no surprise that Wood generated a lot of press during her career and her personal life was tabloid fodder in particular. When she married star actor Robert Wagner they had one of Hollywood's most famous and most successful marriages. But Wood was also notorious for relying on psychoanalysts to the extent that she would become heavily reliant on constantly having access to one. People were also caught by surprise when Wood retired after the birth of her daughter in 1970 and unfortunately that has contributed to the fact that she is best remembered today for her mysterious drowning in 1981. Wood was on a boat with Robert Wagner and Christopher Walken when she fell overboard on the night of November 28 and her drowning was ruled accidental with the coroner noting that she was inebriated and under the effects of pain medication. However that ruling has been controversial ever since because of the fact that when her body was found Wood had bruises on her arms and a cut on her cheek and nobody else on the boat could account for the timing of her disappearance. While the odd circumstances have led some to suspect foul play investigations have continued over the years and haven't been able to shed much new light on her death.

Natalie Wood: A Biography Leslie Truex, 2012-07-30

ABOUT THE BOOK Who is Natalie Wood? On Sunday November 29, 1981, the world woke to the news that the talented and well-loved movie star Natalie Wood was dead. She was only 43 years old. But as details of her death became known, the loss became both a tragedy and a mystery. How was it possible that she would die from the one thing that terrified her most: drowning in dark water? For many, it was inconceivable unless something more sinister occurred. Officially, the cause of death was an accident. Although the specifics are unknown, speculation by the authorities and by Robert Wagner, her husband, who was on the boat with her at the time, is that she attempted to retrieve the dinghy that was thumping against the boat and fell in the water. Because Wagner was in a heated argument with their guest actor Christopher Walken, he didn't hear her fall or cry for help. In fact, some think she may have hit her head when she fell and was unable to call for help. Regardless, the heavy coat she was wearing would have hindered her attempt to save herself. Thirty years later, the mystery surrounding her death continues. In November 2011, the investigation was reopened based on new information but quickly closed again with the same finding. What's unfortunate is that Natalie Wood's death has overshadowed the career of a talented actress. She was a celebrity throughout her career, making the transition from child star to teen phenom and acclaimed adult actress. She starred in over 56 films, most of which were made when she was a child. She had earned three Oscar nominations by the time she was 25 years old. Her private life was equally as interesting. She was married three times, twice to actor Robert Wagner in what was considered the big Hollywood romance of the time. When she wasn't married, she was connected romantically to many of the leading actors of her time, including James Dean, Warren Beatty, and Elvis Presley. As glamorous as her life appeared, Natalie struggled with depression and insecurity stemming from a domineering mother and an alcoholic father. Her mother, Mildred, was a classic

showbiz mother who controlled Natalie's career including what pictures she'd do and firing agents when she didn't feel they were doing their job. But Mud's behavior went well beyond directing Natalie's career. She controlled everything and wasn't opposed to using emotional and psychological manipulation to keep Natalie close. For example, she told Natalie that serial killers stabbed children in the back if they sat too close to the screen in movie theaters. As a result, Natalie was afraid to view movies anywhere but at the studio. Later, while watching Natalie's daughter, Natasha, Mud changed the locks on the doors of the house and told Natasha that her mother and stepfather, Robert Wagner, were dangerous. Mud supposedly also predicted that Natalie would die in dark water, which likely reinforced her fear. This behavior led to resentment by Natalie towards her mother. At the same time, she often felt guilty for not allowing her mother more access to her. Well-liked by her peers, close friends reported Natalie could have a dark side as well, particularly if she was drinking, according to several biographers. At 26 years old, she attempted suicide and semi-retired from her acting career. Even so, she continued to make acclaimed and though-provoking films such as *Inside Daisy Clover*, *This Property is Condemned*, and *Bob Carol Ted Alice*. EXCERPT FROM THE BOOK Natalie started work on *Brainstorm*, co-starring Christopher Walken, and because of his show *Hart to Hart*, Wagner was not able to accompany her to Raleigh, N.C., for the shoot. He made a weekend visit and became concerned about a possible affair between her and Walken. buy the book to continue reading

Natalie Wood Rebecca Sullivan, 2019-07-25

Throughout her career, Natalie Wood teetered precariously on the edge of greatness. Trained in the classical Hollywood studio style but best mentored by Method directors, Wood was the ideal actress for roles depicting shifting perceptions of American womanhood. Nonetheless, while many of her films are considered classics of mid-twentieth-century American cinema, she is less remembered for her acting than she is for her mysterious and tragic death. Rebecca Sullivan's lucid and engaging study of Natalie Wood's career sheds new light on her enormous, albeit uneven, contributions to American cinema. This persuasive text argues for renewed appreciation of Natalie Wood by situating her enigmatic performances in the context of a transforming star industry and revolutionary post-war sexual politics.
