## Report From The Border:

Illegal immigration status of southwest border strategy implementation : report to congressional committees , India's Approach to Border Management Pushpita Das,2022-12-29 This book attempts to provide a comprehensive understanding of the circumstances which have shaped India's approach towards its international borders and the framework it has developed to better manage its borders The book argues that persistence of various cross border threats and challenges and an absence of robust intra regional trade among its neighbouring countries forced India to employ a security centric and unilateral approach to border management with emphasis on hardening the borders to cross border trade and travel and keeping the border areas underdeveloped to act as a buffer against external conventional threats Besides discussing the threats and challenges that India faces along the borders the book aims to develop an understanding of India's border management practices by analysing various programmes and initiatives such as the raising of border guarding forces building of physical and electronic fences the establishment of modern facilities for smoothening legitimate cross border travel the development of the border areas through special programmes and increasing trade and connectivity as well as other cooperative bilateral mechanisms Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan *House of Commons - Home Affairs Committee: The Work of the UK Border Agency (January-March 2013) - HC 616* Great Britain: Parliament: House of Commons: Home Affairs Committee,2013-11-08 The Border Agency backlogs by the time it was wound up had fallen to 432 000 However most of the 70 400 reduction was achieved by simply loading pending cases onto the computer and in some categories such as those applying for further leave to remain on the basis of marriage or civil partnership the backlog had actually grown The Committee has no objection in principle to the introduction of a charge for access to the National Health Service for those who are in the UK only temporarily However it expresses concerns about the possible application of the scheme to vulnerable people who have been trafficked into the country and recommends that the Government should pilot an alternative option for visa applicants to take out private health insurance instead This has been a chaotic summer for immigration policy First we had the controversial AdVans which were rightly ridiculed and then it was revealed that Capita had botched the contract to clear the migration refusal pool by asking British citizens to leave their own country Finally we saw a u turn on visa bonds however the uncertainty has already done damage A more effective and less menacing message would be that the Government is willing and able to support those who are here illegally to return home if they want to Tough enforcement action should be taken against those who are determined to remain here illegally but for the target audience of potential voluntary returners the effectiveness of the carrot is potentially undermined by the ostentatious brandishing of the stick **Immigration Border Patrol** United States.
