark Whalan,2023-07-20 The Cambridge History of American Modernism examines one of the most innovative periods of American literary history It offers a comprehensive account of the forms genres and media that characterized US modernism coverage ranges from the traditional such as short stories novels and poetry to the new media that shaped the period s literary culture such as jazz cinema the skyscraper and radio This volume charts how recent methodologies such as ecocriticism geomodernism and print culture studies have refashioned understandings of the field and attends to the contestations and inequities of race sovereignty gender sexuality and ethnicity that shaped the period and its cultural production It also explores the geographies and communities wherein US modernism flourished from its distinctive regions to its metropolitan cities from its hemispheric connections to the salons and political groupings that hosted new cultural collaborations **Alive Inside the Wreck** Joe Woodward,2011-11-15 Joe Woodward combs through the archives at The Huntington Library and the John Hay Library at Brown University to paint a portrait of Nathanael West s obsession with violence and literature in 1930s America **Fiction of the Modern Grotesque** Bernard McElroy,1989-07-31 **Beyond the Frontier** Harold Peter Simonson,1989 **Encyclopedia of the American Novel** Abby H. P. Werlock,2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this **Modern Orthodoxies** Lisa Mulman,2013-09-13 This study introduces a genuine provocative religious vocabulary into the discourse on Modernist art and literature Mulman looks at key texts and figures of the Modern period including Henry Roth Amedeo Modigliani James Joyce and Art Spiegelman revealing a significant engagement with the rituals of Jewish observance and the structure of Talmudic interpretation While critics often view the formal experimentation of High Modernism as a radical departure from conventional beliefs this book shows that these aspects of Modernist art are deeply entwined with and indebted to the very traditions that they claim to be writing against As such the book offers a unique and truly multidisciplinary approach to Modernist studies and a cogent analysis of the ways in which spirituality informs artistic production *American Novelists, 1910-1945* James J. Martine,1981 Contains biographical sketches of the men and women who have done their most important work in the novel during the period from 1910 1945 Twentieth Century Fiction George Woodcock,1983-04-01 Reader's Guide to Literature in English Mark Hawkins-Dady,1996 First Published in 1996
