Search For Meaning Myth And Mystery In The New Millennium:

The Search for Meaning Robert H. Hater, Robert J. Hater, 1998 Any time is a good time to examine the meaning of our lives A new millennium offers a special invitation This book lays bare the basic blueprint of our timeless search Filled with autobiographical stories that link the author s search to our own the book synthesizes the principles that link all archetypes together As such it transcends religious affiliation it is like a DNA of our shared spiritual quest **American Book Publishing Record** ,2003 **Index to Book Reviews in Religion** ,1999 **Cumulative Book Index** ,1998 A world list of books in the English language The Catholic Library World John M. O'Loughlin, Francis Emmett Fitzgerald, 1998

Sick Religion or Healthy Faith? Ryan Ahlgrim, 2016-05-10 Is it time to get rid of religion Not so fast says Ryan Ahlgrim It s time for us to define and demand healthy faith Despite the dysfunction and divisiveness seen too often in religion we continue to need a community of love and we yearn for a transcendent encounter that can heal us So instead of abandoning religion Ahlgrim outlines twelve characteristics of a healthy religious community and describes what a healthy Christian community of faith believes and practices Along the way he reveals the power of story the genius of Jesus and the path to wholeness In the end we are faced with the most daring and fulfilling choice of all to embrace a community of love that trusts in God **Forthcoming Books** Rose Arny, 2002-04 *The Search for Meaning in Film and Television* M.

Maloney, 2015-06-16 This book is concerned with the difficulties faced by modern Westerners in their search for a meaningful life It sheds light on this enduring cultural dilemma through a close reading of four popular film and television narratives

Does God Always Get What God Wants? Tim Reddish, 2018-03-16 Tim s wife Anne died of breast cancer at the age of forty nine having battled against the disease for more than six years Her suffering had a profound influence on their lives and that of their church and raised challenging questions If God is in control does that mean God is to blame for suffering Why did God not heal Anne Is Anne s death what God wanted to happen Does prayer make any difference What is God doing about evil People s experience of suffering causes them to examine the kind of God they believe in the nature of the universe God made and God s activity in the world This book explores all three aspects and responds constructively to the complex issues that the above questions pose and provides powerful reasons for confidence in the firm Christian hope The British National Bibliography Arthur James Wells, 2002 *The Man Who Could Fly* Michael Grosso, 2015-12-14 St Joseph of Copertino began having mystical visions at the age of seven but it was not until he began practicing his faith as a Franciscan priest that he realized the full potential of his mind s power over his body he was able to levitate Throughout his priesthood St Joseph became famous for frequent levitations that were observed on hundreds of occasions and by thousands of witnesses including many skeptics Michael Grosso delves into the biography of the saint to explore the many strange phenomena that surrounded his life and develops potential physical explanations for some of the most astounding manifestations of his religious ecstasy Grosso draws upon contemporary explorations into cognition the relationship between

the human mind and body and the scientifically recorded effects of meditation and other transcendent practices to reveal the implications of St Joseph's experiences and abilities **Tomorrow's Catholic** Michael Morwood, 1997 Tomorrow's Catholic offers a fascinating outline of contemporary cosmology that connects the message of Jesus and the spirituality of Pentecost to the world we live in today A special focus is on expressing ancient truths in contemporary language **Myth-X** Michelle Bush, 2008-07-25 This is an analysis of the sci fi television show The X Files mytharc focusing on the use of mythological themes and symbols *Mystery, Violence, and Popular Culture* John G. Cawelti, 2004 For two years Philip Gambone traveled the length and breadth of the United States talking candidly with LGBTQ people about their lives In addition to interviews from David Sedaris George Takei Barney Frank and Tammy Baldwin Travels in a Gay Nation brings us lesser known voices a retired Naval officer a transgender scholar and drag king a Princeton philosopher two opera sopranos who happen to be lovers an indie rock musician the founder of a gay frat house and a pair of Vermont garden designers In this age when contemporary gay America is still coming under attack Gambone captures the humanity of each individual For some their identity as a sexual minority is crucial to their life's work for others it has been less so perhaps even irrelevant But whether splashy or quiet center stage or behind the scenes Gambone's subjects have managed despite facing ignorance fear hatred intolerance injustice violence ridicule or just plain indifference to construct passionate inspiring lives Finalist Foreword Magazine's Anthology of the Year Outstanding Book in the High School Category selected by the American Association of School Libraries Best Book in Special Interest Category selected by the Public Library Association A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease Culture, Consolation, and Continuing Bonds in Bereavement Dennis Klass, 2022-01-25 Culture Consolation and Continuing Bonds in Bereavement presents Dennis Klass's most important contributions to the scholarship of grief and

bereavement Journal articles book chapters and previously unpublished works cover more than 40 years of study and practice on the forefront of our understanding of individual family and community grief The writings range widely including explorations of continuing bonds and consolation aspects of grief that were missing when Klass began his work studies of grief across different cultures and critical analyses of theories that were popular in grief scholarship but inadequately described bereaved parents experiences The book ends with a previously unpublished case study of Charles Darwin whose experience as a bereaved parent informed the worldview at the heart of his theory of natural selection This collection of essays offers an integral understanding of how individuals move through grief and is a valuable addition to the library of anyone working with topics relevant to grieving adults children and adolescents Managing Stress Brian Luke Seaward, 2006 This is a comprehensive approach to honouring the integration balance and harmony of mind body spirit and emotions This holistic approach guides readers to greater levels of mental emotional and physical well being **Hitler's Millennial Reich** David Redles, 2008-11-01 A brilliant study of the convergence of apocalyptic anxiety and authoritarianism in Germany A story unfortunately of continuing relevance Charles B Strozier author of *Apocalypse On the Psychology of Fundamentalism in America After World War I* German citizens sought not merely relief from the political economic social and cultural upheaval that wracked Weimar Germany but also mental salvation With promises of order prosperity and community Adolph Hitler fulfilled a profoundly spiritual need on behalf of those who converted to Nazism and thus became not only Führer but Messiah contends David Redles who believes that millenarian sentiment was central to the rise of Nazism As opposed to many works which depersonalize Nazism by focusing on institutional factors Redles offers a fresh view of the impact and potential for millenarian movements The writings of both major and minor Nazi party figures in which there echoes a striking religiosity and salvational faith reveal how receptive Germans were to the notion of a millennial Reich such as that offered by Hitler Redles illustrates how Hitler's apocalyptic prophecies of a coming final battle with the so called Jewish Bolsheviks one that was conceived to be a war of annihilation was transformed into an equally eschatological Final Solution Redles has done an extraordinarily careful and brilliant analysis of the archival material to reveal Hitler's messianic charisma his appeal both on the ideological and psychological level illustrating that if you can convince people that they live in apocalyptic times and you have the key to their collective salvation you can get them to do anything Richard Landes Director Center for Millennial Studies Department of History Boston University **Parabola**, 1976 Shambhala Victoria LePage, 2014-08-22 For thousands of years stories have been told about an inaccessible garden paradise hidden among the icy peaks and secluded valleys of the Himalayas Called by some Shangri-la this mythical kingdom where the pure at heart live forever among jewel lakes wish fulfilling trees and speaking stones has fired the imagination of both actual explorers and mystical travelers to the inner realms In this fascinating look behind the myth Victoria LePage traces the links between this legendary Utopia and the mythologies of the world Shambhala LePage argues persuasively is real and may be becoming

more so as human beings as a species learn increasingly to perceive dimensions of reality that have been concealed for millennia
