Love Pabion Action The Meaning Of Love And Its Place In Life:

Love, Passion, Action Eric Dowling,1995 **Religion Index One** ,1993 *Historical Abstracts* ,1998 Love Is the Meaning of Life Rainer Taëni,2007 A Little Book of Love June Eding,2013-12-31 For one human being to love another that is perhaps the most difficult of all our tasks the ultimate the last test and proof the work for which all other work is but preparation Rainer Maria Rilke A Little Book of Love gathers the collected wisdom of great men and women throughout history through quotes and thoughtful meditations on the subject of love in a beautiful publication From romantic and intimate love to friendship and family this inspiring collection makes a great gift for anyone seeking to strengthen love s role in their lives and to deepen their relationships with others Whether a family member friend or that special person it serves as a simple affordable gesture of the love we feel for those we hold dear Filled with loving advice and thought provoking quotations this easily accessible book includes easy ways to enhance the role love plays in your life Heartfelt kindness with a drop of deeper wisdom is present in every page Love binds us together sharing strength and happiness With love we can turn our world around A Little Book of Love promotes cooperation and a deeper understanding of ourselves and the people around us by helping us to reflect on love s place in our lives A Little Book of Love will inspire reflection and discussion at home and among friends about the meaning of love personally and spiritually while discovering that through simple actions and thoughts we can direct the power of love to better improve our lives and ourselves Whether shared with a friend or read aloud to oneself this book helps to remind us of all the blessings that love brings to our lives every day **The Pursuit of Love** Irving Singer,1994 From sexual love to religious love from love of parents and children to love of friends and peers from love of self to love of other creatures nature or God The Pursuit of Love is wide ranging and authoritative Singer explores the distinction between wanting to love and wanting to be loved He examines love as merging and love as acceptance of another s uniqueness and autonomy **The Meanings of Love** Bob Wagoner,1997-05-21 This introductory text offers a clear concise look at the philosophy of love The author s presentation assumes no previous knowledge of philosophy providing the humanities student with an insightful introduction to some of the most prominent writers and philosophers both ancient and modern From the dialogues of Plato to the writings of feminist philosopher Luce Irigaray Wagoner presents six major ideas of love erotic love Christian love romantic love moral love love as power and mutual love This study asserts that even though we have only one word for love six fundamentally different meanings can be distinguished erotic love Christian love romantic love moral love love as power and mutual love Wagoner identifies each of these ideas of love in terms of the special meaning it brings to experience No one meaning is comprehensive Each is shown to have a logic and legitimacy of its own Why each view seems real and compelling is the focus of separate discussions as well as the price that may be exacted by each idea The extent to which these ideas throw light on actual experience is striking but the book is not an empirical or psychological inquiry How one self finds itself in another is first defined and then

explored further to see how this shapes the rational and sexual aspects of life **Love is the Meaning of Life** Bryan Foster, 2021-11-25 In this next book Book 8 Love is the Meaning of Life in the GOD Today Series I will attempt what I consider to be an exciting yet quite challenging writing approach The initial plan was to have this as a book separate from the new Series and to have only minimal if any references to God religion or spirituality But I can't do this entirely and be true to myself For people like me to miss God's place is wrong But to be too religious in most cases won't assist the secularists Having been through most of the stages of belief in GOD over my lifetime including secularism I can totally understand the non-believer's lack of religious faith Free Will prevails I am approaching the reader as someone who is not too interested or not interested at all in God and God's relationship with creation and with them The reader may believe in a far greater power than we have on Earth or be a total non-believer or a rejector A rejector is generally called an atheist For those desiring a book with numerous references to God and the spirit and religious world you would be best reading the first edition of this book Book 6 Love is the Meaning of Life GOD's Love 1st ed Both these two books were published this year 2021 Love gives us a powerful meaning for our lives here on Earth I will explore Love from various non-religious non-Godly angles looking at the positive and the challenges to Love within our world and in our loving relationships However I feel I would be doing a disservice to my readers of this Series if I did not link Love to God in a non-threatening way and not to any major degree At least as an introduction to this possibility for those readers No overkill here But to offer a gentle challenge of there being a loving God for eternity to combine both GOD the Creator and LOVE in our lives and you have the potential for an awesome existence with God and Creation [Change Your Life Through Love](#) Stella Terrill Mann, 2013-10 This is a new release of the original 1949 edition [The Meaning of Love](#) Vladimir Sergeyevich Solovyov, 2020 The meaning and worth of love as a feeling is that it really forces us with all our being to acknowledge for another the same absolute significance that because of the power of egoism we are conscious of only in our own selves Love is important not only as one of our feelings but as the transfer of all our interest in life from ourselves to another as the shifting of the very center of our lives The meaning of human love speaking generally is the justification and salvation of individuality through the sacrifice of egoism On this general basis we can also explain the meaning of sexual love Vladimir Solovyov What is the meaning of love's intense emotion Solovyov points to the spark of divinity that we see in another human being and shows how this living ideal of Divine love antecedent to our love contains in itself the secret of the idealization of our love According to Solovyov love between men and women has a key role to play in the mystical transfiguration of the world Love which allows one person to find unconditional completion in another becomes an evolutionary strategy for overcoming cosmic disintegration Solovyov's book I would dare say IS the philosophy of love Solovyov's arguments are engaging to say the least engaging the intellect but also the depths of the reader's being You can't say that about many books The highest praise I can offer is that The Meaning of Love is the only modern book I know of that is worthy of its subject in every respect David Fiedler Gnosis magazine
