**Companion to Contemporary Black British Culture** Alison Donnell, 2002-09-11. The *Companion to Contemporary Black British Culture* is the first comprehensive reference book to provide multidisciplinary coverage of the field of black cultural production in Britain. The publication is of particular value because, despite attracting growing academic interest in recent years, this field is still often subject to critical and institutional neglect. For the purpose of the *Companion*, the term black is used to signify African Caribbean and South Asian ethnicities, while at the same time addressing the debates concerning notions of black Britishness and cultural identity. This single volume *Companion* covers seven intersecting areas of black British cultural production since 1970: writing, music, visual and plastic arts, performance, works, film and cinema, fashion and design, and intellectual life. With entries on distinguished practitioners, key intellectuals, seminal organizations, and concepts, as well as popular cultural forms and local activities, the *Companion* is packed with information and suggestions for further reading, as well as offering a wide lens on the events and issues that have shaped the cultural interactions and productions of black Britain over the last thirty years. With a range of specialist advisors and contributors, this work promises to be an invaluable sourcebook for students, researchers, and academics interested in exploring the diverse, complex, and exciting field of black cultural forms in postcolonial Britain.

**Parachute Women** Elizabeth Winder, 2023-07-11. Discover the true story of the four women who worked tirelessly behind the scenes to help shape and curate the image of The Rolling Stones, perfect for fans of *Girls Like Us*. The Rolling Stones have long been considered one of the greatest rock and roll bands of all time. At the forefront of the British Invasion and heading up the counterculture movement of the 1960s, the Stones' innovative music and iconic performances defined a generation, and fifty years later, they're still performing to sold-out stadiums around the globe. Yet, as the saying goes, behind

every great man is a greater woman and behind these larger than life rockstars were four incredible women whose stories have yet to be fully unpacked until now In Parachute Women Elizabeth Winder introduces us to the four women who inspired styled wrote for remixed and ultimately helped create the legend of the Rolling Stones Marianne Faithfull Marsha Hunt Bianca Jagger and Anita Pallenberg put the glimmer in the Glimmer Twins and taught a group of straight laced boys to be bad They opened the doors to subterranean art and alternative lifestyles turned them on to Russian literature occult practices and LSD They connected them to cutting edge directors and writers won them roles in art house films that renewed their appeal They often acted as unpaid stylists providing provocative looks from their personal wardrobes They remixed tracks for chart topping albums and sometimes even wrote the actual songs More hip to the times than the rockers themselves they consciously and unconsciously kept the band current and confident with that mythic lasting power they still have today Lush in detail and insight and long overdue Parachute Women is a group portrait of the four audacious women who transformed the Stones into international stars but who were themselves marginalized by the male dominated rock world of the late 60s and early 70s Written in the tradition of Sheila Weller's Girls Like Us it's a story of lust and rivalries friendships and betrayals hope and degradation and the birth of rock and roll Reading in Indianapolis ,2000-04
