Looking Backward 2000 1887:

Looking Backward Edward Bellamy, 1888-12-16 Edward Bellamy's prophetic novel about a young Boston man who is mysteriously transported from the 19th to the 21st century from a world of war and want to a world of peace and plenty. The year is 2000. The place Utopian America. The hero anyone who has ever longed for escape to a better life. Translated into more than twenty languages and the most widely read novel of its time. *Looking Backward* is more than a brilliant visionary's view of the future. It is a blueprint of the perfect society, a guidebook that stimulated some of the greatest thinkers of our age. Today, in the very era it attempted to visualize, it is even more compelling than ever. With an Introduction by Walter James Miller and an Afterword by Eliot Fintushel. *Looking Backward, 2000-1887* Edward Bellamy, 1967. First published in 1888 and a phenomenal best seller. *Looking Backward* is Edward Bellamy's utopian novel about nineteenth-century Bostonian who awakes after a sleep for more than one hundred years to find himself in the year 2000 in a world of near-perfect cooperation, harmony, and prosperity. More than just a fanciful novel, *Looking Backward* was in effect Bellamy's blueprint for a socialist-type state conceived in response to problems of the Gilded Age brought on in part by the pace of the late nineteenth-century industrialization. The novel had an enormous impact at the time of its publication, setting in motion a wave of reform activity and creating a vogue for utopian novels that continued over the next three decades. In addition to an extensive introduction, Daniel Borus's new edition of *Looking Backward* contains a chronology of Bellamy's life, a bibliography, questions to consider when reading the novel, and an index. *Looking Backward* Edward Bellamy, 2017-01-13. Edward Bellamy was an influential American author and socialist in the late 19th century. Bellamy is most famous for the utopian novel *Looking Backward*, which led to the formation of many Nationalist Clubs that were dedicated to the political ideas he portrayed. *Looking Backward*, published in 1888, is considered one of the only books in history that led to an immediate political mass movement. The book tells the story of a young American man named Julian West who falls into a deep sleep and wakes up in the year 2000.

far greater than those between any nations nowadays of the rich and the poor the educated and the ignorant I myself was rich and also educated and possessed therefore all the elements of happiness enjoyed by the most fortunate in that age Living in luxury and occupied only with the pursuit of the pleasures and refinements of life I derived the means of my support from the labor of others rendering no sort of service in return My parents and grand parents had lived in the same way and I expected that my descendants if I had any would enjoy a like easy existence *Looking Backward* Edward Bellamy,2018-06 First published in 1888 *Looking Backward* 2000 1887 is the highly influential work of utopian science fiction by American journalist Edward Bellamy In the years following the American Civil War a growth in inequality led to an increase in social and economic turmoil The rise of ever larger and less competitive firms was causing wages to stagnate and created an appetite amongst the populace for solutions to help mitigate the negative effects of an unrestrained and increasingly plutocratic form of capitalism This appetite gave rise to a popular new literary genre the utopian socialist novel of which *Looking Backward* is arguably one of the most famous examples of It is the story of young Julian West who is induced by hypnosis into a deep 113 year sleep When he awakes in the year 2000 he finds that America has been transformed into a socialist utopia Upon waking West readily encounters Doctor Leete who explains to him what has transpired since he has slept Society through a combination of technological advancement and the nationalization of the productive capacity of the United States has become a world in which people work together in mutual cooperation and harmony *Looking Backward* was one of the best selling novels of the 19th century one which would inspire a large number of people to promote more socialistic public policies This edition is printed on premium acid free paper and includes an introduction by Sylvester Baxter
