Lokesh Muni Kumar, 2023-11-25 Consumer Behavior towards Dairy and Soft Drink Beverages India is now known as the Oyster of the global dairy and soft drink beverage industries It provides a plethora of options for companies throughout the world who want to cash in on one of the

world's largest and fastest growing marketplaces for milk and soft drinks The Indian dairy and soft drink beverage business is constantly expanding attempting to keep up with the world's rapid advancement The dairy industry and soft drink beverages are major in India The dairy industry is a good complement to agriculture and can help vegetarians acquire more protein in their diet The dairy industry has grown in importance as a source of rural employment and revenue in recent decades

Demarketing Nigel Bradley, Jim Blythe, 2013-10-23 We all understand the basic principles underpinning marketing activity to identify unfulfilled needs and desires and boost demand for the solutions a product is offering The mantra is always sell more De marketing tries for the very opposite Why would a company actively try to decrease demand There are many good reasons to do so a firm cannot supply large enough quantities or wants to limit supply to a region of narrow profit margin Or crucially to discourage undesirable customers those that could be bad for brand reputation or in the case of the finance sector high risk De marketing can yield effective solutions to these issues effectively curtailing demand yet crucially not destroying it Nevertheless the fundamental negativity of de marketing strategies often causes organisations to hide them from view and as a result they are rarely studied This then is the first book to cast light on the secretive counterintuitive world of de marketing deconstructing its mysteries and demonstrating how to incorporate them into a profit driven marketing plan A selection of thought leaders in strategic marketing mix theory with illustrative global cases providing insight into how these strategies have been employed in practice and measuring their successes and failures It's a must read for any student or researcher that wants to think differently about marketing
