Report Of The Fifth Thule Expedition 1921 24 Vol 1 No 1 Report On The Expedition:

Report of the Fifth Thule Expedition 1921-24, 1929 *Report of the Fifth Thule Expedition, 1921-24* Thule Expedition, 5th, 1921-1924, 1929 *Mythology of the Inuit* Evelyn Wolfson, 2014-07-01 During the long cold winter nights Inuit families snuggled together in their winter houses and listened to tales about a time when unbelievable things could happen These adventurers broke up the long hours of winter darkness and gave the listeners a cultural and traditional heritage Each chapter is followed by a Question and Answer section which covers themes symbols and characters and an Expert Commentary section which makes for great discussion In Order to Live Untroubled Renee Fossett, 2001-07-05 Despite the long human history of the Canadian central arctic there is still little historical writing on the Inuit peoples of this vast region Although archaeologists and anthropologists have studied ancient and contemporary Inuit societies the Inuit world in the crucial period from the 16th to the 20th centuries remains largely undescribed and unexplained In Order to Live Untroubled helps fill this 400 year gap by providing the first broad historical survey of the Inuit peoples of the central arctic Drawing on a wide array of eyewitness accounts journals oral sources and findings from material culture and other disciplines historian Renee Fossett explains how different Inuit societies developed strategies and adaptations for survival to deal with the challenges of their physical and social environments over the centuries In Order to Live Untroubled examines how and why Inuit created their cultural institutions before they came under the pervasive influence of Euro Canadian society This fascinating account of Inuit encounters with explorers fur traders and other Aboriginal peoples is a rich and detailed glimpse into a long hidden historical world **Faces of the North** Bryan Cummins, 2004-05-28 A photographic account of John J Honigmanns anthropological endeavours among northern First Nations from the 1940s to the 1960s **Darien in the Past** Sigvald Linné, 1929 Acts of Occupation Janice Cavell, Jeff Noakes, 2011-01-01 As climate change threatens to open the Northwest Passage to ice free travel Canadian sovereignty over the Arctic has come to the fore Although Canada s claim to the Arctic archipelago is now firmly entrenched in the minds of Canadians less than a century ago that claim was much less secure Acts of Occupation draws on a wealth of previously untapped archival sources to piece together the engrossing story of how one explorer s self serving ambition ultimately led Canada to craft and defend a decisive Arctic policy Historians Cavell and Noakes show how unfounded paranoia about Danish designs on the north fueled by a deliberate campaign of deceit and fear mongering was the catalyst for Canada s active administrative occupation of the Arctic A compelling tale Acts of Occupation throws new light on a transformative period in the history of Canadian Arctic policy and provides much needed historical context for contemporary debates on northern sovereignty Man in the Arctic Harley Jesse Walker, 1962 This Air Force document was written to provide survival and environmental information about the Arctic It details techniques used in the American Arctic by man in his quest for food and water insofar as they are related to snow ice and permafrost and to evaluate these techniques and the changes that have occurred in them in terms of today s needs Structure and landforms and

climate are discussed The users of the Arctic the Eskimos the Explorers and the settlers are also discussed Food supply covers such items as seals ice hunting sea mammals caribou bird hunting fishing vegetable foods and food storage in the Arctic *First Peoples In Canada* Alan D. McMillan,Eldon Yellowhorn,2009-12-01 First Peoples in Canada provides an overview of all the Aboriginal groups in Canada Incorporating the latest research in anthropology archaeology ethnography and history this new edition describes traditional ways of life traces cultural changes that resulted from contacts with the Europeans and examines the controversial issues of land claims and self government that now affect Aboriginal societies Most importantly this generously illustrated edition incorporates a Nativist perspective in the analysis of Aboriginal cultures

Early Ethnography in the American Arctic Kirsten Hastrup,2023-10-19 This book offers a portrait of early ethnographic work in the American Arctic with a focus on understanding the mutual constitution of the Inuit and their early ethnographers It draws mainly on a rich repository of written testimonies from the early twentieth century the great ethnographic period when new scholarly interest in the region took off Supplementing the movements and observations of whalers traders and missionaries the early chroniclers offered new knowledge of Inuit life Although their descriptions of the Inuit bear the marks of their time the texts have left a deep mark on later developments and contributed to a long lasting view of human life in the Arctic The chapters show the infiltration of lives and landscapes of thoughts and materials of Inuit and ethnographers The book will be relevant to anthropologists as well as historians geographers and others with an interest the Arctic region and Indigenous studies *Archaeological Excavations at Kukulik, St. Lawrence Island, Alaska* Otto William Geist,Froelich

Thule Culture in Western Coronation Gulf, N.W.T. David A. Morrison,1983-01-01 Archaeological excavations between

1979 and 1981 at three house sites on the western coast of Coronation Gulf attempt to investigate Thule culture in this strategic but marginal region These sites along with others already excavated appear to represent a fairly distinctive stylistic variant of Thule culture in the western central Arctic This variant is primarily affiliated with western rather than eastern Thule and appears to be of direct Alaskan origin Published in English *Beach Ridge Archeology of Cape Krusenstern* James Louis Giddings, Douglas D. Anderson, 1986 Results of research conducted between 1956 and 1965 **Publications in Archeology**, 1974 *Women and Power in Native North America* Laura F. Klein, Lillian A. Ackerman, 1995 Power is understood to be manifested in a multiplicity of ways through cosmology economic control and formal hierarchy In the Native societies examined power is continually created and redefined through individual life stages and through the history of the society The important issue is autonomy whether or to what extent individuals are autonomous in living their lives Each author demonstrates that women in a particular cultural area of aboriginal North America had and have more power than many previous observers have claimed
