Louis Braille A Touch Of Genius:

Louis Braille C. Michael Mellor, 2006 *Louis Braille A Touch of Genius* is the first ever full color biography to include thirty one of his extant letters some written by his own hand and translated into English for the first time Three great men were born in the early weeks of January 1809 Abraham Lincoln Charles Darwin and Louis Braille Only one has remained virtually unknown the man who invented a means of reading and writing still used today in almost every country in the world adapted to almost every known language from Albanian to Zulu Born sighted Louis Braille accidentally blinded himself at the age of 3 He was lucky enough to be sent to a school for blind children in Paris one of the first in the world There at the age of sixteen he worked tirelessly on a revolutionary system of finger reading that became braille He was a talented musician astute businessman and genius inventor collaborating with another Frenchman to invent the first dot matrix printer around 1840

Louis Braille Madeline Donaldson, 2007-01-01 *Louis Braille* PB Seeing with the Hands Mark Paterson, 2017-12-11 This book seeks to answer why there has been a persistent fascination by the sighted including philosophers poets and the public in what the blind see **The Riddle** Andrew Razeghi, 2008-01-07 While organizations claim to value creativity they are often at a loss when attempting to conjure up novel ideas particularly in a world where technology has made information readily available to everyone As a result leaders ask Where will the next big idea come from In response they allocate significant resources for innovation however the source of creative inspiration has remained a mystery Science has shown that it is possible to create conditions under which the mind is more prepared to have insights or aha moments In this fascinating book Andrew Razeghi examines the precursors to creative insight and offers clear cut methods for making Eureka moments routine practice rather than lucky accidents Combining the latest scientific research interviews with current innovators and studies of history's most creative minds he dissects the creative process and presents a practical approach for inspiring innovation Journey to Ithaca: A personal memoir William Rowland, 2024-07-19 *Journey to Ithaca* is an extraordinary memoir about an extraordinary life Of its author it may well be said in Shakespeare's words from *Henry VI* part I aptly quoted in the prelims Who would ever suppose he had such courage and audacity From the outset William Rowland invites his readers to accompany him along his personal journey to Ithaca It was at Ithaca Mansions in Sea Point Cape Town that at the age of five a happy little boy lost his vision in consequence of a gunshot through his temple severing his optic nerves That was definitively the day the light went out With enormous courage and determination William approached life head on achieving what many others might have found too daunting to attempt Writing with restraint and dignity in *Journey to Ithaca* William tells his life story in a series of short chapters marking significant stages and events of his life recounting the challenges and the achievements in equal measure and often with gentle humour What shines through most strongly from this memoir is that at no time has William allowed his blindness to define or limit him and certainly never to deny him the fullness of experience and adventure encountered by the sighted Intellectual leader innovator activist author mentor as

well as loving father William Rowland fills each of these roles with consummate ability and enthusiasm His life story thus far as told in *Journey to Ithaca* will inspire all who read it whether blind or sighted
