Conscientious Objection in Health Care Mark R. Wicclair, 2011-05-26 Historically associated with military service conscientious objection has become a significant phenomenon in health care Mark Wicclair offers a comprehensive ethical analysis of conscientious objection in three representative health care professions medicine nursing and pharmacy He critically examines two extreme positions the incompatibility thesis that it is contrary to the professional obligations of practitioners to refuse provision of any service within the scope of their professional competence and conscience absolutism that they should be exempted from performing any action contrary to their conscience He argues for a compromise approach that accommodates conscience based refusals

within the limits of specified ethical constraints He also explores conscientious objection by students in each of the three professions discusses conscience protection legislation and conscience based refusals by pharmacies and hospitals and analyzes several cases His book is a valuable resource for scholars professionals trainees students and anyone interested in this increasingly important aspect of health care Issues and Trends in Nursing: Essential Knowledge for Today and Tomorrow Gayle Roux, Judith Halstead, 2009-10-07 Issues and Trends in Nursing synthesizes the scientific technical ethical and organizational issues that are essential for nurses to understand in order to work in today's ever evolving healthcare arena Arranged into four major units to provide a comprehensive examination of issues impacting the nursing metaparadigm person environment health and nursing this relevant timely text covers issues pertinent to everyday practice including safety confidentiality technology regulatory compliance and global health **Fundamentals of Nursing** Carol R Taylor, Pamela Lynn, Jennifer Bartlett, 2022-08-04 Trusted for its holistic case based approach Fundamentals of Nursing The Art and Science of Person Centered Nursing Care 10th Edition helps you confidently prepare the next generation of nursing professionals for practice This bestselling text presents nursing as an evolving art and science blending essential competencies cognitive technical interpersonal and ethical legal and instilling the clinical reasoning clinical judgment and decision making capabilities crucial to effective patient centered care in any setting The extensively updated 10th Edition is part of a fully integrated learning and teaching solution that combines traditional text video and interactive resources to tailor content to diverse learning styles and deliver a seamless learning experience to every student *HIV/AIDS Nursing Association of Nurses in AIDS Care*, American Nurses Association, 2007 *Foundations of Clinical Nurse Specialist Practice, Second Edition* Janet S.
