Renewing The City Reflections On Community Development And Urban Renewal:

Renewing the City Robert D. Lupton, 2005-07-08 Community developer and urban activist Robert D Lupton looks to the Old Testament example of Nehemiah as a role model for community transformation and renewal *Crayons for the City* Kevin R. Yoho, 2017-11-09 When a fire severely burned a small boy and displaced his family it left lingering marks on the entire neighborhood As a community pastor Dr Kevin Yoho not only witnessed the visible signs of despair but also came to understand the pain hidden in the flames He will be your guide as you step outside your organizational structures through the practice of what he calls reneighboring *Crayons for the City* is about training leaders to be a new kind of community network engineer who will realign their organization s priorities resources and values to serve the public good It s a story about how one community of faith improved the lives of hundreds of families by taking a walk across the street with fresh expressions of the good news How do leaders grow and change from holding on to ineffective ministry models to building new connections of grace and gratitude The journey is not an easy one for most *Crayons for the City* starts with the reader s own context and offers a new methodology of how to engage it Awaken your own capacity to change the world All you need to begin is this book and a box of crayons **A Heart for the Community** John Fuder, Noel Castellanos, 2013-08-28 Our nation used to look at violence poverty and gentrification and assign those problems to urban centers Today these issues concern the suburbs too The Christian community is responding to this reality Churches and parachurch ministries are actively working to transform lives and restore communities throughout the city and suburbs In *A Heart for the Community New Models for Urban and Suburban Ministry* you will be challenged by a collection of voices seeking community renewal These individuals are involved in creative church planting initiatives and they are serving the growing Hispanic and Muslim populations Additional endeavors include serving racially changing communities economic development strategies and more As anyone who has been in ministry for any length of time can attest tackling some of the most challenging issues of our times is no mere academic exercise The voices within these pages write from experience and offer workable vibrant models of ministry that make a difference **Place, Diversity and Solidarity** Stijn Oosterlynck, Nick Schuermans, Maarten Loopmans, 2017-05-08 In many countries particularly in the Global North established forms of solidarity within communities are said to be challenged by the increasing ethnic and cultural diversity of the population Against the backdrop of renewed geopolitical tensions which inflate and exploit ethno cultural rather than political economic cleavages concerns are raised that ethnic and cultural diversity challenge both the formal mechanisms of redistribution and informal acts of charity reciprocity and support which underpin common notions of community This book focuses on the innovative forms of solidarity that develop around the joint appropriation and the envisaged common future of specific places Drawing on examples from schools streets community centres workplaces churches housing projects and sporting projects it provides an alternative research agenda from the loss of community narrative It reflects on the different spatiotemporal frames in which solidarities

are nurtured the connections forged between solidarity and citizenship and the role of interventions by professionals to nurture solidarity in diversity This timely and original work will be essential reading for those working in human geography sociology ethnic studies social work urban studies political studies and cultural studies [View from the Urban Loft](#) Sean Benesh,2011-10-12 As the world hurtles towards urbanization at an ever increasing pace there arises the need for further theological reflection on the city Globalization international immigration and densification in cities are having a transformative impact on the urban landscape Urban mission is at the forefront of many denominations church planting networks ministries and mission organizations yearning for citywide transformation How are we to think biblically and theologically about the city View from the Urban Loft will take readers through the development of cities throughout history act as a guide to navigating the current forces shaping urban environments and seek to uncover a theology of the city that gives Christians a rationale and a biblical understanding of the meaning and purposes of the city and then how to live in it for the glory of God [BAM Global Movement](#) Gea Gort,2018-04-18 Business as Mission BAM is a growing global movement Christians active in the arena of business charity and ministry are on a journey to integrate business with holistic mission But what exactly is BAM In this book Gea Gort and Mats Tunehag explain the BAM concept through theory and theology with stories to show what it looks like in real life The authors explain that Business as Mission is an expression of a much broader movement Ideas regarding mission church and charity are shifting and growing number of Christians are aiming for a missional way of living out the whole incarnated gospel in their daily lives where they work and live The inspiring stories of thirty practitioners active on all continents provide insight into how the gospel can be shared in innovative and practical ways in challenging settings in developing nations secularized Western cities or even closed countries This book will not only capture your mind and heart as you learn about Business as Mission in theory and praxis but it will also give you a broad overview of this remarkable movement This book provides insight into this global movement and is of interest for a broad range of people pioneers early adapters and leaders within church missionaries and business leaders as well as for Bible schools and universities Dr Gea Gort a trained journalist studied Transformational Leadership in the Global Urban Context at Bakke Graduate University in Seattle where she serves as adjunct faculty and regional board member She is passionate about innovative mission in an urban and global context In her hometown of Rotterdam Holland she initiated City Prayer directed a Christian leaders network and advised the government on multicultural affairs Gea has authored several books in Dutch and in English Mats Tunehag is a speaker writer and consultant from Sweden For over twenty years he has focused on developing the Business as Mission BAM concept as well as national regional and global strategic alliances of people and BAM initiatives A global lecturer he is also a BAM senior leader in the Lausanne Movement and the World Evangelical Alliance [Where the Cross Meets the Street](#) Noel Castellanos,2015-01-28 From the barrios of Texas and California to the leadership of the CCDA Noel Castellanos has never seen the work of the cross separated from the needs of the neighborhood

Metrospiritual Sean Benesh, 2011-02-24 Metrospiritual The Geography of Church Planting is about church planting in the city There is an outpouring of new expressions of church being started throughout metro areas across North America Where are these new churches being started Maybe a more subterranean question is Why Why are churches being started where they are and why is there a bias towards one part of the city and an overall neglect of other parts Metrospiritual explores these questions and more as it builds off of recent research and surveys of hundreds of church planters in seven large cities in the United States and Canada There is a deeper look at pivotal issues such as gentrification the Creative Class community transformation urban renewal and the role new churches play in all of these

Religion, Humility, and Democracy in a Divided America Ruth Braunstein, 2019-08-05 Strong religious convictions motivate citizens to engage in American public life and are viewed as a source of closed mindedness and a driver of political polarization This book combines theoretical reflections on this tension empirical studies examine how a range of religious actors balance conviction with humility in their political work

Mobilizing for the Common Good Peter Slade, Charles Marsh, Peter Goodwin Heltzel, 2013-07-11 Born into a sharecropping family in New Hebron Mississippi in 1930 and only receiving a third grade education John M Perkins has been a pioneering prophetic African American voice for reconciliation and social justice to America's white evangelical churches Often an unwelcome voice and always a passionate provocative clarion Perkins persisted for forty years in bringing about the formation of the Christian Community Development Association a large network of evangelical churches and community organizations working in America's poorest communities and inspired the emerging generation of young evangelicals concerned with releasing the Church from its cultural captivity and oppressive materialism John M Perkins has received surprisingly little attention from historians of modern American religious history and theologians Mobilizing for the Common Good is an exploration of his theological significance With contributions from theologians historians and activists this book contends that Perkins ushered in a paradigm shift in twentieth century evangelical theology that continues to influence Christian community development projects and social justice activists today

Good News for Common Goods Wes Markofski, 2023 What is the relationship between evangelical Christianity and democracy in America In Good News for Common Goods sociologist Wes Markofski explores how multicultural evangelicals

across the United States are addressing race poverty inequality politics and religious and cultural difference in America s increasingly plural and polarized public arena Based on extensive original research on multicultural evangelicals active in faith based community organizing community development political advocacy and public service organizations across the country including over 90 in depth interviews with racially diverse evangelical and non evangelical activists community leaders and neighborhood residents Markofski shows how the varieties of public religion practiced by evangelical Christians are not always bad news for non evangelicals people of color and those advancing ethical democracy in the United States Markofski argues that multicultural evangelicals can and do work with others across race class religious and political lines to achieve common good solutions to public problems and that they can do so without abandoning their own distinctive convictions and identities or demanding that others do so Just as ethical democracy calls for a more reflexive evangelicalism it also calls for a more reflexive secularism and progressivism

Trolls and Truth Jimmy Dorrell,2006 Trolls Truth is the story of a local church of homeless people college students middle class Christians some poor and some rich black white and brown drunks materialists mentally ill and former inmates who meet beneath the noise of 18 wheelers and rushing traffic under an interstate bridge in Waco Texas As they live out biblical mandates across racial and cultural barriers and institutional baggage they remind us that the gospel cannot be shaped by socially accepted values and remain good news

Race and Place David P. Leong,2017-01-07 We long for diverse thriving neighborhoods and churches yet racial injustices persist Why Urban missiologist David Leong reveals the profound ways in which geographic structures and systems sustain the divisions among us and create barriers to reconciliation For the flourishing of our communities here is a vision of belonging and hope in our streets cities and churches
