EBOOK: Disseminating Qualitative Research in Educational Settings Christina Hughes, 2003-11-16 This book is a useful addition to the growing literature in the field of educational research methodology and offers a lively and very unusual introduction to an aspect of research which has so far received little attention It is particularly helpful in drawing on experience across the educational landscape including adult and lifelong education as well as schools based work For this very reason it will be a very valuable resource for a broad audience Studies in the Education of Adults The processes and practices of the dissemination of research findings are exceptionally neglected fields in the research methods literature Yet disseminating and using our findings are significant reasons why we undertake research Organised in three parts this text provides an accessible critically informed and up to date overview of key aspects of dissemination In so doing this text provides a critical review of contemporary policy and dissemination models in education contains a series of case studies produced by internationally respected researchers in a range of educational fields Drawing on their extensive experiences of

dissemination these case studies illuminate how dissemination acts proceed in qualitative research projects They also illuminate the dilemmas facing qualitative researchers who strive to disseminate their work Enables researchers to develop informed practice in respect of disseminating research in a range of educational settings *Theoretical and Methodological Approaches to Social Sciences and Knowledge Management* Asunción Lopez-Varela Azcárate,2012-08-16 This is a unique and groundbreaking collection of questions and answers coming from higher education institutions on diverse fields and across a wide spectrum of countries and cultures It creates routes for further innovation collaboration amidst the Sciences both Natural and Social the Humanities and the private and public sectors of society The chapters speak across sociocultural concerns education welfare and artistic sectors under the common desire for direct responses in more effective ways by means of interaction across societal structures **Journal of International Students, 2019 Vol. 9 No. 1** Krishna Bista,Chris Glass,2018-12-31 The Journal of International Students JIS is a quarterly publication on international education JIS is an academic interdisciplinary and peer reviewed publication Print ISSN 2162 3104 Online ISSN 2166 3750 indexed in major academic databases The journal publishes scholarly peer reviewed articles on international students in tertiary education secondary education and other educational settings that make significant contributions to research policy and practice in the internationalization of education worldwide We encourage the submission of manuscripts from researchers and practitioners around the world from a myriad of academic fields and theoretical perspectives including international education comparative education human geography global studies linguistics psychology sociology communication international business economics social work cultural studies and other related disciplines **Journal of International Students 2019 Vol 9 Issue 1** STAR Publications,2019-02-26 Journal of International Students JIS is a quarterly publication on international education JIS is an academic interdisciplinary and peer reviewed publication Print ISSN 2162 3104 Online ISSN 2166 3750 on international student affairs The journal publishes narrative theoretical and empirically based research articles student and faculty reflections study abroad experiences and book reviews relevant to international students and their cross cultural experiences and understanding in international education **Interdisciplinary Reflections on the Interplay between Religion, Film and Youth** Anita Cloete,2019-07-31 The relationship between the media and religion in a contemporary world is not only obvious but also complex In a culture that increasingly focuses on visual media film plays a salient role in forging notions of identity and creates a sense of community in younger generations In this book an interdisciplinary team of scholars delve deep into the relationship amongst younger individuals from different countries universities and disciplines as well the influence of film on their developing worldview The publication ultimately portrays the media as an agent of cultural and religious change underscoring the necessity of critical contextual and interdisciplinary reflection on the interplay between the media and religion **Duoethnography** Richard D. Sawyer,Joe Norris,2013 Duoethnography is a collaborative research methodology in which two or more researchers engage in a dialogue on their

disparate histories in a given phenomenon Their goal is to interrogate and re conceptualize existing beliefs through a conversation that is written in a play script format The methodology of duoethnography serves as the focus of this book Duoethnography facilitates stratified nested auto ethnographic accounts of a given research context or question designed to emphasize the complex reflexive and aesthetic aspects of both the work in process and the product As a curriculum and a research method duoethnography explores two seminal issues representation in qualitative research how to represent findings when findings are created within a dynamic phenomenological text and praxis how research contributes to a sense of personal change Duoethnography allows researchers to explore their hybrid identities and to see how their lives have been situated socially and culturally Recent duoethnographic studies have examined a range of topics including forms of institutionalized racism beauty post colonialism multicultural identity construction and professional boundaries between patient and practitioner in mental health professions Navigating Multiculturalism Dawn Zinga,2021-04-16 This provocative volume explores multiculturalism from different disciplinary perspectives as well as examining the associated issues from the perspectives of various countries It considers how multiculturalism has been defined and the various meanings that the term holds while also focusing on the realities faced in different societal contexts The authors address difficult and at times divisive questions about race ethnicity and identity This collection challenges readers to examine their own perceptions of multiculturalism and to consider how the perspectives in this volume can inform their thinking By examining the issues from different perspectives the authors have encouraged individuals to consider how to navigate multiculturalism and negotiate change *Parental Involvement and Self-Concept of Higher Secondary Students in Relation to Their Achievement in Mathematics - A Comparative Analysis* Dr. Jeyanthi Subrahmanyam,2021-06-08 EDUCATION Education is a life long learning process of an individual for a meaningful life in the world Only with the help of education the man may be a civilized and cultured individual Different educationists interpreted the term Education differently Tagore remarks Education means entering the mind to find out that ultimate truth which emancipates us from the bondage of the dust and gives us the wealth not of things but of inner light not of the power but of love making this truth its own and giving expression to it Conenius says All those who are born as human beings need education because they are destined to be real men not wild beasts dull animals and clumps of wood Regunath Safaya 1994 P 5 John Dewey defines Education is the process of living through a continuous reconstruction of experiences It is the development of all those capacities in the individual which will enable him to control his environment and fulfill his responsibilities Regunath Safaya 1994 P 5 Assessment Essentials for Standards-Based Education James H. McMillan,2008-04-16 Proven techniques for integrating assessment with teaching and learning Demonstrating how to use assessment successfully to achieve broad educational goals this user friendly resource helps teachers administrators and other school personnel understand how to apply essential assessment concepts in their schools In this updated guide James H McMillan offers examples from K 12 classrooms and illustrates how

educators can create the critical feedback loop that reveals what students know what to teach next and which methods best assess student learning The second edition of *Essential Assessment Concepts for Teachers and Administrators* shows teachers how to effectively incorporate the assessment process with teaching and learning for both classroom focused assessments and externally mandated standardized tests The author discusses the principles of testing including validity reliability and fairness and helps educators Develop high quality summative and formative assessments Understand and use data to improve assessment and learning Prepare students for state and national standardized tests *Assessment Essentials for Standards Based Education Second Edition* features two new chapters covering different assessment techniques and methods including constructed response and closed end assessments and grading practices in the context of standards based education

The SAGE Handbook of Qualitative Data Analysis Uwe Flick, 2013-12-18 The wide range of approaches to data analysis in qualitative research can seem daunting even for experienced researchers This handbook is the first to provide a state of the art overview of the whole field of QDA from general analytic strategies used in qualitative research to approaches specific to particular types of qualitative data including talk text sounds images and virtual data The handbook includes chapters on traditional analytic strategies such as grounded theory content analysis hermeneutics phenomenology and narrative analysis as well as coverage of newer trends like mixed methods reanalysis and meta analysis Practical aspects such as sampling transcription working collaboratively writing and implementation are given close attention as are theory and theorization reflexivity and ethics Written by a team of experts in qualitative research from around the world this handbook is an essential compendium for all qualitative researchers and students across the social sciences

Migration, Indigenization, and Interaction Leo Suryadinata, 2011 The twelve chapters included in this book address various issues related to Chinese migration indigenization and exchange with special reference to the era of globalization As the waves of Chinese migration started in the last century the emphasis not surprisingly is placed on the migrant states rather than indigenous states Nevertheless many chapters are also concerned with issues of settling down and becoming part of the local scenes However the settling integrating process has been interrupted by a globalizing world new Chinese migration and the rise of China at the end of 20th century

Handbook of Research on Institutional, Economic, and Social Impacts of Globalization and Liberalization Bayar, Yilmaz, 2020-11-06 Globalization is a multi dimensional concept reflecting the increased economic social cultural and political integration of countries There has been no pinpointed consensus on the history of globalization however the globalization process has gained significant speed as of the 1980s in combination with liberalization Many countries have removed or loosened barriers over the international flows of goods services and production factors In this context both liberalization and globalization have led to considerable institutional economic social cultural and political changes in the world The liberalization and globalization processes have affected economic units institutions cultures social lives and national and international politics The Handbook of Research on Institutional Economic

and Social Impacts of Globalization and Liberalization provides a comprehensive evaluation of the institutional economic and social impacts of globalization and liberalization processes across the world. While highlighting topics like economics, finance, business, and public administration, this book is ideally intended for government officials, policymakers, practitioners, stakeholders, researchers, and academicians interested in the international impacts of globalization and liberalization across a variety of different domains.
