Love Human And Divine The Heart Of Christian Ethics:

Love, Human and Divine Edward Collins Vacek, 1994-04-01 Although the two great commandments to love God and to love our neighbors as ourselves are central to Christianity few theologians or spiritual writers have undertaken an extensive account of the meaning and forms of these loves Most accounts in fact make love of God and love of self either impossible or immoral Integrating these two commandments Edward Vacek SJ develops an original account of love as the theological foundation for Christian ethics Vacek criticizes common understandings of agape eros and philia examining the arguments of Aquinas Nygren Outka Rahner Scheler and other theologians and philosophers He defines love as an emotional affirmative participation in the beloved's real and ideal goodness and he extends this definition to the love between God and self Vacek proposes that the heart of Christian moral life is loving cooperation with God in a mutually perfecting friendship *Love and Christian Ethics* Frederick V. Simmons, 2016-12-15 At the heart of Christian ethics is the biblical commandment to love God and to love one's neighbor as oneself But what is the meaning of love Scholars have wrestled with this question since the recording of the Christian gospels and in recent decades teachers and students of Christian ethics have engaged in vigorous debates about appropriate interpretations and implications of this critical norm In *Love and Christian Ethics* nearly two dozen leading experts analyze and assess the meaning of love from a wide range of perspectives Chapters are organized into three areas influential sources and exponents of Western Christian thought about the ethical significance of love perennial theoretical questions attending that consideration and the implications of Christian love for important social realities Contributors bring a richness of thought and experience to deliver unprecedentedly broad and rigorous analysis of this central tenet of Christian ethics and faith William Werpehowski provides an afterword on future trajectories for this research *Love and Christian Ethics* is sure to become a benchmark resource in the field **Love's Enlightenment** Ryan Patrick Hanley, 2017-03-30 This book examines the transformation of the traditional understanding of love by four key Enlightenment thinkers Hume Adam Smith Rousseau and Kant *Journal of Moral Theology, Volume 8, Issue 2* Jason King, M. Love, Technology and Theology Scott A. Midson,2020-06-25 This volume explores love in the context of today s technologies It is difficult to separate love from romanticist ideals of authenticity intimacy and depth of relationship These ideals resonate with theological models of love that highlight the way God benevolently created the world and continues to love it Technologies which are designed in response to our desires do not necessarily enjoy this romanticist resonance and yet they are now remodelling the world Are technologies then antithetical to love In this volume leading theologians have brought together themes of theology technology and love for the first time exploring different areas where notions of love and technology are problematized In a world where algorithms and artificial intelligences interact with us and shape our lives in ever more intricate and even intimate ways we might feel attachments to and through machines that suggest sentiments of love while also changing how we think about love Does love always have to be reciprocal How can we enact love and care for others with technologies Whose desires do technologies serve consumers corporations creatures This volume offers a systematic review of the challenges of living in a technologically saturated world by means of critical application of as well as reflection on theological discussions about love

Theologies of Failure Roberto Sirvent, Duncan B. Reyburn, 2019-03-26 What does failure mean for theology In the Bible we find some unsettling answers to this question We find lastness usurping firstness and foolishness undoing wisdom We discover too a weakness more potent than strength and a loss of life that is essential to finding life Jesus himself offers an array of paradoxes and puzzles through his life and teachings He even submits himself to humiliation and death to show the cosmos the true meaning of victory As David Bentley Hart observes most of us would find Christians truly cast in the New Testament mold fairly obnoxious civically reprobate ideologically unsound economically destructive politically irresponsible socially discreditable and really just a bit indecent By incorporating the work of scholars working with a range of frameworks within the Christian tradition *Theologies of Failure* aims to offer a unique and important contribution to understanding and embracing failure as a pivotal theological category As the various contributors highlight it is a category with a powerful capacity for illuminating our theological concerns and perspectives It is a category that frees us to see old ideas in a brand new light and helps to foster an awareness of ideas that certain modes of analysis may have obscured from our vision In short this book invites readers to consider how both theology and failure can help us ask new questions discover new possibilities and refuse the ways of the world *Lovescapes, Mapping the Geography of Love* Duncan S. Ferguson, 2012-12-06 *Lovescapes* introduces the reader to the various meanings and manifestations of love and its many cognates such as compassion caring altruism empathy and forgiveness It addresses how love and compassion have been understood in history and the religions of the world It goes on to explore the ways that our environments and heredity influence our capacity to

love and suggests ways to cultivate love and compassion in one's life. The book shows how the values of love and compassion are integral to finding humane solutions to the daunting problems we face as individuals, as a human family, and as an earth community in a world in crisis. Kierkegaard and the Problem of Self-Love John Lippitt, 2013-04-25

The problem of whether we should love ourselves and if so how has particular resonance within Christian thought and is an important yet underinvestigated theme in the writings of Søren Kierkegaard. In *Works of Love*, Kierkegaard argues that the friendships and romantic relationships which we typically treasure most are often merely disguised forms of selfish self-love. Yet in this nuanced and subtle account, John Lippitt shows that Kierkegaard also provides valuable resources for responding to the challenge of how we can love ourselves as well as others. Lippitt relates what it means to love oneself properly to such topics as love of God and neighbour, friendship, romantic love, self-denial, and self-sacrifice, trust, hope, and forgiveness. The book engages in detail with *Works of Love*-related Kierkegaard texts and important recent studies and also addresses a wealth of wider literature in ethics, moral psychology, and philosophy of religion.

Pluriform Love Thomas Jay Oord, 2022-02-25

A masterpiece from the preeminent theologian of love. A strong case can be made that love is the core of Christian faith. And yet Christians often fail to give love center stage in biblical studies and theology. And most fail to explain what they mean by love. Why is this? Thomas Jay Oord explores this question and offers ground-breaking answers. Oord addresses leading Christian thinkers today and of yesteryear. He explains biblical forms of love such as *agape*, *philia*, *hesed*, and *ahavah*. We should understand love's meaning as uniform, he says, but its expressions are pluriform. Widely regarded as the world's foremost theologian of love, Thomas Jay Oord tackles our biggest puzzles about the nature and meaning of love, divine and creaturely. His proposals are novel. They align with love described in scripture and expressed in everyday experience. Oord also provides radical and yet persuasive answers to questions about evil, hell, the Big Bang, divine violence, divine abandonment, and more. *Pluriform Love* changes the landscape of Christian love studies. What they're saying: Thomas Jay Oord is the first to systematically clarify a variety of types of love and show that all are characteristic of God. This is an original contribution to theology. Though a complex task, Oord writes in an accessible and attractive way.

John B. Cobb Jr., Cobb Institute, Author of *Salvation: Jesus's Mission and Ours*

Christian theology in the years to come will need a facelift, a true restoration of the biblical witness to the centrality of God's love. If we wish to help make the faith truly relatable to our world today, Oord's clear, compassionate, and compelling voice is one we will be thankful for.

Peter Enns, Eastern University and Co-host of *The Bible for Normal People*

Thomas Jay Oord adds to his proposals on open and relational theology, developing a theology of love which is

both uniform in meaning and pluriform according to situation and recipients The volume is indispensable for those researching the nature of love Paul Fiddes University of Oxford The glowing multiform forcefield of love embraces every sentence of Pluriform Love Free of sentimentality and pretense refusing to pit eros and agape against each other it unfolds a full scale theology This amorous vision will attract a wide readership Catherine Keller Drew University Author of Facing Apocalypse Thomas Oord is a global leader exploring the primacy of love within Christian thought and practice In this book he presents a theology of love in a loving way When he grapples with the Scriptures he shows an attitude of fairness His writing style combines scholarly depth with accessible simplicity In the end Oord makes a radical claim much of traditional Christian theology cannot take love as seriously as it must Love must revolutionize Christian theology and Oord explains how Brian D McLaren Author of Do I Stay Christian This is a rigorous provocative creative and very readable account of the meaning of love especially divine love It s a very important contribution to theological thought on this central topic Keith Ward University of Oxford *Sex on Earth as It Is in Heaven* Patricia Beattie Jung, 2016-12-28 Offers a new theology of desire and delight based on the Christian hope for bodily resurrection This work is part of a growing chorus of theological voices raised in support of erotic desire Although most theologians have concluded that there will be no experience of sexual desire and delight in the world to come Patricia Beattie Jung critically examines the historical traditions and biblical rationales for this teaching She defends an alternative claim that there will be a healed and glorified experience of sex in heaven based on a compelling account of the Christian hope for bodily resurrection The first half of the work focuses on Christian foundations for the notion of sex in heaven while the second goes on to discuss some of the implications of those convictions for sex on earth Jung concludes with discussions of how best to nurture sexual delight on earth and how and why internet pornography fails in that regard The book provides a valuable alternative reading of Christian eschatological thinking about resurrected bodies and a sensitive refreshing and candid discussion about sexual delight Adrian Thatcher author of God Sex and Gender An Introduction
