Hertel, 2016-08-09 Based on a novel class scheme

and a unique compilation of German and American data this book reveals that intergenerational class mobility increased over most of the past century While country differences in intergenerational mobility are surprisingly small gender regional racial and ethnic differences were initially large but declined over time At the end of the 20th century however mobility prospects turned to the worse in both countries In light of these findings the book develops a narrative account of historical socio political developments that are likely to have driven the basic resemblances across countries but also account for the initial decline and the more recent increase in intergenerational inequality

Social Justice in Human Relations Volume 2 Herman Steensma, Riël Vermunt, 2013-06-29 Justice plays an important role in our culture The topic of justice has attracted the attention of scholars all over the world Beginning in 1985 a continuing series of international conferences on social justice in The Netherlands at which scientists present and discuss started papers exchange information and choose new roads to theory building In this volume a selection of papers presented at the International Conference on Social Justice in Human Relations Leiden 1986 is published There has been some refinement and improvement thanks to the comments made by experts in the field The chapters in this volume represent second and in some cases even third or fourth versions of the papers As organizers of the conference and editors of this volume we hope that the reader will be pleased by the content and the high quality of the chapters There is some diversity but there also are some common themes We have organized the chapters with respect to what we think are two important themes 1 behavioral and attitudinal reactions to injustice and 2 macrojustice These categories are not mutually exclusive for some chapters could have been placed in both categories Still we think the distinction between these themes has value

Bourdieu and Education Diane Reay, 2020-04-28 Specially selected by Diane Reay this is a collection of innovative and thought provoking recently published papers that use Bourdieu to put theory into practice in order to understand and analyse educational problems Bourdieu's work is renowned for its focus on inequalities and its centering of social justice The contributions utilise a wide range of diverse concepts in Bourdieu's theoretical tool kit and address educational inequalities across different aspects of the educational system from higher education and parental choice of schooling to teachers professional development and the PE classroom Illuminating key aspects of Bourdieu's scholarship they reveal how good Bourdieu is for thinking with illustrate the merits of reflexivity the move beyond binary ways of reading the social world and demonstrate the significance of power in any analysis of education The chapters in this book were all originally published as articles in Taylor and Francis journals
