J. O'Rourke, 2007-12-01 Writings from the old school Republican and New York Times bestselling author of How the Hell Did This Happen Hilarious Christopher Buckley author of Thank You for Smoking In this collection of pieces the outrageous political satirist renowned for such classics as Parliament of Whores takes on a wide range of cultural and political issues and explains the platform of the Republican Party Reptile I think our agenda is clear We are opposed to government spending Kennedy kids seat belt laws busing our children anywhere other than Yale trailer courts near our vacation homes all tiny Third World countries that don t have banking secrecy laws aerobics the UN taxation without tax loopholes and jewelry on men We are in favor of guns drugs fast cars free love if our wives don t find out a sound dollar and a strong military with spiffy uniforms There are thousands of people in America who feel this way especially after three or four drinks If all of us would unite and work together we could give this country well a real bad hangover To say that P J O Rourke is funny is like saying the Rocky Mountains are scenic accurate but insufficient At his best he s downright exhilarating Republican Party Reptile is as rambunctiously entertaining as a greased pig catching contest If you can find a funnier writer than P J O Rourke buy him a brandy but don t lend him the keys to your pickup Chicago Tribune The Accidental Life Terry McDonell, 2017-07-11 An Amazon Best Book of 2016 A celebration of the writing and editing life as well as a look behind the scenes at some of the most influential magazines in America and the writers who made them what they are You might not know Terry McDonell but you certainly know his work Among the magazines he has top edited Outside Rolling Stone Esquire and Sports Illustrated In this revealing memoir McDonell talks about what really happens when editors and writers work with deadlines ticking or drinks on the bar His stories about the people and personalities he s known are both heartbreaking and biting funny playing acid golf with Hunter S Thompson practicing brinksmanship with David Carr and Steve Jobs working the European fashion scene with Liz Tilberis pitching TV pilots with Richard Price Here too is an expert s practical advice on how to recruit and keep high profile talent what makes a compelling lede how to grow online traffic that translates into dollars and how in whatever format on whatever platform a good editor really works and what it takes to write well Taking us from the raucous days of New Journalism to today s digital landscape McDonell argues that the need for clear storytelling from trustworthy news sources has never been stronger Says Jeffrey Eugenides Every time I run into Terry I think how great it would be to have dinner with him Hear about the writers he s known and edited over the years what the magazine business was like back then how it s changed and where it s going inside info about Edward Abbey Jim Harrison Annie Proulx old New York and the Swimsuit issue That dinner is this book The Transport Debate Jon Shaw, Iain Docherty, 2014-01-07 At a time when transport is high on the political agenda and government decision making is being

vigorously scrutinised there is a need for an incisive and accessible analysis of the key policy issues This book is a highly readable introduction to the transport debate from two experts in the field The authors celebrate the advantages of a modern transport system but argue that years of poorly conceived and executed transport policy have resulted in Britain's transport system being far worse than it should be They show that a substandard transport system creates economic social and environmental costs but demonstrate how these can be addressed through affordable and politically deliverable changes Using a refreshingly novel approach Shaw and Docherty use the familiar idea of the journey as the basis for their discussion The book follows members of the Smith family as they uncover a wide array of transport issues including why the problems we all encounter as we travel around actually come about which policy trade offs were responsible for creating them in the first place what impacts we all have to suffer as a result and what we can do to fix them This lively and engaging approach will make the book ideal for a wide readership
