Season Of Renewal The Columbian Exposition And Victorian America:

A Season of Renewal Dennis B. Downey, 2001-11-30 This study offers an engaging reassessment of the 1893 Chicago World's Fair the Columbian Exposition generally regarded as the preeminent civic pageant in Victorian America Based on exhaustive research Downey uses the Exposition as a representative cultural symbol to challenge established interpretations of the event and to suggest a new approach to writing American cultural history Adopting the approach of culture as conversation he stresses the manner in which the Chicago fair reflected the main currents and conflicting tendencies in American life at the end of the 19th century Viewing the Exposition as a cultural moment Downey emphasizes the theme of renewal as central to the cultural aspirations of the enterprise and its engagement of public life Throughout the narrative the divergent voices that comprised a great cultural conversation on the salient issues of the day emerge through their presence at and participation in the Exposition This lively account offers new insights into the cultural climate of the period while introducing readers to the sheer majesty and splendor of an event that captivated the city and the nation more than a century ago

A Muslim in Victorian America Umar F. Abd-Allah, 2006-09-21 Alexander Russell Webb 1846 1916 was a central figure in the early history of Islam in America He wrote numerous books intended to introduce Islam to Americans and served as the representative of Islam at the 1893 World's Parliament of Religions in Chicago This is a biography of Webb's life

The Incorporation of America Alan Trachtenberg, Eric Foner, 1982 Alan Trachtenberg presents a balanced analysis of the expansion of capitalist power in the last third of the nineteenth century and the cultural changes it brought in its wake In America's westward expansion labor unrest newly powerful cities and newly mechanized industries the ideals and ideas by which Americans lived were reshaped and American society became more structured with an entrenched middle class and a powerful business elite This is a brilliant essential work on the origins of America's corporate culture and the formation of the American social fabric after the Civil War

Men of Color to Arms!: Black Soldiers, Indian Wars, and the Quest for Equality Elizabeth D. Leonard, 2010-08-23 Framed by Appomattox in 1865 and the Chicago World's Fair in 1893 packed with individuals' stories details of battles fought and descriptions of army life *Men of Color to Arms* examines black soldiers' contributions to America's post-Civil War expansion and consolidation and sheds light on the myriad obstacles the buffalo soldiers faced Publisher

Cartographies of Exile Karen Elizabeth Bishop, 2016-04-20 This book proposes a fundamental relationship between exile and mapping It seeks to understand the cartographic imperative inherent in the exilic condition the exilic impulses fundamental to mapping and the varied forms of description proper to both The vital intimacy of the relationship between exile and mapping compels a new spatial literacy that requires the cultivation of localized dynamic reading practices attuned to the complexities of understanding space as text and texts as spatial artifacts The collection asks what kinds of maps do exiles make How are they conceived drawn read Are they private maps or can they be shaped collectively What is their relationship to memory and history How do maps provide for new ways of imagining the fractured

experience of exile and offer up both new strategies for reading displacement and new displaced reading strategies Where does exilic mapping fit into a history of cartography particularly within the twentieth century spatial turn The original work that makes up this interdisciplinary collection presents a varied look at cartographic strategies employed in writing art and film from the pre Contact Americas to the Renaissance to late postmodernism the effects of exile in its many manifestations on cartographic textual systems ways of seeing and forms of reading the challenges of traversing and mapping unstable landscapes and restrictive social and political networks and the felicities and difficulties of both giving into the map and attempting to escape the map that provides for exile in the first place Cartographies of Exile will be of interest to students and scholars working in literary and cultural studies gender sexuality and race studies anthropology art history and architecture film performance visual studies and the fine arts

From the Steel City to the White City Zachary L.

Brodt,2023-11-21 In From the Steel City to the White City Zachary Brodt explores Western Pennsylvania s representation at Chicago s Columbian Exposition the first major step in demonstrating that Pittsburgh was more than simply America s crucible it was also a region of developing culture and innovation The 1893 Columbian Exposition presented a chance for the United States to prove to the world that it was an industrial giant ready to become a global superpower At the same time Pittsburgh a commercial center that formerly served as a starting point for western expansion found itself serving as a major transportation and increasingly industrial hub during this period of extensive growth Natural resources like petroleum and coal allowed Western Pennsylvania to become one of the largest iron and steel producing regions in the world The Chicago fairgrounds provided a lucrative opportunity for area companies not only to provide construction materials but to display the region s many products While Pittsburgh s most famous contributions to the 1893 World s Fair alternating current electricity and the Ferris wheel had a lasting impact on the United States and the world other exhibits provided a snapshot of the area s industries natural resources and inventions The success of these exhibits Brodt reveals launched local companies into the twentieth century ensuring a steady flow of work money and prestige

The Devil in the White City Erik Larson,2004-02-10

1 NATIONAL BESTSELLER NATIONAL BOOK AWARD FINALIST From the 1 New York Times bestselling author of The Splendid and the Vile comes the true tale of the 1893 World s Fair in Chicago and the cunning serial killer who used the magic and majesty of the fair to lure his victims to their death As absorbing a piece of popular history as one will ever hope to find San Francisco Chronicle A Kirkus Reviews Best Nonfiction Book of the Century A Los Angeles Times Best Nonfiction Book of the Last 30 Years Combining meticulous research with nail biting storytelling Erik Larson has crafted a narrative with all the wonder of newly discovered history and the thrills of the best fiction Two men each handsome and unusually adept at his chosen work embodied an element of the great dynamic that characterized America s rush toward the twentieth century The architect was Daniel Hudson Burnham the fair s brilliant director of works and the builder of many of the country s most important structures including the Flatiron Building in New York and Union Station in Washington D C The

murderer was Henry H Holmes a young doctor who in a malign parody of the White City built his World s Fair Hotel just west of the fairgrounds a torture palace complete with dissection table gas chamber and 3 000 degree crematorium Burnham overcame tremendous obstacles and tragedies as he organized the talents of Frederick Law Olmsted Charles McKim Louis Sullivan and others to transform swampy Jackson Park into the White City while Holmes used the attraction of the great fair and his own satanic charms to lure scores of young women to their deaths What makes the story all the more chilling is that Holmes really lived walking the grounds of that dream city by the lake The Devil in the White City draws the reader into the enchantment of the Gilded Age made all the more appealing by a supporting cast of real life characters including Buffalo Bill Theodore Dreiser Susan B Anthony Thomas Edison Archduke Francis Ferdinand and others Erik Larson s gifts as a storyteller are magnificently displayed in this rich narrative of the master builder the killer and the great fair that obsessed them both

Mariana Griswold Van Rensselaer Judith K. Major,2013-04-23 Mariana Griswold Van Rensselaer 1851 1934 was one of the premier figures in landscape writing and design at the turn of the twentieth century a moment when the amateur pursuit of gardening and the increasingly professionalized landscape design field were beginning to diverge This intellectual biography the first in depth study of the versatile critic and author reveals Van Rensselaer s vital role in this moment in the history of landscape architecture Van Rensselaer was one of the new breed of American art and architecture critics closely examining the nature of her profession and bringing a disciplined scholarship to the craft She considered herself a professional leading the effort among women in the Gilded Age to claim the titles of artist architect critic historian and journalist Thanks to the resources of her wealthy mercantile family she had been given a sophisticated European education almost unheard of for a woman of her time Her close relationship with Frederick Law Olmsted influenced her ideas on landscape gardening and her interest in botany and geology shaped the ideas upon which her philosophy and art criticism were based She also studied the works of Charles Darwin Alexander von Humboldt Henry David Thoreau and many other nineteenth century scientists and nature writers which influenced her general belief in the relationship between science and the imagination Her cosmopolitan education and elevated social status gave her much like her contemporary Edith Wharton access to the homes and gardens of the upper classes This allowed her to mingle with authors artists and affluent patrons of the arts and enabled her to write with familiarity about architecture and landscape design Identifying over 330 previously unattributed editorials and unsigned articles authored by Van Rensselaer in the influential journal Garden and Forest for which she was the sole female editorial voice Judith Major offers insight into her ideas about the importance of botanical nomenclature the similarities between landscape gardening and idealist painting design in nature and many other significant topics Major s critical examination of Van Rensselaer s life and writings which also includes selections from her correspondence details not only her influential role in the creation of landscape architecture as a discipline but also her contribution to a broader public understanding of the arts in America

The Gilded Age Charles W. Calhoun,2006-09-11

The United States that entered the twentieth century was vastly different from the nation that emerged from the Civil War. Industrialization, mass immigration, the growing presence of women in the work force, and the rapid advance of the cities had transformed American society. Broad in scope, *The Gilded Age* brings together sixteen original essays that offer lively syntheses of modern scholarship while making their own interpretive arguments. These engaging pieces allow students to consider the various societal, cultural, and political factors that make studying the Gilded Age crucial to our understanding of America today. Charles W. Calhoun connects all of these essays with a comprehensive introduction that places each article in an understandable historical context. For the second edition of this successful book, each essay was revised, and three new pieces have been added that explore technology, consumerism, intellectual life, and race in late nineteenth-century America.

American Endurance Richard A. Serrano, 2016-10-04 Pulitzer Prize-winning journalist and author Richard A. Serrano's new book *American Endurance: The Great Cowboy Race and the Vanishing Wild West* is history, mystery, and Western all rolled into one. In June 1893, nine cowboys raced across a thousand miles of American prairie to the Chicago World's Fair. For two weeks, they thundered past angry sheriffs, governors, and Humane Society inspectors intent on halting their race. Waiting for them at the finish line was Buffalo Bill Cody, who had set up his Wild West Show right next to the World's Fair that had refused to allow his exhibition at the fair. The Great Cowboy Race occurred at a pivotal moment in our nation's history; many believed the frontier was settled and the West was no more. The Chicago World's Fair represented the triumph of modernity and the end of the cowboy age. Except no one told the cowboys. Racing toward Buffalo Bill Cody and the gold-plated Colt revolver he promised to the first to reach his arena, nine men went on a Wild West stampede from tiny Chadron, Nebraska, to bustling Chicago. But at the first thud of hooves pounding on Chicago's brick pavement, the race devolved into chaos. Some of the cowboys shipped their horses part of the way by rail or hired private buggies. One had the unfair advantage of having helped plan the route, map in the first place. It took three days, numerous allegations, and a good old Western showdown to sort out who was first to Chicago and who won the Great Cowboy Race.

The Body in the Anglosphere, 1880-1920 Robert W. Thurston, 2021-12-30 Focusing on the body in every chapter, this book examines the changing meanings and profound significance of the physical form among the Anglo Saxons from 1880 to 1920. They formed an imaginary but in many ways quite real community that ruled much of the world. Among them, racism became more virulent. To probe the importance of the body, this book brings together for the first time the many areas in which the physical form was newly or more extensively featured: from photography through literature, frontier wars, violent sports, and the global circus. Sex, sexuality, concepts of gender, including women's possibilities in all areas of life, and the meanings of race and of civilization figured regularly in Anglo discussions. Black people challenged racism by presenting their own photos of respectable folk. As all this unfolded, Anglo men and women faced the problem of maintaining civilized control vs. the need to express uninhibited feeling. With these issues in mind, it is evident that the origins of today's debates about race and gender lie in the late

Contesting the Past, Reconstructing the Nation Ben Railton, 2007-09-30 In this study of Gilded Age literature and culture Ben Railton proposes that in the years after Reconstruction America's identity was often connected through distinct and competing conceptions of the nation's history Concerned with key social questions such as race Native Americans women and the South *Contesting the Past Reconstructing the Nation* provided close readings of a number of texts for the ways they highlight these issues This book examines established classics newer additions to the canon largely forgotten best sellers recovery gems and autobiographical works by Douglass and Truth poems by Harper and Piatt and short stories by Woolson and Cooke These readings contribute to ongoing conversations over historical literature's definition and value and a greater understanding of not only American society in the Gilded Age but also debates on our shared but contested history that remain very much alive in the present From publisher's description **Mystery and Marvel** John Henry Hepp, 2024-11-30 First book on the Centennial in nearly four decades offering a new insight into this seminal event The Centennial was America's first world's fair taking place only twenty five years after the first international exposition in London The exhibition was a paean to progress by people fascinated by science and technology The organizers largely leading Pennsylvania industrialists and merchants wanted to show the world that the United States was as advanced as any nation in Europe and for the most part their plan succeeded Everyday Americans attended the fair to be reassured of their nation's economic and technological past present and future *Mystery and Marvel* looks at the 1876 Centennial Exposition through the eyes of the ten million visitors to the fair to help us understand the technological enthusiasm of middle class Victorians Although this

enthusiasm was not unbounded and was occasionally tinged with a combination of nostalgia and uncertainty overall the women and men of the late nineteenth century were usually happy to be part of a world they thought was as modern and as cutting edge as the one we live in today In and around the buildings that appeared in the city s Fairmount Park that spring and summer were the physical embodiments of this culture The sights the sounds and even the smells of the exhibition presaged the coming of a modern America In 1876 Philadelphia was the nation s largest manufacturing city and Pennsylvania one of the most important industrial states The exposition can serve as a wonderful lens to examine America s shift from the young agricultural republic of 1800 to the industrial empire of 1900 *All Things Dickinson* Wendy Martin Ph.D.,2014-01-27 An exciting new reference work that illuminates the beliefs customs events material culture and institutions that made up Emily Dickinson s world giving users a glance at both Dickinson s life and times and the social history of America in the 19th century While Emily Dickinson is one of the most widely studied American poets some dimensions of her life and work are largely under appreciated This book provides the wider context necessary for a more complete understanding of Dickinson presenting Dickinson s life and times as well as discussion of her poetry and letters Prolific author and Dickinson expert Wendy Martin and 59 contributors address the relationship between Emily Dickinson s life and work and the larger world in which she lived Examination of topics such as the history of Amherst MA and the Dickinson family s place in it and the cultural financial political legal and religious practices of the day illuminate important dimensions of Dickinson s experiences and world for students scholars and general readers of this iconic poet s work **Women Building History** Wanda Corn,2023-09-01 This handsomely illustrated book is a welcome addition to the history of women during America s Gilded Age Wanda M Corn takes as her topic the grand neo classical Woman s Building at the 1893 Columbian Exposition in Chicago a structure celebrating modern woman s progress in education arts and sciences Looking closely at the paintings and sculptures women artists made to decorate the structure including the murals by Mary Cassatt and Mary MacMonnies Corn uncovers an unspoken but consensual program to visualize a history of the female sex and promote an expansion of modern woman s opportunities Beautifully written with informative sidebars by Annelise K Madsen and artist biographies by Charlene G Garfinkle this volume illuminates the originality of the public images female artists created in 1893 and inserts them into the complex discourse of fin de si cle woman s politics The Woman s Building offered female artists an unprecedented opportunity to create public art and imagine an historical narrative that put women rather than men at its center Gendering the Fair Tracey Jean Boisseau,Abigail M. Markwyn,2010 This field defining work opens the study of world s fairs to women s and gender history exploring the intersections of masculinity femininity exoticism display and performance at these influential events As the first global gatherings of mass numbers of attendees world s fairs and expositions introduced cross class multi racial and mixed sex audiences to each other as well as to cultural concepts and breakthroughs in science and technology Gendering the Fair focuses on the manipulation of gender ideology as a crucial

factor in the world's fairs incredible power to shape public opinions of nations government and culture Established and rising scholars working in a variety of disciplines and locales discuss how gender played a role in various countries exhibits and how these nations capitalized on opportunities to revise national and international understandings of womanhood Spanning several centuries and extending across the globe from Portugal to London and from Chicago to Paris the essays cover topics including women's work at the fairs the suffrage movement the intersection of faith gender and patriotism and the ability of fair organizers to manipulate fairgoers experience of the fairgrounds as gendered space The volume includes a foreword by preeminent world's fair historian Robert W Rydell Contributors are TJ Boisseau Anne Clendinning Lisa K Langlois Abigail M Markwyn Sarah J Moore Isabel Morais Mary Pepchinski Elisabeth Israels Perry Andrea G Radke Moss Alison Rowley and Anne Wohlcke
