Requiem A Hallucination:

Requiem Antonio Tabucchi, 1994 Waiting for a friend on a hot July day in Lisbon the narrator encounters a world pulsing with life and vigour *Requiem* Antonio Tabucchi, 1994 A private meeting chance encounters and a mysterious tour of Lisbon in this brilliant homage to Fernando Pessoa *Requiem* Antonio Tabucchi, 2014-02-01T00:00:00+01:00 Questo un libro a suo modo assurdo Perch qui Antonio Tabucchi da sempre innamorato del Portogallo fa una capriola letteraria e scrive la sua Lisbona con l'unica lingua che poteva restituirle il giusto sapore Compie un trasloco linguistico e ci conduce al paradosso di leggere la traduzione italiana dell'opera in portoghese di un autore italiano Certo un trasloco che si porta dietro delle conseguenze degli inciampi E infatti il protagonista di questa storia si trova catapultato in una Lisbona torrida e deserta senza sapere come n perch Solo una cosa sa che a mezzanotte dovr incontrare un fantasma Nelle dodici ore che lo separano dall'appuntamento inizia a muoversi in uno stato sospeso tra sogno e realt attraverso associazioni dell'inconscio che lo portano da una parte all'altra della citt Ma il suo andare dilata il tempo lo spazio delle ore si espande e accoglie i ricordi del passato tutto mescola tutto allucina E la soglia tra morte e vita sfuma si posa leggera sull'orizzonte lontano del mare Una lettura spiazzante a tratti inquietante e a tratti dolcissima dove Tabucchi fa mostra di una finezza ineguagliata nell'omaggiare il paese e la lingua che erano per lui luogo di affetto e di riflessione La notte calda la notte lunga la notte magnifica per ascoltare storie

The STEAM Revolution Armida de la Garza, Charles Travis, 2018-10-24 This volume is dedicated to collaborative research across STEM disciplines the arts and humanities It includes six sections framed from a global perspective and exhibits contributions from key experts in the field emerging scholarly voices and STEAM practitioners The added value of STEAM projects in research is highlighted in the first section of this book Ranging from the spatial medical and environmental humanities to heritage science this section discusses the course and paths STEAM projects may evolve to in the near future The second section features reflective essays by scientists and artists on the development of their research their professional growth and personal learning experiences that the art science collaborations have afforded their work and careers Sections III and IV provides practical guidance and advice on facilitating STEAM teams and describe successful collaborative projects By presenting the objectives and outcomes of relevant research the chapters in these sections discuss the various steps taken by different teams to achieve project fruition Paying particular attention to barriers inhibiting STEAM collaboration these sections also explore the ways in which research teams were able to work effectively The fifth section presents a review of policy issues and the potential impacts of STEAM research for administrators funders and policy makers In its pursuit for balance and inclusion the volume concludes with a critical reflection on STEAM that argues a different perspective and will prove food for thought to readers

The Cambridge Companion to Modern Italian Culture Zygmunt G. Barânski (ed), Rebecca J. West, 2001-08-16 This collection of essays provides a comprehensive account of the culture of modern Italy Contributions focus on a wide range of political historical

and cultural questions The volume provides information and analysis on such topics as regionalism the growth of a national language social and political cultures the role of intellectuals the Church the left feminism the separatist movements organised crime literature art design fashion the mass media and music While offering a thorough history of Italian cultural movements political trends and literary texts over the last century and a half the volume also examines the cultural and political situation in Italy today and suggests possible future directions in which the country might move Each essay contains suggestions for further reading on the topics covered The Cambridge Companion to Modern Italian Culture is an invaluable source of materials for courses on all aspects of modern Italy

Crime Scenes ,2021-11-01 The essays in this collection are based on papers given at a conference on detective fiction in European culture held at the University of Exeter in September 1997 The range of topics covered is designed to show not only the presence and variety of narratives of detection across different European countries and their different media although there is a predictable emphasis on the novel It also illustrates the fertility of the genre its openness to a spectrum of readings with different emphases formal as well as thematic Approaches to detective fiction have often tended to confine them selves to symptomatic interpretation where details of the fictional world represented are used to diagnose a specific set of social preoccupations and priorities operative at the time of writing Such approaches can yield valuable insights Nonetheless there is a risk of limiting the value of the genre as a whole solely to its role as a mirror held up to society In this perspective issues of structure and style are sidelined or if addressed are praised to the extent that they approach invisibility concision sparseness realism are the qualities singled out for praise The genre also gives much scope for formal innovation and indeed has often attracted already established mainstream writers and filmmakers for just this reason The eclectic diversity of the detective narratives considered in this volume reveal the malleability of the traditional constraints of the genre The essays bear rich testimony to the value of considering the interplay of thematic and structural issues even in the most apparently unselfconscious and popular or populist forms of narrative The patterns of reassurance the triumph of intellect and the ordered rational world of old are now challenged by the need to foreground the problems ambiguities and uncertainties of the self and of society The plurality of meanings and the antithetical imperatives explored in these detective narratives confirm that the most recent forms of the genre are not mere palimpsests of their golden age precursors The subversion of traditional expectations and the implementation of diverse stylistic devices take the genre beyond mere homage and pastiche The role of the reader spectator and critic in conferring meaning is a crucial one

Differences, Deceits and Desires Mirna Cicioni,Nicoletta Di Ciolla,2008 Italian crime fiction known as gialli in Italy has developed from a popular genre to a fully fledged literary genre and in the past thirty years it has gradually become the focus of growing interest from literary critics as well as the reading public This collection of twelve essays is the first one in English to deal exclusively with Italian crime fiction The essays are scholarly yet accessible contributions to the growing research in this field They analyze texts by well known authors such as Umberto Eco Leonardo

Sciascia and Andrea Camilleri as well as works by younger writers They bring together four of the most significant strands of Italian gialli the way gialli develop or subvert the tradition and conventions of the crime genre regional specificity within Italian crime fiction gialli by and about women lesbians and gay men and representations of Italy in gialli written by English speaking writers

Pessoa's Geometry of the Abyss Paulo De Medeiros,2017-07-05 Fernando Pessoa wrote prolifically in many genres until his untimely death in 1935 and he has long been widely recognized as Portugal s most influential twentieth century writer The publication of the Book of Disquiet in 1982 however caused a seismic change in the appreciation of his work and its place in Modernism In that great and vast collection of fragments Pessoa firmly established his place among the canon of European modernists and radically questioned many of Modernity s assumptions Alain Badiou for example has argued that philosophers are not yet able to assimilate Pessoa s thinking Paulo de Medeiros s new study one of the first to be dedicated to the Book of Disquiet takes up that challenge exploring the text s connections with photography film politics and textuality itself and developing comparisons with D H Lawrence Walter Benjamin and Franz Kafka Paulo de Medeiros is Professor of Modern and Contemporary World Literatures in the Department of English and Comparative Literary Studies at the University of Warwick

Proteus George Ferzoco,2020-07-09 Since Ovid the concept of metamorphosis has been an irresistible temptation for writers not only as a metaphor for shifting personal identity but as a way of exploring ideas of cultural and political transition The essays in this volume show how authors from Ovid Chaucer and Shakespeare to Thomas Mann Karen Blixen and 20th century science fiction writers have used this pervasive concept to raise fundamental questions about the nature and agency of radical change Among the broad topics addressed are how shifts in scientific understanding intersect with and even effect transformations in literary expression the differing values attached to the language of metamorphosis over time and the connection between these values and structures of power particularly gender relations In addition to the editors the contributors are Darko Suvin Alessandro Perutelli Elsa Linguanti Douglas Burnham Enrico Giaccherini Lia Pacinotti Michael St John Rocco Coronato Silvia Bruti Elisabetta Cori Judith Rorai Milanesi Catherine Burgass Luca Biagiotti Stefania Magnoni Daniel Weavis Julian North Ashley Chantler Martin Halliwell Patrick Quinn Roberta Ferrari Silvia Bigliazzi and Nicoletta Caputo

The Rough Guide to Portugal Mark Ellingham,John Fisher,Graham Kenyon,Matthew Hancock,Jules Brown,2007-04-05 The Rough Guide to Portugal is your ultimate handbook to one of Europe s most beautiful countries From the wine lodges of Porto and the famous resorts of the Algarve to Lisbon s vibrant nightlife and the historic city of vora this guide captures all of Portugal s highlights in a f introduction There are lively accounts of all the attractions both well known sights and lesser known local gems The top hotels resorts bars and restaurants are all uncovered in the detailed listings section with the new Author s Pick feature highlighting the very best options There are plenty of practical tips on a host of outdoor activities from hiking and surfing to exploring the country s stunning national parks The guide also looks at Portugal s history and local culture and comes complete with maps and plans for every region The Rough Guide to
