Repercussions Of The Kalam In Jewish Philosophy:

Repercussions of the Kalam in Jewish Philosophy Harry Austryn Wolfson, 1979 In his monumental *Philosophy of the Kalam* the late Harry Wolfson truly the most accomplished historian of philosophy in our century examined the early medieval system of Islamic philosophy He studies its repercussions in Jewish thought in this companion book an indispensable work for all students of Jewish and Islamic traditions Wolfson believed that ideas are contagious but that for beliefs to catch on from one tradition to another the recipients must be predisposed susceptible Thus he is concerned here not so much with the influence of Islamic ideas as with Jewish elaboration adaptation qualification and criticism of them To this end he examines passages reflecting Kalam views by a wide variety of Jewish thinkers including Isaac Israeli Judah Halevi Abraham ibn Ezra and Maimonides As always in Wolfson's work two aspects are apparent the special dimensions of Jewish thought as well as its relation to other traditions And as always his prose is both graceful and precise

Bāztāb'hā-yi kalām-i Islāmi dar falsafah'i yahūdī Harry Austryn Wolfson, 'Alī Shāhbāzī, 2008 **Jesus the Jew in Christian Memory** Barbara U. Meyer, 2020-03-12 Shows how research and reflection on Jesus's Jewishness transforms contemporary Christian thought on memory otherness natality and law *The Philosophy of the Kalam* Harry Austryn Wolfson, 1976 Wolfson describes the body of doctrine known as the Kalam Kalam an Arabic term meaning speech and hence discussion was applied to early attempts in Islam to adduce philosophic proofs for religious beliefs It later came to designate a system of religious philosophy which reached its highest point in the eleventh century *St. Thomas Aquinas and Muslim Thought* Zulfīqār Alī Shāh, 2022 St Thomas Aquinas the most known medieval philosophical theologian the stalwart of scholasticism the Doctor of Church and one of the most influential figures in Western Christianity was greatly influenced by Muslim synthetic thought The gulf between reason and revelation faith and philosophy or Jesus and Aristotle were wider in Christianity than in Islam Aquinas bridged that gap with the help of Muslim philosophical thought This work highlights Aquinas intersections with the great Muslim philosophers and their impact upon his personality Aquinas widely quoted Muslim philosophers and theologians including Ibn Rushd Ibn Sina al Farabi al Ghazali and al Razi and acted upon their wisdom in many ways In the estimation of E Renan St Thomas owes practically everything to Averroes The likes of A M Giochon David Burrell and John Wippel among others asserted that Aquinas and his teacher Albert the Great were highly indebted to Ibn Sina Giochon noted that Avicenna was not only a source from which they all drew liberally but one of the principal formative influences on their thought He read Latin translations of their works and incorporated many of their ideas thoughts and arguments into his project Aquinas upbringing in Southern Italy and his geographical and intellectual affinity with Islamic civilisation played a significant role in his intellectual development His thirteenth century Christendom was fully engaged with Muslims on multiple levels His greater family was involved with the neighboring Muslims of Lucera and Apulia and in the army of Frederick II Medieval Christianity's transition from the Dark Ages was facilitated by Aquinas philosophical

theology which was also shaped by the translation of philosophical and scientific manuscripts from Arabic to Latin Aquinas was what he became partly due to these interfaith interactions which are laid bare for the first time in this revelatory new book

Karaite Judaism and Historical Understanding Fred Astren, 2004 Examines the changing relationship of this Jewish sect to rabbinic Judaism and the influence of Muslim and Christian environments Notions of history and the past contained in literature of the Karaite Jewish sect offer insight into the relationship of Karaism to mainstream rabbinic Judaism and to Islam and Christianity Karaite Judaism and Historical Understanding describes how a minority sectarian religious community constructs and uses historical ideology It investigates the proportioning of historical ideology to law and doctrine and the influence of historical setting on religious writings about the past In the present volume Fred Astren discusses modes of representing the past especially in Jewish culture and then poses questions about the past in sectarian particularly Judaic sectarian contexts He contrasts early Karaite scripturalism with the literature of rabbinic Judaism which embodying historical views that carry a moralistic burden draws upon the chain of tradition to suppose a generation to generation transmission of divine knowledge and authority Karaites in the medieval Islamic world eschewed historical thinking in concert with their rejection of the rabbinic concept of tradition One important medieval Karaite al Qirqisani however constructed a sophisticated historical argument as part of his philosophical exposition of Karaism demonstrating theological and philosophical strategies common in Islam and Christianity The center of Karaism shifted to the Byzantine Turkish world during the twelfth through sixteenth centuries when a new historical outlook unoblivious of the past accommodated legal developments influenced by rabbinic thought Reconstructing Karaite historical expression from both published works and previously unexamined manuscripts Astren shows that Karaites relied on rabbinic literature to extract and compile historical data for their own readings of Jewish history which they recorded in an encyclopedic literature similar to contemporary Byzantine Christian Orthodox writing Astren documents how as the Karaites moved toward a concept of tradition and echoed rabbinic historical formulations they developed a version of the chain of tradition to link archaic biblical history to their own community During the seventeenth and eighteenth centuries Karaite scholars in Poland and Lithuania collated and harmonized historical materials inherited from their Middle Eastern predecessors Astren portrays the way that Karaites with some influence from Jewish Renaissance historiography and impelled by features of Protestant Catholic discourse prepared complete literary historical works that maintained their Jewishness while offering a Karaite reading of Jewish history

Jewish Philosophical Polemics Against Christianity in the Middle Ages: With a New Introduction Daniel J. Lasker, 2007-04-26 This meticulously researched study is based on a comprehensive reading of all the major Jewish sources from the Geonic period in the ninth century until the dawn of the Haskalah in the late eighteenth century Its clearly written and carefully documented exposition of the philosophical arguments used by Jews to refute four central doctrines of Christianity trinity incarnation transubstantiation and virgin birth makes a major contribution to a relatively neglected area

of medieval Jewish intellectual history **Happiness in Premodern Judaism** Hava Tirosh-Samuelson, 2003-12-31 It is not common to think that Jews were interested in happiness or that Judaism has anything to say about happiness On the contrary the concept of happiness was a central concern of Jewish thinkers Hava Tirosh Samuelson shows that rabbinic Judaism regarded itself primarily as a prescription for the attainment of happiness and that the discourse on happiness captures the evolution of Jewish intellectual history from antiquity to the seventeenth century These claims make sense if one understands happiness as human flourishing on the basis of Aristotle's thought in the *Nicomachean Ethics* Linking virtue knowledge and well being Aristotle's analysis of happiness can be traced in Jewish understanding of human flourishing as early as the Greco Roman world but the fusion of Greek and Judaic perspectives on happiness reached its zenith in in the Middle Ages in the thought of Moses Maimonides and his followers Even the controversies about Maimonides ideas could be viewed as discussions about the meaning of happiness and the way to attain it within Judaism Much of this book then concerns the reception of Aristotle's *Ethics* in medieval Jewish philosophy This book shows how a certain notion of happiness reflects the intellectual culture of a given period including cultural exchanges among Judaism Islam and Christianity Demonstrating the discourse on happiness as a dramatic interplay between Wisdom and Torah between philosophy and religion between reason and faith Hava Tirosh Samuelson presents to specialists and non specialists alike a fascinating tour of Jewish intellectual history Judaism and the Doctrine of Creation Norbert M. Samuelson, 1994-11-24 The topic of this book is creation It breaks down into discussions of two distinct but interrelated questions what does the universe look like and what is its origin The opinions about creation considered by Norbert Samuelson come from the Hebrew scriptures Greek philosophy Jewish philosophy and contemporary physics His perspective is Jewish liberal and philosophical It is Jewish because the foundation of the discussion is biblical texts interpreted in the light of traditional rabbinic texts It is philosophical because the subject matter is important in both past and present philosophical texts and to Jewish philosophy in particular Finally it is liberal because the authorities consulted include heterodox as well as orthodox Jewish sources The ensuing discussion leads to original conclusions about a diversity of topics including the limits of human reason and religious faith and the relevance of scientific models to religious doctrine The Evolution of Jewish Monotheism David Michael Grossberg, 2025-02-27 Offers a fresh perspective on Jewish monotheism's evolution by narrating the history of the phrase God is one from antiquity to modernity Jewish Philosophy in the Middle Ages Raphael Jospe, 2009 Jewish Philosophy in the Middle Ages presents an overview of the formative period of medieval Jewish philosophy from its beginnings with Saadia Gaon to its apex in Maimonides when Jews living in Islamic countries and writing in Arabic were the first to develop a conscious and continuous tradition of philosophy The book includes a dictionary of selected philosophic terms and discusses the Greek and Arabic schools of thought that influenced the Jewish thinkers and to which they responded The discussion covers the nature of Jewish philosophy Saadia Gaon and the Kalam Jewish Neo Platonism Bahya ibn Paqudah Abraham ibn Ezra's philosophical

Bible exegesis Judah Ha Levi's critique of philosophy Abraham ibn Daud and the transition to Aristotelianism Maimonides and the controversy over Maimonides and philosophy *The Oxford Dictionary of the Jewish Religion* Adele Berlin, 2011 Hailed by Library Journal as the best ready reference access point to the Jewish religion and as essential by CHOICE in its First Edition The Oxford Dictionary of the Jewish Religion has been the go to resource for students scholars and researchers in Judaic Studies since its 1997 publication Now The Oxford Dictionary of the Jewish Religion Second Edition focuses on recent and changing rituals in the Jewish community that have come to the fore since the 1997 publication of the First Edition including the growing trend of baby naming ceremonies and the founding of gay lesbian synagogues Under the editorship of Adele Berlin nearly 200 internationally renowned scholars have created a new edition that incorporates updated bibliographies biographies of 20th century individuals who have shaped the recent thought and history of Judaism and an index with alternate spellings of Hebrew terms Entries from the previous edition have been revised new entries commissioned and cross references added all to increase ease of navigation research The Dictionary covers more than three millennia of Jewish religious thought custom law and practice from traditional approaches to Reform Conservative Reconstructionist and post denominational Judaism Brief definitions and longer essays all supplemented with bibliographies enlighten readers about the major figures folklore and events in the history of Judaism throughout the world **Studies in the Formation of Medieval Hebrew Philosophical Terminology** Reimund Leicht, Giuseppe Veltri, 2020-02-17 This volume contains studies based on papers delivered at the international conference of the PESHAT in Context project entitled Themes Terminology and Translation Procedures in Twelfth Century Jewish Philosophy The central figure in this book is Judah Ibn Tibbon He sired the Ibn Tibbon family of translators which influenced philosophical and scientific Hebrew writing for centuries More broadly the study of this early phase of the Hebrew translation movement also reveals that the formation of a standardized Hebrew terminology was a long process that was never fully completed Terminological shifts are frequent even within the Tibbonide family to say nothing of the fascinating terminological diversity displayed by other authors and translators discussed in this book *The Abbasid Caliphate* Tayeb El-Hibri, 2021-04-22 A history of the Abbasid Caliphate from its foundation in 750 and golden age under Harun al Rashid to the conquest of Baghdad by the Mongols in 1258 this study examines the Caliphate as an empire and an institution and its imprint on the society and culture of classical Islamic civilization *The Microcosm of Joseph Ibn Saddiq* Joseph ben Jacob Ibn Zaddik, Jacob Haberman, 2003 Divided into four small treatises In treatise I the author enumerates the four sources of knowledge In treatise II the author discusses psychological and physiological matters The last two treatises of The Microcosm includes an informative introduction by the editor as well as an appendix of Saddiq's original Hebrew text *Reading Hobbes Backwards* Patricia Springborg, 2024-10-16 Reading Hobbes Backwards treats Thomas Hobbes 1588 1679 as a peace theorist who from early manuscripts of his system made by disciples in England and France to the late *Historia Ecclesiastica* saw sectarianism and

Trinitarian doctrines supporting the papal monarchy as the ultimate cause of the punishing religious wars of the post Reformation But Hobbes was also indebted to scholasticism and the millennia old Aristotle commentary tradition Greek Byzantine Jewish and Islamic surviving in the universities of Paris and Oxford naming his English *Politiques Leviathan* after the scaly monster of the Book of Job perhaps as a decoy Politically connected through Cavendish circles and the Virginia Company Hobbes was a courtier's client who until *Leviathan* could not speak in his own voice Adept at political surrogacy he authored satires and burlesques which he could own or disown while promoting the moral education of classical civic humanism against sectarianism The Appendix provides a synopsis of his relatively inaccessible Latin Church History an exercise in clandestine philosophy from which Hobbes's intentions in *Leviathan* can be read off Chapters are referenced and cross referenced to be read independently serving both as reference work and text book

Torah and Sophia Raphael Jospe, 1988-12-31 The century following the death of Maimonides 1204 witnessed widespread upheaval and turmoil as anti rationalist Jews attempted to ban the study of philosophy For such rationalist philosophers as Shem Tov ibn Falaquera c 1225 1291 however Judaism could not be restricted to the confines of the spiritual and intellectual ghetto the free minds of Jews could not be shackled in the name of Judaism In many respects Falaquera epitomizes the way in which philosophy succeeded in finding a home in Judaism in the Middle Ages The pioneering philosophical efforts of earlier luminaries made an enduring impact on the course of Jewish history and the religious and intellectual life of the Jewish people through their Hebrew translation and cultural consolidation at the hands of Jewish philosophers like Falaquera As a prolific Hebrew poet translator popularizer of science and philosophy encyclopedist defender of Maimonides Bible commentator historian of philosophy and philosopher in his own right Falaquera

manifested a loving commitment to both Torah and secular wisdom hokhmah Sophia and the conviction that both Torah and Sophia ultimately must be in harmony if not identical Raphael Jospe s exhaustive study of the life and thought of Shem Tov ibn Falaquera provides students of medieval Jewish and Islamic philosophy for the first time with a systematic and comprehensive presentation of Falaquera s philosophy Reflecting Falaquera s own philosophic and curricular priorities the book focuses in particular depth on his psychology in light of and in comparison to his Arabic sources In the tradition of scholarly text analysis the book also offers a critical Hebrew edition and annotated English translation of Falaquera s systematic psychological study Sefer Ha Nefesh Book of the Soul as well as a critical and annotated edition of his previously unpublished ethical work Shelemut Ha Ma asim Perfection of Actions and also for the first time the surviving fragments with English translation of Falaquera a Bible commentary
