Null And Void:

The Language of the Law David Mellinkoff, 2004-05-13 This book tells what the language of the law is how it got that way and how it works out in the practice The emphasis is more historical than philosophical more practical than pedantic

The Baker & McKenzie International Arbitration Yearbook 2008, 2009

Legal Discourse across Cultures and Systems Vijay K. Bhatia, Christopher N. Candlin, Jan Engberg, 2008-01-01 What exactly is legal about legal language What happens to legal language when it is used across linguistic national socio political cultural and legal systems In what way is generic integrity of legal documents maintained in multilingual and multicultural legal contexts What happens when the same rule of law is applied across legal systems By bringing together scholars and practitioners from more than ten countries representing various jurisdictions languages and socio political backgrounds this book addresses these key issues arising from the differences in legal or sociocultural systems The discussions are based not only on the analysis of the legal texts alone but also on the factors shaping such constructions and interpretations Given the increasing international need for accurate and authoritative translation and use of legal documents this important volume has considerable contemporary relevance in a globalized economy It will appeal to discourse analysts commercial consultants legal trainers translators and applied researchers in professional communication especially in the field of legal writing and languages for specific purposes

Mellinkoff's Dictionary of American Legal Usage David Mellinkoff, 2009-06-24 This is a dictionary of the language of the law as used in America today Most of this dictionary is written in ordinary English Most of the words that lawyers use in writing and talking about the law are the ordinary words that fill the dictionaries of the English language They have a place in this dictionary when the law gives them a specialized sense or to emphasize that there is none Too often an apparent change in sense results not from the law but from bad grammar or redundancy or from an unsorted host of possible meanings jumbled together and left to the vagaries of interpretation At the other extreme individual cases each walled in by its own distinctive facts and law may give an immaculately narrowed sense but neither generalized definition nor standards for the gradation of sense that is the essence of clear usage A small number of citations to cases of special relevance to word usage are included in this dictionary The citation count does not measure the indebtedness of this dictionary to old and current sources of American legal usage The definitions and examples of usage in this dictionary have roots in the law reports of thousands of litigated cases in law writings formal and informal profound and trivial in the talk of lawyers and judges in court and out the formal and the informal colloquial and slangy talk that is precise and talk that is mush in a long line of dictionaries past and present law dictionaries and dictionaries of English and its usage Drawing from all those sources the definitions and examples are shaped by more than a half century of personal immersion in the oral and written language of the law as law student practicing lawyer professor and writer And something has been added This dictionary is designed to sort out the words used in the law and to identify the different senses in which each is used and can be used With cross

reference it tells how words are related to each other and separated for each other so that discrimination and choice of usage are possible Words are grouped together as identical similar disparate departing from or paralleling the usages of ordinary English Where usage is not uniform the dictionary comments on what is better best and worst The dictionary concentrates on general legal usage for a profession practicing in the American common law tradition The dictionary does not detail the multitude of other jurisdictional variations but calls attention to the fact of variation Although the distinction is often difficult to make this is a word dictionary not a short legal encyclopedia Technicalities in general legal usage are included but not the intricacies of learning in specialized fields of the law There is no standard legal pronunciation Pronunciation is included here when it is unusual exotic controversial or needed to prevent confusion Pronunciation is rendered in simplified phonetics American law dictionaries go back to 1839 This one is new and different David Mellinkoff from the Preface Recognition and Enforcement of Foreign Arbitral Awards George A. Bermann, 2017-07-17 This book examines how the Convention on the Recognition and Enforcement of Foreign Arbitral Awards commonly known as The New York Convention has been understood and applied in insert number jurisdictions including virtually all that are leading international arbitration centers It begins with a general report surveying and synthesizing national responses to a large number of critical issues in the Convention's interpretation and application It is followed by national reports all of which are organized in accordance with a common questionnaire raising these critical issues Following introductory remarks each report addresses the following aspects of the Convention which include its basic implementation within the national legal system enforcement by local courts of agreements to arbitrate including grounds for withholding enforcement recognition and enforcement of foreign awards by local courts under the Convention including grounds for denying recognition and enforcement and essential procedural issues in the courts conduct of recognition and enforcement Each report concludes with an overall assessment of the Convention's interpretation and application on national territory and recommendations if any for reform The New York Convention was intended to enhance the workings of the international arbitral system primarily by ensuring that arbitral awards are readily recognizable and enforceable in States other than the State in which they are rendered subject of course to certain safeguards reflected by the Convention's limited grounds for denying recognition or enforcement It secondarily binds signatory states to enforce the arbitration agreements on the basis of which awards under the Convention will be rendered Despite its exceptionally wide adoption and its broad coverage the New York Convention depends for its efficacy on the conduct of national actors and national courts in particular Depending on the view of international law prevailing in a given State the Convention may require statutory implementation at the national level Beyond that the Convention requires of national courts an apt understanding of the principles and policies that underlie the Convention's various provisions Through its in depth coverage of the understandings of the Convention that prevail across national legal systems the book gives practitioners and scholars a much improved appreciation of the New York Convention on the ground Records and

Briefs of the United States Supreme Court ,1832 *Reports of Cases Argued and Determined in the Supreme Court of the State of Montana ... Montana. Supreme Court*,1904 *Reports of the Supreme Court of Canada* Canada. Supreme Court,1925 *The Parliamentarian* ,1977 **Wörterbuch der Handels-, Finanz- und Rechtssprache / Dictionary of Commerical, Financial and Legal Terms / Dictionnaire des Termes Commerciaux, Financiers et Juridiques**

HERBST,2012-12-06 Die Arbeit an den drei Banden dieses Wörterbuches wurde 1932 in London begonnen und ist in ständiger Fortsetzung auf den jetzt vorliegenden Stand gebracht worden In seinem Aufbau und in der besonderen Anordnung des Stoffes erstrebt das Werk einem doppelten Zweck zu dienen Besonders leichtes und schnelles Auffinden eines Stichwortes in möglichst vielen fertig vorbereiteten Verbindungen und möglichst wirksamer Ausschluss von Übersetzungsfehlern besonders wenn zwischen mehrfachen Bedeutungen desselben Stichwortes gewählt werden muß 1m Verfolg dieser Ziele ist das Werk im wahrsten Sinne aus der Praxis entstanden Dementsprechend ist es auch für die Praxis als Nachschlagewerk für den Alltagsgebrauch bestimmt An seiner Schaffung haben Menschen des Berufs und Geschäftslebens mit praktischen Erfahrungen mitgewirkt Der Entwicklung der drei Sprachen folgend wurde der Text durch Aufnahme neuer Fachausdrücke und Wendungen bedeutend erweitert und auf den neuesten Stand gebracht Hierbei wurden auch die im Bereich der internationalen Organisationen insbesondere der Europäischen Gemeinschaften entwickelten und gebräuchlichen Ausdrücke und Begriffe miteinbezogen Zug Schweiz Januar 1979
