Montgomery,2020-06-18 Reading a century of American poetry through the prism of short form this book analyses the centrality of an aesthetic of brevity to American modernist verse **Thinking in Search of a Language** Herwig

Friedl,2018-09-20 Thinking in Search of a Language explores American literary and philosophical traditions and their intimate connections by focusing on two defining strands in the intellectual history of the United States The first half of the book offers a multifaceted interpretation of Emerson s constantly shifting early modernist thought I liked everything by turns and nothing long he said memorably and its legacy in American writing The second half turns to the modernists themselves and the pluralistic and radical empiricist ways in which they engaged the world philosophically Herwig Friedl s broad and deep examination of American thought which also incorporates the international context and response illuminates the global significance of the American intellectual tradition Tying together all of these essays is the persistent question and problem of an adequate language or terminological framework as one kind of interpretive leitmotif This reflects the fact that Friedl s sensibility is steeped in a cross pollination of continental and American thought a combination that recalls and is as revelatory as the work of Stanley Cavell Beckett in the Cultural Field / Beckett dans le champ culturel Jürgen

Siess,Matthij Engelberts,Angela Moorjani,2013-12-06 The thematic part of this volume of Samuel Beckett Today Aujourd hui is devoted mainly to Beckett s texts of the forties and later and particularly to those he composed after his adoption of the French language The essays presented in this part of the current issue attempt to see Beckett as a writer among other authors with whom he connects or competes to examine his relations with artists whether Beckett stimulates them or is stimulated by them and to define his posture and his position in the cultural field How does the budding francophone writer position himself in the cultural field during his difficult beginnings and after his first successes How can he be situated in relation to the three cultures he is dealing with What are the parallels between Beckett s own texts and those of other writers literary and philosophical but also between his work and the work of artists of the period The ten essays in the free space section of this volume also mainly concern his texts that were first written in French and situate Beckett in relation to different topics from Dante to the War on Terror *In Montmartre* Sue Roe,2015-04-21 A lively and deeply researched group biography of the figures who transformed the world of art in bohemian Paris in the first decade of the twentieth century In Montmartre is a colorful history of the birth of Modernist art as it arose from one of the most astonishing

Gertrude Stein's Surrealist Years Ery Shin, 2020-06-23 Examines how surrealism enriches our understanding of Stein's writing through its poetics of oppositions Gertrude Stein's Surrealist Years brings to life Stein's surrealist sensibilities and personal values borne from her WWII anxieties not least of which originated in a dread of anti-Semitism Stein's earlier works such as Tender Buttons and Lucy Church Amiable tend to prioritize formal innovations over narrative building and overt political motifs However Ery Shin argues that Stein's later works engage more with storytelling and life writing in startling ways most emphatically and poignantly through the surrealist lens Beginning with The Autobiography of Alice B Toklas and continuing in later works Stein renders legible her war torn era's jarring dystopian energies through narratives filled with hallucinatory visions teleportation extreme coincidences action reversals doppelgangers dream sequences spanning both sleeping and waking states and great whiffs of the occult Such surrealist gestures are predicated on Stein's return to the independent clause and by extension to plot characterization and anecdotes By summoning the marvelous in a historically situated world Stein joins her surrealist contemporaries in their own ambivalent crusade on behalf of historiography Besides illuminating Stein's art and life the surrealist framework developed here brings readers deeper into those philosophical ideas invoked by war Topics of discussion emphasize how varied Jewish experiences were in Hitler's Europe how outliers like Stein can be included in the surrealist project surrealism's theoretical bind in the face of WWII and the age old question of artistic legacy

Modernism Ástráður Eysteinnsson, Vivian Liska, 2007

The two volume work *Modernism* has been awarded the prestigious 2008 MSA Book Prize. *Modernism* has constituted one of the most prominent fields of literary studies for decades. While it was perhaps temporarily overshadowed by postmodernism, recent years have seen a resurgence of interest in modernism on both sides of the Atlantic. These volumes respond to a need for a collective and multifarious view of literary modernism in various genres, locations and languages. Asking and responding to a wealth of theoretical, aesthetic and historical questions, 65 scholars from several countries test the usefulness of the concept of modernism as they probe a variety of contexts from individual texts to national literatures, from specific critical issues to broad cross cultural concerns. While the chief emphasis of these volumes is on literary modernism, literature is seen as entering into diverse cultural and social contexts. These range from inter art conjunctions to philosophical, environmental, urban and political domains, including issues of race and space, gender and fashion, popular culture and trauma, science and exile, all of which have an urgent bearing on the poetics of modernity.

The Cambridge Companion to the Literature of Paris Anna-Louise Milne, 2013-08-01. No city more than Paris has had such a constant and deep association with the development of literary forms and cultural ideas. The idea of the city as a space of literary self consciousness started to take hold in the sixteenth century. By 1620, where this volume begins, the first in a long line of extraordinary works of the human imagination in which the city represented itself to itself had begun to find form in print. This collection follows that process through to the present day. Beginning with the salon, followed by the hybrid culture of libertinage and the revolutionary hotbeds of working class districts, it explores the continuities and changes between the pre modern era and the nineteenth century when Paris asserted itself as cultural capital of Europe. It goes on to explore how this vision of Paris as a key capital of modernity has shaped contemporary literature.

Modernism and Phenomenology Ariane Mildenberg, 2017-04-06. Braiding together strands of literary, phenomenological and art historical reflection, *Modernism and Phenomenology* explores the ways in which modernist writers and artists return us to wonder before the world. Taking such wonder as the motive for phenomenology itself and challenging extant views of modernism that uphold a mind/world opposition rooted in Cartesian thought, the book considers the work of modernists who far from presenting perfect finished models for life and the self, embrace raw and semi chaotic experience. Close readings of works by Paul Cézanne, Gertrude Stein, Franz Kafka, Gerard Manley Hopkins, Wallace Stevens, Paul Klee and Virginia Woolf explore how modernist texts and artworks display a deep rooted openness to the world that turns us into perpetual beginners. Pushing back against ideas of modernism as fragmentation or groundlessness, Mildenberg argues that this openness is less a sign of powerlessness and deferred meaning than of the very provisionality of experience.

American Fiction 1865 - 1940 Brian Lee, 2017-09-29. Brian Lee's study of American fiction from 1865 to 1940 draws on a wealth of material by, amongst others, Twain, James Dreiser, Hemingway, Fitzgerald and Faulkner. Though the works of these writers have been closely scrutinised by postwar critics in Europe and America, few attempts have yet been made to utilise the new critical approaches and theories in the service of literary history.

Brian Lee does so in this book relating the writers of the period both major and minor to its patterns of immense economic social and intellectual change **Field Day Review** Seamus Deane, Breandán Mac Suibhne, 2008-03 Talking about contemporary Ireland this work also looks at literary criticism fiction history politics and art *Ugly Beauty* Thomas Christopher Marshall, 1997
