## **Politics Of Sex Prostitution And Pornography In Australia Since 1945:**

The Politics of Sex Barbara Sullivan,1997-09-07 This political history of the sex industry in Australia since World War II cogently presents all sides of a complex and changing debate

The Politics of Sex Trafficking E. O'Brien,S. Hayes,B. Carpenter,2013-09-06 This book offers a unique insight into the moral politics behind human trafficking policy in Australia and the USA including rare interviews with key political actors and a critical account of Congressional and Parliamentary hearings

**The Politics of Prostitution** Joyce Outshoorn,2004-01-08 The most effective way to deal with prostitution has always been hotly debated by governments and women s movements alike Feminists want it abolished or regulated as sex work governments have to safeguard public health and order This book first published in 2004 shows how women s movements in Western Europe North America and Australia have affected politics on prostitution and trafficking of women since the 1970s asking what made them successful in some countries but a failure in others It also assesses whether government institutions to advance the status of women so called women s policy agencies have played a key role in achieving policy outcomes favourable to movement demands Written by an international team of experts and based on original sources all chapters follow the same framework to ensure comparability The final chapter offers an overall comparison identifying what makes women s movements successful and women s agencies effective presenting the case for state feminism

**The Australian Study of Politics** R. Rhodes,2009-11-11 The Australian Study of Politics provides the first comprehensive reference book on the history of the study of politics in Australia whether described as political studies or political science It focuses on Australia and on developments since WWII also exploring the historical roots of each major subfield

**Acts of Love and Lust** Lisa Featherstone,2014-10-02 The past six decades have seen astonishing changes in the construction of sexuality as an apparatus of knowledge and as a lived experience Australia like much of the West has undergone a veritable sexual revolution in attitudes and behavior From early sex therapy to gay marriage the juggernaut of late modern sexuality has significantly remade Australian social and cultural life This collection brings together the work of leading historians of sexuality to consider sixty years of remarkable sexual and social change Acts of Love and Lust explores the ways both heterosexuality and homosexuality were constructed by the state through sex education in medicine by the law political activists and in the hands of the media Just as importantly contributors consider the ways sexuality was experienced not as a monolithic or imposed institution but how it was explored and enjoyed by individual bodies across different times and spaces The authors examine the pleasures and pains of living in sexual bodies and explore the manifest ways that love and lust shaped Australia s society and culture

Pink Ink Bill Calder,2016-08-01 The tapping of typewriters first lifted the secrecy around homosexuality and a vibrant array of voices was soon heard The publishers of gay magazines and newspapers were a diverse and lively lot Some wanted to publicise where the best parties were held some to fight the political battle and others to show new ways for lesbians and gay men to live their lives The story of these magazines and newspapers is the

story of society's changing attitudes and indeed the changing gay world. This book traces the evolution of Australia's gay and lesbian publications from smudgy porn sold in brown paper bags to glossy coffee table magazines proudly on display from gestetnered newsletters to an industry publishing millions of newspapers each year that is until the Internet changed it all.

The Censor's Library Nicole Moore, 2012. An absorbing exposé of the books we couldn't read, didn't read, didn't know about and the reasons why. When Nicole Moore discovered the secret censor's library in the National Archives' 793 boxes of books prohibited from the 1920s to the 1980s, she began a journey that resulted in this, the first comprehensive examination of Australian book censorship. For much of the twentieth century, Australia banned more books and more serious books than most other English-speaking or Western countries, from the Kama Sutra through to Huxley's *Brave New World* and Joyce's *Ulysses*. Federal publications censorship was a largely secret affair and deliberately kept from the knowledge of the Australian public until the scandals and protests of late last century. Censorship continues to attract heated debate from the Henson affair to the national internet feed. Combining rigorous scholarship with the narrative tension of a thriller, *The Censors Library* is a provocative account of this scandalous history. Book jacket **Sister Wives, Surrogates and Sex Workers** Angela Campbell, 2016-04-01. Did she choose that? Or more normatively, why would she choose that? This book critiques and offers an alternative to these questions, which have traditionally framed law and policy discussions circulating around controversial gendered practices. It examines the simplicity and incompleteness of choice-based rhetoric and of presumptions that women's conduct is shaped in an absolute way, either by choice or by coercion. This book develops an analytical framework that aims to discern the meaning and value that women may ascribe to morally ambiguous practices. An analysis of law's approach to polygamy, surrogacy and sex work, particularly in Canada, the United Kingdom and Australia, provides a basis for evaluating the choice-coercion binary and for contemplating alternate modes for assessing, from a law and policy standpoint, the palatability of social practices that appear pernicious to women. Weaving together interdisciplinary research, an innovative analytical framework for assessing choices ostensibly harmful to women, and a critique of the legal rules governing such choices, this book bears relevance for students, scholars, practicing jurists and policymakers seeking a richer understanding of conduct that moves women to the margins of law and society. *Selling Sex* Raelene Frances, 2007. Provides a history of prostitution in Australia from before European colonisation and situates this history within an international context of labour migration and policy formation. This work draws on archival research and interviews to chart the ways in which prostitution contributed to women's economic survival and to colonisation. *The State of Sex* Barbara Brents, Crystal Jackson, Kathryn Hausbeck, 2009-12-16. This study of Nevada's brothels uses empirical data and sociological theory to situate the United States' only legal brothel industry in the political economy of contemporary tourism. The personal accounts of sex workers make this a compelling read for students and those interested in the sex industry. Legalizing Prostitution Ronald Weitzer, 2012-12-21. While sex work has long been controversial, it has become even more contested over

the past decade as laws policies and enforcement practices have become more repressive in many nations partly as a result of the ascendancy of interest groups committed to the total abolition of the sex industry At the same time however several other nations have recently decriminalized prostitution Legalizing Prostitution maps out the current terrain Using America as a backdrop Weitzer draws on extensive field research in the Netherlands Belgium and Germany to illustrate alternatives to American style criminalization of sex workers These cases are then used to develop a roster of best practices that can serve as a model for other nations considering legalization Legalizing Prostitution provides a theoretically grounded comparative analysis of political dynamics policy outcomes and red light landscapes in nations where prostitution has been legalized and regulated by the government presenting a rich and novel portrait of the multifaceted world of legal sex for sale

**Sex and the City** Philip Hubbard,2019-06-04 This title was first published in 2000 Prostitution has always played a crucial symbolic role in the definition of moral and sexual standards and as such the figure of the prostitute has been paradigmatic in the history of the sex and the city Focusing on the geographies of female prostitution in Western societies this book explores the nature of sites of sex work and the ways they shape the lives of prostitutes and their clients In so doing the book aims not simply to present a static mapping of sex work but seeks to highlight how these public and private sites are struggled over with prostitutes often resisting the strategies of social and legal control designed to regulate their working practices The book consequently engages with a number of contemporary debates in social cultural and gender geography surrounding the importance of public and private spaces in producing and reproducing gender sex and bodily identities

*Companion to Sexuality Studies* Nancy A. Naples,2020-06-29 An inclusive and accessible resource on the interdisciplinary study of gender and sexuality Companion to Sexuality Studies explores the significant theories concepts themes events and debates of the interdisciplinary study of sexuality in a broad range of cultural social and political contexts Bringing together essays by an international team of experts from diverse academic backgrounds this comprehensive volume provides original insights and fresh perspectives on the history and institutional regulatory processes that socially construct sex and sexuality and examines the movements for social justice that advance sexual citizenship and reproductive rights Detailed yet accessible chapters explore the intersection of sexuality studies and fields such as science health psychology economics environmental studies and social movements over different periods of time and in different social and national contexts Divided into five parts the Companion first discusses the theoretical and methodological diversity of sexuality studies Subsequent chapters address the fields of health science and psychology religion education and the economy They also include attention to sexuality as constructed in popular culture as well as global activism sexual citizenship policy and law An essential overview and an important addition to scholarship in the field this book Draws on international postcolonial intersectional and interdisciplinary insights from scholars working on sexuality studies around the world Provides a comprehensive overview of the field of sexuality studies Offers a diverse range of topics themes and perspectives from leading authorities Focuses on the

study of sexuality from the late nineteenth century to the present Includes an overview of the history and academic institutionalization of sexuality studies The Companion to Sexuality Studies is an indispensable resource for scholars researchers instructors and students in gender sexuality and feminist studies interdisciplinary programs in cultural studies international studies and human rights as well as disciplines such as anthropology psychology history education human geography political science and sociology *Safer Sex in the City* Maria Ioannou,2016-04-15 Throughout history prostitution has always been a source of fierce debate societies have either grudgingly tolerated it or tried always unsuccessfully to ban it With the emergence of much more overt acceptance of all forms of sexual activity it has become more apparent that sex workers who ply their trade on the streets of our cities are a particularly vulnerable group at risk of violent attacks and assaults The realization on the implications for such violence on society overall led to the emergence of this volume With research gathered from academics and practitioners hailing from various countries and fields this edited collection will be invaluable for those who want to better understand the experience of street sex workers the strategies available for managing this trade and how to help reduce the violence against the men and women who conduct it **China, Sex and Prostitution** Elaine Jeffreys,2004-02-24 China Sex and Prostitution is a topical and important critique of recent scholarship in China studies concerning sexuality prostitution and policing Jeffrey s arguments are constructed in the form of detailed analysis of a wide range of primary texts including documents press reports police report and policy and legal pronouncements and secondary literature in both English and Chinese The work engages with some key debates in the fields of cultural and gender studies and will be welcomed by scholars in these areas as well as by China specialists sociologists and anthropologists **(Sub)Urban Sexscapes** Paul J. Maginn,Christine Steinmetz,2014-10-10 Sub Urban Sexscapes brings together a collection of theoretically informed and empirically rich case studies from internationally renowned and emerging scholars highlighting the contemporary and historical geographies and regulation of the commercial sex industry Contributions in this edited volume examine the spatial and regulatory contours of the sex industry from a range of disciplinary perspectives urban planning urban geography urban sociology and cultural and media studies and geographical contexts Australia the UK US and North Africa In overall terms Sub urban Sexscapes highlights the mainstreaming of commercial sex premises sex shops brothels strip clubs and queer spaces and products sex toys erotic literature and pornography now being commonplace in night time economy spaces the high street suburban shopping centres and the home In addition the aesthetics of commercial and alternative sexual practices BDSM and pornography permeate the sub urban landscape via billboards newspapers and magazines television music videos and the Internet The role of sex sexuality and commercialized sex in contributing to the general character of our cities cannot be ignored In short there is a need for policy makers to be realistic about the historical contemporary and future presence of the sex industry Ultimately the regulation of the sex industry should be informed by evidence as opposed to moral panics Winner of the Planning Institute of Australia WA

2015 Award for Excellence in Cutting Edge Research and Teaching Companion to Feminist Studies Nancy A. Naples, 2020-11-24 A comprehensive overview of feminist scholarship edited by an internationally recognized and leading figure in the field Companion to Feminist Studies provides a broad overview of the rich history and the multitude of approaches theories concepts and debates central to this dynamic interdisciplinary field Comprehensive yet accessible this edited volume offers expert insights from contributors of diverse academic national and activist backgrounds discussing contemporary research and themes while offering international postcolonial and intersectional perspectives on social political cultural and economic institutions social media social justice movements everyday discourse and more Organized around three different dimensions of Feminist Studies the Companion begins by exploring ten theoretical frameworks including feminist epistemologies examining Marxist and Socialist Feminism the activism of radical feminists the contributions of Black feminist thought and interrelated approaches to the fluidity of gender and sexuality The second section focuses on methodologies and analytical frameworks developed by feminist scholars including empiricists economists ethnographers cultural analysts and historiographers The volume concludes with detailed discussion of the many ways in which pedagogy political ecology social justice globalization and other areas within Feminist Studies are shaped by feminism in practice A major contribution to scholarship on both the theoretical foundations and contemporary debates in the field this volume Provides an international and interdisciplinary range of the essays of high relevance to scholars students and practitioners alike Examines various historical and modern approaches to the analysis of gender and sexual differences Addresses timely issues such as the difference between radical and cultural feminism the lack of women working as scientists in academia and other research positions and how activism continues to reformulate feminist approaches Draws insight from the positionality of postcolonial comparative and transnational feminists Explores how gender class and race intersect to shape women s experiences and inform their perspectives Companion to Feminist Studies is an essential resource for students and faculty in Women s Gender and Sexuality Studies Feminist Studies programs and related disciplines including anthropology psychology history political science and sociology and for researchers scholars practitioners policymakers activists and advocates working on issues related to gender sexuality and social justice **Sex and the contract** Vincenzo Zeno-Zencovich, 2015-10-01 DOI 10 13134 978 88 97524 45 8 **Somatechnics** Samantha Murray, 2016-04-01 Somatechnics highlights the reciprocal bond between the soma and the techn of the body and the techniques in which bodies are formed and transformed as crafted responses to the world around us Structured around the themes of the governance of social bodies the gendering of sexed bodies and the techniques associated with the formation of the self Somatechnics presents a groundbreaking study of body modification Its contributions to the work of Spinoza Nietzsche Merleau Ponty Deluze and Guattari make it a must read for scholars of sociology cultural and queer studies and philosophy **Sex, Slavery and the Trafficked Woman** Ramona Vijayarasa, 2016-03-03 Sex Slavery and the Trafficked Woman is a go to text for

readers who seek a comprehensive overview of the meaning of human trafficking and current debates and perspectives on the issue. It presents a more nuanced understanding of human trafficking and its victims by examining and challenging the conventional assumptions that sit at the heart of mainstream approaches to the topic. A pioneering study, the arguments made in this book are largely drawn from the author's fieldwork in Ukraine, Vietnam, and Ghana. The author demonstrates to readers how a law enforcement and criminal justice oriented approach to trafficking has developed at the expense of a migration and human rights perspective. She highlights the importance of viewing trafficking within a broad spectrum of migratory movement. The author contests the coerced female victim archetype as stereotypical and challenges the reader to understand trafficking in an alternative manner, introducing the counterintuitive concept of the voluntary victim. Overall, this text provides readers of migration and development, gender studies, women's rights, and international law a comprehensive and multidisciplinary analysis of the concept of trafficking.

## **Politics Of Sex Prostitution And Pornography In Australia Since 1945** Book Review: Unveiling the Magic of Language
