

The OLD OREGON COUNTRY

*A history of frontier trade,
transportation, and travel*

By OSCAR OSBURN WINTHER

Stanford University Press

Old Oregon Country

George Palmer Putnam

Old Oregon Country:

The Old Oregon Country Oscar Osburn Winther, 1950-01-01 The Pacific Northwest the old Oregon country was one of the most remote and inaccessible frontier areas but it was also known to be rich in natural resources The opening up of this region is a story of courage endurance and pioneer enterprise Transportation in this rugged country was a problem to the settlers who would promote commerce and travel just as it was a problem to the earlier fur traders The construction of roads and development of water routes progressed through the years until the railroad finally came to the Northwest but at no time did the scarcity of roads prevent settlers from pushing back the frontier Here the whole story of travel and travelers in this region is told for the first time The book is based largely on primary sources and as such is a contribution to history As an account of courage and ingenuity transportation monopoly against transportation monopoly and man versus nature it is fascinating reading University Professor of History at Indiana University O O Winther is the author of *Express and Stagecoach Days in California* and *Via Western Express and Stagecoach* [The Old Oregon Country](#) Oscar Osburn Winther, 2017-10-15 Excerpt from *The Old Oregon Country A History of Frontier Trade Transportation and Travel* Today the Pacific Northwest possesses a distinctive character as one of several sections of our nation This region's geography people and economy have an individuality which blends with and yet stands apart from the rest of the United States Like other sections the Pacific North west cannot escape its past Long known as the Oregon country it was once thought of as one of the most remote and inaccessible frontier areas in the Western world The region first unfolded its secrets to explorers and fur traders in whose footsteps came in quick succession missionaries adventurers pioneer farmers miners and businessmen To all these the Oregon country presented a serious logistic problem High rugged mountains inland waters deserts forests ocean snow ice rain mud heat and magnificent distances thwarted the normal growth of community life and contact with the outside world The battle to overcome these imposing physical obstacles in order to exploit the rich natural resources of the Oregon country and to establish orderly methods of commerce and travel comprise the major themes of this book It is a saga of man against Nature it is a story of adventure indomitable courage endurance and brilliant business ingenuity and enterprise This book is in part the history of men and events that have given vigor confidence buoyancy and a proud consciousness of the past to people who today make up Canadian and American civilization in British Columbia Oregon Washington Idaho western Montana and to be precise a bit Of western Wyoming About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Old**
