

# The "Candide" Work by Voltaire: A Close Analysis

Topic: Literature | Words: 1325 | Pages: 5

The actions of Candide can be explained by underlying aspects of his devotion to Pangloss. Although not apparent in the story, this essay will demonstrate that what Pangloss tells Candide shapes his worldview and behavior. When Candide first meets Pangloss, he stays with his German uncle; it could be said that Pangloss brought up Candide. When Candide is ejected from his house and compelled to join the Buglars' army, tensions between the two grow (Voltaire 112). After witnessing a terrible battle, Candide realized he had to get away from the Buglars. In the end, he found his way to Holland, where he was taken in by an Anabaptist named Jacques. At this point, Candide meets Pangloss, who reveals that the army he had once served with had slain his family. In addition, Pangloss disclosed that he was afflicted with syphilis. The man who sheltered Candide now accommodates Pangloss as well. Candide is severely misguided by the heavy reliance on the philosophical counsel of Pangloss to help him make sense of his environment and develop his worldview.

The irony in Pangloss' biblical allusion is recognizable as the novel condemns several convictions. The biblical Garden of Eden represents an ideal state of affairs where human beings are not required to work. Pangloss finds solace in his work on the land and maintaining a busy, productive lifestyle after everything that has happened. When Candide encounters multiple people he thought were dead, he begins to doubt his perception of reality. When the physician went to examine what he thought was a corpse, Pangloss realized he had survived the hanging (Voltaire 123). Despite what Candide may have thought, the baron

## **Louevre Au Clair Candide Work With Light Candide:**

**A Cultural History of the Avant-Garde in the Nordic Countries 1900-1925** Hubert van den Berg, Marianne Ølholm, Benedikt Hjartarson, Irmeli Hautamäki, Torben Jelsbak, Rikard Schönström, Per Stounbjerg, Tania Ørum, Dorthe Agesen, 2012 A Cultural History of the Avant Garde in the Nordic Countries 1900 1925 is the first publication to deal with the avant garde in the Nordic countries at the start of the twentieth century The essays cover a wide range of avant garde manifestations in arts and culture literature the visual arts painting as well as photography architecture and design film radio and performing arts like music theatre and dance It is the first major historical work to consider the Nordic avant garde in a transnational perspective which includes all the arts and to discuss the role of the avant garde not only within the aesthetic field but in a broader cultural context It examines the social and cultural context of the avant garde its media its locations its reception and audiences the transmissions between Scandinavia and Europe and its cultural consequences The essays trace the connections between the avant garde and the cultural discourses of contemporary currents such as revolutionary socialism radical nationalism and occultism and discuss questions of gender ideology and politics geographical location and technological innovation The cultural history thus focuses on the role of the avant garde in shaping the ideas of cultural modernity in the Nordic countries

*Voltaire and the Century of Light* Alfred Owen Aldridge, 2015-03-08 Taking an approach different from that of earlier biographers A Owen Aldridge examines Voltaire's literary and intellectual career chronologically using the methods both of comparative literature and of the history of ideas The resulting biography portrays a fascinating personality as well as a great writer and thinker Voltaire is revealed not only through his correspondence here extensively quoted but through the statements others made about him in anecdotes memoirs and other contemporary documents New information is introduced regarding Voltaire's sojourn in England his later relations with English men of letters his domestic turmoils at the court of Frederick the Great and his contact with French contemporaries such as Montesquieu and Diderot For the first time in any biography attention is given to Voltaire's extensive knowledge of Spanish literature and its influence on his own work particularly *Candide* Voltaire is portrayed as a conscious participant in the Enlightenment In his early years he was interested primarily in aesthetics and abstract philosophy later he passionately dedicated himself to humanitarian causes with ideological implications Professor Aldridge brings forward evidence pointing to the contrast between these two periods in Voltaire's life Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
