Marlow emphasizes this link between research and practice. She focuses on the relevance of research methods within agency work where most social work graduates will be employed rather than strictly an academic setting. With a focus on generalist social work practice, she offers a clear and concise overview of the research process including identifying research questions, selecting appropriate research designs, and analyzing data. Using real world examples and case studies, Marlow helps readers understand how research can be used to inform social work practice and drive positive change in communities. With a strong emphasis on ethics and cultural competence, this text prepares social work students and professionals to conduct research that is both effective and socially responsible. *Research Methods for Social Workers* Cynthia A. Faulkner, Samuel S. Faulkner, 2009

The Handbook of Social Work Research Methods Bruce Thyer, 2001. This volume is the definitive resource for anyone doing research in social work. Foundations of Research Methods for Social Workers Richard Grinnell, Jr., 2021. THIS BOOK IS FOR BEGINNING SOCIAL WORK STUDENTS as their first introduction to basic social work research methodology. Our philosophy is to provide a very inexpensive, easily accessible, straightforward, student friendly book that promotes the use of the scientific method of inquiry process to create knowledge for our profession, the most commonly used framework to generate relevant, valid, and reliable social work knowledge. A conversational style of writing is used in an effort to provide simple, reader friendly content.

Research Methods for Social Work Allen Rubin, Earl R. Babbie, 1997. In this most extensive revision of their classic text for social workers, Rubin and Babbie retain the integrity of their comprehensive quantitative approach while including more content about qualitative methods. As one pre-publication reviewer pointed out, "With this edition, you have solved a problem in the discipline by infusing coverage of qualitative issues where it is most important."
