another in a jousting match on a field of battle Thus the obstacle course analogy successful knights would overcome all obstacles i e all rival knights in the way of a victory for their lord of the manor Each knight would be identified by distinctive insignia coat of arms that was unique to his lord that way each knight could tell friends from foes This was an exciting but dangerous life and knights were the heroes of the story as in the Legend of King Arthur and the Knights of the Round Table or in John Bunyan s Christian book Pilgrim s Progress Contrast this with the metaphor for life and living under modern industrial society where there is a widespread feeling of isolation even in the midst of many What is the reason for this feeling of isolation and alienation Could it be that it stems from the nature of work or the workplace interacting alone with a computer screen or the rules and laws governing interpersonal relations of people living in communities a don t touch me society or sometimes over reliance on passive forms of entertainment which connects people to the medium but disconnects people from each other Is there any metaphor for the new problem situation facing people in our modern industrial society namely alone and lonely You may have heard of the story of the famous shipwrecked sailor Robinson Crusoe book by Daniel Defoe marooned all by himself on an uncharted desert island Who made the best of his situation by building things to satisfy all his physical economic needs Much like we have built an economy that satisfies all our physical needs Crusoe did not stop there he went on to satisfy his spiritual needs by noting all the marvels of nature and narrow escapes from storms that made him believe that providence was on his side converting him to Christianity Then providence did him another good turn A cannibal by the name of Man Friday was fortuitously left on the island by an accident of fate and Robinson now had a companion whom he educated into Christianity from his heathen uncivilized ways The functional role that Man Friday fulfilled for Robinson his best friend in many ways bears a resemblance to the the role of pets especially that most loyal of pets the dog play as friends for people in isolated modern society If Man Friday was Robinson Crusoe s loyal best friend then could we not with justification say that for people esp isolated ones dogs likewise serve as man s best friends and loyal companions Thus our need to love and be loved even when we are denied the real thing a person to call our own has a way of going underground and finding the next best substitute for the real thing which oftener than not turns out to be a beloved pet s Dog may not be quite as desirable as a human partner but given that so many people have no human partners dog has in effect become man s best friend It is to be hoped that we humans reciprocate by also being dog s best friend Knowing that genuine love is always a two way street

Rescue Dog Ann Stead, 2014-11-30 Many people believe that rescue dogs are troubled, traumatised strays with long-lasting problems. While this view may be true in some instances, the majority of dogs in rescue centres are there because their previous owners have simply abandoned them. Every year, new homes are found for thousands of these rescue dogs by dedicated charities, but in order to make this rehoming a success, the new owners need considerable knowledge, patience, and understanding. *The Rescue Dog* takes the reader through each stage of the rehoming process, from choosing a dog to preparing the home and garden and settling the dog into its new life. With chapters which examine the elderly dog, puppies, avoiding misunderstandings, training, and common concerns, the authors have produced a fully informative and practical guide. Topics covered include: Where to go to find a rescue dog and what to expect; The early days when the dog is settling into its new home; Canine requirements; Common behavioural concerns; Children and dogs. This invaluable book offers new owners a practical guide to responsible ownership and is illustrated throughout with 143 colour photographs and diagrams.
