Number One 1st Edition:

The Number 1 Ella Hawley, 2010-01-15 Simple text and photographs of everyday objects introduce young readers to the number one *no. 1-500*, 1922 *n+1*, *Number One: Negation*, *Play-by-Play: Sportscast Training* 1st. Edition Al Epstein, Lou Riggs, *Catalogue of the Public Documents of the ... Congress and of All Departments of the Government of the United States for the Period from ... to ...* United States. Superintendent of Documents, *1,000 UK Number One Hits* Jon Kutner, Spencer Leigh, 2010-05-26 The official UK charts started in November 1952 with Al Martin's *Here's In My Heart* at the top Since then there have been over 50 years of changes and we have now reached the 1 000 number one *Japan as -anything but- Number One* J. Woronoff, 1996-10-11 Japan as anything but Number One should be everybody's number two book to read about Japan After almost any introduction that lays out the claims made for Japan's truly unusual economy and society the next step forward should be to read an informed critical text to set a contrast in the mind No book achieves this more concisely more accurately and more succinctly than *Japan as anything but Number One* James Y Bourlet Professor of Japanese Management London Guildhall University Is Japan No 1 Well maybe it is if you only consider those sectors where it has been particularly successful But not if you add many others where its performance was mediocre or worse Is Japan No 1 Well maybe it is if you ask the foreign friends who have made a career and sometimes a fortune as apologists of Japanese causes But if you ask the Japanese themselves you will find that they are anything but satisfied Is Japan No 1 Well maybe it is if you are taken in by the *tatemae* i.e. the official version or how its admirers like to picture it But it does not look so great once you perceive the *honne* i.e. the realities of life in Japan Is Japan No 1 Well maybe it is if you take what is best in Japan and contrast it to what is less good in foreign countries But it does not compare so well if you mix the good with the bad in both places No the author does not think that Japan is a horrible place or that its leaders have made a complete mess of things But if you look closely it is certainly not the extraordinary success it is frequently claimed to be It is closer to the mean with many serious problems that will only get worse if people foolishly assume it is No 1 **Number One Realist** Nathaniel L. Moir, 2022-04-01 In a 1965 letter to Newsweek French writer and academic Bernard Fall 1926-67 staked a claim as the Number One Realist on the Vietnam War This is the first book to study the thought of this overlooked figure one of the most important experts on counterinsurgency warfare in Indochina Nathaniel L Moir's intellectual history analyses Fall's formative experiences his service in the French underground and army during the Second World War his father's execution by the Germans and his mother's murder in Auschwitz and his work as a research analyst at the Nuremberg Trials Moir demonstrates how these critical events shaped Fall's trenchant analysis of Viet Minh led revolutionary warfare during the French Indochina War and the early Vietnam War In the years before conventional American intervention in 1965 Fall argued that far more than anything in the United States military arsenal resolving conflict in Vietnam would require political strength willpower integrity and skill *Number One Realist* illuminates Fall's study of political reconciliation in Indochina

while showing how his profound humanitarian critique of war continues to echo in the endless conflicts of the present It will challenge and change the way we think about the Vietnam War
