bought this book from Dream Cruise Made Easy Buzz Leaps, 2025-01-22 Cruise are ships or massive passenger vessels that take guests on sea vacations to different exotic locations worldwide In contrast to an ocean liner that transports passengers from one point to the other across the oceans a cruise ship or a cruise liner takes people on a round trip which can last from a single day to a week or more and culminates at the originating port On a cruise trip the ship visits various ports of call and people can enjoy tours or shore excursions involving exciting activities Though modern cruise vessels have less speed and hull strength than ocean liners they have other amenities and offer luxuries to guests ensuring they have a comfortable and pleasant stay onboard The Advent of Cruise Ships The present day form of cruising can be traced back to the beginning of the 20th century when transoceanic travelling was at its zenith In those times ships were the main form of transportation across continents so shipping companies tried to provide the best services to maintain their position in the market The ocean liners offered what came to be known as line voyages But because of the long journey which at best would be no less than four days most space onboard was used for storing fuel and other necessities which didn't leave much room for the addition of luxuries With the advent of air transportation there was a shift in passenger preference and the long sea voyages were left for only the ardent sea enthusiasts This situation was ideal for the launch of a cruise ship It needed something strikingly different to attract people to sea voyages and this is where these trips gained popularity Since the cruise journey was short with several stopovers at exotic places where ships could refuel and get maintenance if needed more space became available for adding grandeur making them literal floating hotels offering top notch hospitality with a hospitality staff apart from the crew members To put it in a nutshell they pamper the passengers with the best hospitality and services that can be imagined with some of the choicest natural views along the sea Over the last decade cruising has become an integral part of the tourism industry a booming sector The major bulk of the business comes from the North American and European regions but the other areas like the Pan Pacific are also catching up **Cruise the World for \$50 a Day** H. C. Byler Jr., 2008-06 In this Thirty Days of Focus Prayer Apostle R Joshua Mitchell carefully unfolds key passages from the Bible demonstrating how to be a prayer asking Christ Jesus to teach us to pray understanding that men must always pray and not faint The apostolic prayer strategies found in this book will draw the reader more into becoming a prayer and not just praying when things happen or when you want something from the Lord You will be a prayer meeting The time has come when all Christians must realize the power of prayer knowing the way Jesus prayed which was authoritative powerful prayers that Heaven heard and always responded to and these prayers removed the power of darkness wherever it existed
