Transforming Or Reforming Capitalism John Loxley, 2007 Growing worldwide interest in community economic development has led to a blossoming of how to manuals as well as analyses of co

operatives development corporations gender financing etc Yet in all this discussion very little is said about the basic objective of CED Is it designed to fill holes left by capitalism or is it intended to replace it There is equally little on a theory of CED This book draws on several disciplines particularly economics sociology and political studies to assess the state of CED theory and to identify implicit issues for building that theory It emphasizes the necessity to draw theoretical insights from each discipline in the process howing the efficacy of interdisciplinary approaches It concludes with a discussion of both future theoretical directions and of what existing theory has to say about achieving a transformative CED pub website

Qualitative Interviewing Herbert J. Rubin,Irene Rubin,2005 The 2nd edition of this work has been completely rewritten to add new examples to better integrate the presentation of topics Readers will see how the choice of topic influences question wording how the questions asked influence the analysis **Race, Politics, and Community Development in U.S. Cities**

James Jennings,2004-07 As U S cities compete for economic resources many city leaders adopt business friendly policies which boost opportunities for big businesses and institutions in their area This progrowth strategy proposes to generate jobs for residents and higher tax revenues for local government As a result according to the logic of progrowth economic benefits will trickle down to improve the living conditions in working class and impoverished neighborhoods In spite of this strategy poverty rates among urban Latinos and Blacks is staggering even in cities that have pursued neoliberal policies These progrowth strategies seem to have had little or no impact on resolving problems like poverty unemployment homelessness and the alienation of youth from communities of color Community development has been and continues to be a response to these kinds of problems But local political struggles can determine the direction of community development towards neighborhood empowerment and representation of neighborhood interests versus community development on behalf of progrowth policies This issue of the ANNALS examines the interplay between progrowth politics community development and race It goes well beyond a broad brushstroke of the topic and examines several specific cities and how they have implemented these strategies and their impact on impoverished populations and race relations By using concrete examples the authors discuss how community development fits or does not fit within the framework of progrowth policies and politics The volume covers several important themes Community development is not politically neutral and must be discussed within a broad political economic and even global context Local politics play a major role in determining the direction nature and possibilities of community development A high level and sustained community participation is crucial for the representation of low income urban neighborhoods in cities pursuing progrowth policies Race remains a fundamental issue I city politics and influences the political interplay between progrowth strategies and community development Utilizing information and analysis across several disciplines this issue offers important research for students scholars and practitioners in areas of political science economics sociology urban studies and race relations **The Creation of a Community Land Trust**

Building and Community Development Gary Paul Green, Anna Haines, 2002 In *Asset Building and Community Development* Gary Paul Green and Anna Haines provide an engaging thought provoking interdisciplinary overview of the community development field They explore the history of the community development movement in the United States and in international settings Using an asset based approach that considers human physical social financial and environmental capital the authors skillfully demonstrate how local organizations are better able to meet community needs than governmental programs or market strategies

Urban Politics Bernard H. Ross, Myron A. Levine, 2005 *URBAN POLITICS POWER IN METROPOLITAN AMERICA* mixes the best classic theory and research on urban politics with the most recent developments in urban and metropolitan affairs Six fundamental themes guide the book the importance of private power and the rise of public private partnerships the continuing role of formal rules and structures of government the importance of external affairs and intergovernmental relations in the modern city commonalities and differences among Frostbelt and Sunbelt cities the complexity of racial issues and the effect of the new immigration and the importance of the gendered city

Community Organizing and Development Herbert J. Rubin, Irene Rubin, 2008 This revised edition of a well known and widely used text in community organizing and development fully examines the broad and changing political and social settings that influence actions while portraying the infra structure of social change the knowledge personnel and organizations that enable such work to be successfully accomplished The text brings together the practicalities of organizing and development fund raising working out news releases running an organization orchestrating political actions academic knowledge and explains why various approaches work as well as the values and ideologies that guide what is to be done It provides the foundations of organizing and development work and then describes how activists through following either a social confrontation model or an economic and social production approach can respond to economic and social problems
