F. Marley, 2005-09-12 With rare maps prints and photographs this unique volume explores the dramatic history of the Americas through the birth and development of the hemisphere's great cities. Written by award-winning author David F. Marley, *Historic Cities of the Americas* covers the hard-to-find information of these cities' earliest years, including the unique aspects of each region's economy and demography, such as the growth of local mining, trade, or industry. The chronological layout, aided by the numerous maps and photographs, reveals the exceptional changes, relocations, destruction, and transformations these cities endured to become the metropolises they are today. *Historic Cities of the Americas* provides over 70 extensively detailed entries covering the foundation and evolution of the most significant urban areas in the western hemisphere. Critically researched, this work offers a rare look into the times prior to Christopher Columbus' arrival in 1492 and explores the common difficulties overcome by these European-conquered or founded cities as they flourished into some of the most influential locations in the world. Over 70 richly detailed entries on the most colorful, important cities of the New World, from Quebec City, Boston, and San Francisco in the Northern Hemisphere to Buenos Aires, Cuzco, and Bahia in the Southern Hemisphere, are included. Four geographical sections—the Caribbean, Mexico, Central America, North America, and South America—enable the reader to easily locate information. Hundreds of rare, historically significant antique maps, prints, and photographs enhance both the value and appearance of the book. A very extensive bibliography provides users with easy access to many hard-to-find materials. *Dictionary of Canadian Biography / Dictionnaire Biographique Du Canada*, Frances G.
