Isaac, 2022-10-18 Quite often theology and spirituality are separated pursued without reference to the other a classic example of the disjunction between head and heart But in Luther we find a profound theologian exhibiting a profound spirituality one that still speaks to us today Luther sets out three rules for doing proper theology oratio meditatio tentatio or prayer meditation and spiritual trial These three rules derived from David the psalmist provide a way for readers to investigate more thoroughly what Luther says about the important practice of theology or life in the Spirit But they also serve as a simple way for Christians to live a fuller spiritual life The intention of this book is to help readers enter into the world of Luther the Augustinian monk and Reformer who prays meditates and suffers spiritual trial within the community of faith that extends over the centuries Ever the teacher and pastor himself Gordon Isaac invites readers into the reality of living a theology of the cross which helps make sense of our present struggles in this world and shows us how we can live in the love of God as revealed through Jesus Christ **Daily Meditations on the Christian Life for Every Day in the Year** McVeigh Harrison, 1915 *Yoga, Meditation, and Mysticism* Kenneth Rose, 2016-09-08 Contemplative experience is central to Hindu yoga traditions Buddhist meditation practices and Catholic mystical theology and despite doctrinal differences it expresses itself in suggestively similar meditative landmarks in each of these three meditative systems In *Yoga Meditation and Mysticism* Kenneth Rose shifts the dominant focus of contemporary religious studies away from tradition specific studies of individual religious traditions communities and practices to examine the contemplative universals that arise globally in meditative experience Through a comparative exploration of the itineraries detailed in the contemplative manuals of Theravada Buddhism Pata jalian Yoga and Catholic mystical theology Rose identifies in each tradition a moment of sharply focused awareness that marks the threshold between immersion in mundane consciousness and contemplative insight As concentration deepens the meditator steps through this threshold onto a globally shared contemplative itinerary which leads through a series of virtually identical stages to mental stillness and insight Rose argues that these contemplative universals familiar to experienced contemplatives in multiple traditions point to a common spiritual mental and biological heritage Pioneering the exploration of contemplative practice and experience with a comparative perspective that ranges over multiple religious traditions religious studies philosophy neuroscience and the cognitive science of religion this book is a landmark contribution to the fields of contemplative practice and religious studies *Words to take with us. A manual of daily and occasional prayers* William Edward Scudamore, 1872 *My Daily Meditation for the Circling Year* John Henry Jowett, 1914 *The words of the Son of God, arranged for daily meditation by E.
