Representation And Revelation Victorian Realism From Carlyle To Yeats:

Representation and Revelation John P. McGowan, 1986 Realism, Representation, and the Arts in Nineteenth-Century Literature Alison Byerly, 1997 This book confronts a significant paradox in the development of literary realism the very novels that present themselves as purveyors and celebrants of direct ordinary human experience also manifest an obsession with art that threatens to sabotage their Realist claims Unlike previous studies of the role of visual art or music or theatre in Victorian literature Realism Representation and the Arts in Nineteenth Century Literature examines the juxtaposition of all of these arts in the works of Charlotte Bront William Thackeray George Eliot Thomas Hardy and others Alison Byerly combines close textual analysis with discussion of relevant ancillary topics to illuminate the place of different arts within nineteenth century British culture Her book which also contains sixteen illustrations represents an effort to bridge the growing gap between aesthetics and cultural studies **Carlyle and the Search for Authority** Chris Vanden Bossche, 1991 The author demonstrates how Thomas Carlyle in virtually all his writings conducted a search for a new centre of social and political authority that would fit his changing world **The Arnoldian** , 1986 William Wordsworth and the Hermeneutics of Incarnation David P. Haney, 2010-11-01 Victorian Interpretation Suzy Anger, 2005 Suzy Anger investigates the relationship of Victorian interpretation to the ways in which literary criticism is practiced today Her primary focus is literary interpretation but she also considers fields such as legal theory psychology history and the natural sciences in order to establish the pervasiveness of hermeneutic thought in Victorian culture Anger s book demonstrates that much current thought on interpretation has its antecedents in the Victorians who were already deeply engaged with the problems of interpretation that concern literary theorists today Anger traces the development and transformation of interpretive theory from a religious to a secular and particularly literary context She argues that even as hermeneutic theory was secularized in literary interpretation it carried in its practice some of the religious implications with which the tradition began She further maintains that for the Victorians theories of interpretation are often connected to ethical principles and suggests that all theories of interpretation may ultimately be grounded in ethical theories Beginning with an examination of Victorian biblical exegesis in the work of figures such as Benjamin Jowett John Henry Newman and Matthew Arnold the book moves to studies of Thomas Carlyle George Eliot and Oscar Wilde Emphasizing the extent to which these important writers are preoccupied with hermeneutics Anger also shows that consideration of their thought brings to light questions and qualifications of some of the assumptions of contemporary criticism *Realismustheorien in England (1692-1919)* Walter F. Greiner, Fritz Kemmler, 1997 Influence and Resistance in Nineteenth-Century English Poetry G. Kim Blank, Margot K. Louis, 1994-01-12 To what extent is the distinction between Romantic and Victorian valuable or just Is the Romantic Victorian demarcation merely a convenience for the sake of the curriculum How is the quarrel among different strains of Romanticism continued and developed in the Victorian period How do Victorian texts interact with echo or resist Romantic texts In what ways did the

Romantic poets establish the terms within which or against which Victorian poets were debating This volume of original essays addresses these questions it also demonstrates how well the Romantics thought and with what ferocious diligence the Victorians explored resisted and reworked the Romantic vision

The Discourse of Self in Victorian Poetry E.Warwick Slinn,1991-06-18 Written by the author of *Browning and the Fictions of Identity* this is a study of the discourse of self in Victorian poetry

Hidden Rivalries in Victorian Fiction Jerome Meckier,2014-10-17 Victorian fiction has been read and analyzed from a wide range of perspectives in the past century But how did the novelists themselves read and respond to each other s creations when they first appeared Jerome Meckier answers that intriguing question in this ground breaking study of what he terms the Victorian realism wars Meckier argues that nineteenth century British fiction should be seen as a network of intersecting reactions and counteractions in which the novelists rethought and rewrote each other s novels as a way of enhancing their own credibility In an increasingly relative world thanks to the triumph of a scientific secularity the goal of the novelist was to establish his or her own credentials as a realist hence a reliable social critic by undercutting someone else s usually Charles Dickens s Trollope Mrs Gaskell and especially George Eliot attempted to make room for themselves in the 1850s and 1860s by pushing Dickens aside Wilkie Collins tried a different form of parodic revaluation he strove to outdo Dickens at the kind of novel Dickens thought he did best the kind his other rivals tried to cancel tone down or repair ostensibly for being too melodramatic but actually for expressing too negative a world view For his part Dickens determined to remain inimitable replied to all of his rivals by redoing them as spiritedly as they had reused his characters and situations to make their own statements and to discredit his Thus Meckier redefines Victorian realism as the bravura assertion by a major novelist or one soon to be that he or she was a better realist than Dickens By suggesting the ways Victorian novelist read and rewrote each other s work this innovative study alters present day perceptions of such double purpose novels as Felix Holt Bleak House Middlemarch North and South Hard Times The Woman in White and The Mystery of Edwin Drood

Austen, Eliot, Charlotte Bronte and the Mentor-Lover P. Menon, 2003-05-23 This lucid and tightly argued study uses the motif of the mentor lover embodying diverse permutations of sexual love power and judgement to explore evaluate and compare the works of Jane Austen Charlotte Bront and George Eliot as they contend with issues of sexuality family selfhood freedom conduct and gender The figure also provides a means to probe their relationship to the reader as they become mentor lovers through authorship each eliciting a different form of love and electing a different style of instruction

Ethical Aestheticism in the Early Works of Henry James Tomoko Eguchi, 2016-05-11 This study re locates the work of Henry James by revealing parallels between the aestheticism of John Ruskin and that of James It explores a mix of well known fictional texts alongside James s essays and tales which are less frequently analysed but which nevertheless offer important insights into James s attitude to his artistic method Tracing James s early development in comparison with Ruskin s this book also explores German Romantic thought and the idealism of Kant Goethe and Hegel While examining the German connections with James this study is also alert to James s relations with Walter Pater and French realism to which James became increasingly close in the mid 1880s Rather than placing James within one single category it demonstrates how James interfused Romanticism and realism in establishing his own form of aestheticism Shedding light on James s period of apprenticeship this book therefore articulates the Victorian concept of aestheticism as used by James and Ruskin

Law, Literature, and the Transmission of Culture in England, 1837-1925 Cathrine O. Frank, 2016-12-05 Focusing on the last will and testament as a legal literary and cultural document Cathrine O Frank examines fiction of the Victorian and Edwardian eras alongside actual wills legal manuals relating to their creation case law regarding their administration and contemporary accounts of curious wills in periodicals Her study begins with the Wills Act of 1837 and poses two basic questions What picture of Victorian culture and personal subjectivity emerges from competing legal and literary narratives about the will and how does the shift from realist to modernist representations of the will accentuate a growing divergence between law and literature Frank s examination of works by Emily Bront George Eliot Charles Dickens Wilkie Collins Anthony Trollope Samuel Butler Arnold Bennett John Galsworthy and E M Forster reveals the shared rhetorical and cultural significance of the will in law and literature while also highlighting the competition between these discourses to structure a social order that emphasized self determinism yet viewed individuals in relationship to the broader community Her study contributes to our knowledge of the cultural significance of Victorian wills and creates intellectual bridges between the Victorian and Edwardian periods that will interest scholars from a variety of disciplines who are concerned with the laws literature and history of the nineteenth and early twentieth centuries

The Power of Lies John Kucich, 2018-07-05

Although moral earnestness has long been considered characteristic of the Victorians Kucich maintains that English fiction in the nineteenth century was as interested in lies as in honesty In this important book Kucich explores the fascination with lying in novels by Anthony Trollope Wilkie Collins Elizabeth Gaskell Ellen Wood Thomas Hardy and Sarah Grand *Realist Critiques of Visual Culture* Edward Barnaby, 2018-05-10 Have industrial age technologies and visual discourses transformed us into spectators of the real and can realist fiction make that transformation visible to us This book brings Situationist Guy Debord's *Society of the Spectacle* and an array of cultural criticism into dialogue with novels by Hardy Forster Woolf Rushdie Carey and Barnes to foreground literary realism's critique of visual culture including Gothic architectural revival neoclassicism tourism historical pageantry postcolonial cinema and photography museums preservationism urbanism and artisanal neo folk movements Barnaby advances the concept of meta spectacle to distinguish realist fiction that engages ethically with visual discourses from realist fiction that reproduces the visible veneer of reality for aesthetic consumption He highlights the limitations of artistic critiques of spectacle considers their resilience toward a culture industry that continuously repackages iconoclasm as iconicity and reflects upon the process of reorienting the reader to comprehend realist gestures By heightening the capacity to recognize our own immersion within objectified representations of the real *Realist Critiques of Visual Culture* demonstrates how literary realism remains vital within a society that is so deeply invested in visually replicating and archiving lived experience

Victorian Contexts Murray Roston, 1996-09-30 Examines how both artist and writer in the Victorian era responded to the shared challenges assumptions and dilemmas of their time often unaware that the same problems were being confronted in the kindred media The placing of such writers as Dickens G Eliot Hopkins and Henry James within the context of Victorian painting architecture and interior design offers fresh insights into their works as well as reassessments of such themes as the mid century representation of the Fallen Woman or the impact of commodity culture upon contemporary aesthetic standards

Metaphor and Meaning in D.H. Lawrence's Later Novels John B. Humma, 1990 Although D H Lawrence's later novels have been the subject of much discussion by critics few scholars have recognized or dealt with his sense of craft By examining Lawrence's careful and finely orchestrated strategies with language especially metaphor Humma argues that a number of the longer works from Aaron's Rod on and including the posthumously published *The Virgin and the Gipsy* are small masterpieces Different in kind from *Women in Love* or *The Rainbow* these fictions are very important in their own way Humma maintains that the early and middle novels work largely through powerful symbols Those of the last decade though develop through an intricate interlacing of metaphor and symbolic detail Humma devotes a chapter to each to Aaron's Rod *The Ladybird* *Kangaroo* *St Mawr* *The Plumed Serpent* *The Virgin and the Gipsy* *Lady Chatterley's Lover* and *The Escaped Cock* Aaron's Rod as a transitional work reveals much about Lawrence's narrative method and its dependence upon combinations of images *The Plumed Serpent* Humma suggests is Lawrence's most ambitious failure Other critics have faulted plot character and meaning but Humma sees incoherent metaphors as the basis

for those other problems Because Lawrence s metaphors shape myths essential to central actions and meanings the reader cannot fully appreciate the strategic function of metaphor in them When Lawrence s method is successful as it is in *Lady Chatterley s Lover* for example figures of speech overlap each other crossing boundaries in a web of interpenetrating metaphors that provide both structural integrity and thematic resonance Paying close attention to the texts *Metaphor and Meaning in D H Lawrence s Later Novels* shows that Lawrence was far from the indifferent craftsman in his later fiction that he has frequently been considered In fact Lawrence was acutely aware that language and meaning are inseparable that technique as Mark Schorer said is discovery John Humma s fresh perspective upon the art and meaning of Lawrence s later work provides a major revaluation of this last phase in the writer s career **The Dickens Industry** Laurence W.

Mazzeno,2008 The story of the surprisingly fluctuating critical reputation of one of the great writers of the English language Undoubtedly the best selling author of his day and well loved by readers in succeeding generations Charles Dickens was not always a favorite among critics Celebrated for his novels advocating social reform for half a century after his death he was ridiculed by those academics who condescended to write about him Only the faithful band of devotees who called themselves Dickensians kept alive an interest in his work Then during the Second World War he was resurrected by critics and was soon being hailed as the foremost writer of his age a literary genius alongside Shakespeare and Milton More recently Dickens has again been taken to task by a new breed of literary theorists who fault his chauvinism and imperialist attitudes Whether he has been adored or despised however one thing is certain no other Victorian novelist has generated more critical commentary This book traces Dickens s reputation from the earliest reviews through the work of early 21st century commentators showing how judgments of Dickens changed with new standards for evaluating fiction Mazzeno balances attention to prominent critics from the late 19th century through the first three quarters of the 20th with an emphasis on the past three decades during which literary theory has opened up new ways of reading Dickens What becomes clear is that in attempting to provide fresh insight into Dickens s writings critics often reveal as much about the predilections of their own age as they do about the novelist Laurence W Mazzeno is President Emeritus of Alvernia University Reading Pennsylvania

Ruskin's Culture Wars Judith Stoddart,1998 In *Ruskin s Culture Wars* Judith Stoddart provides the first sustained modern critical reading of *Fors Clavigera* placing this classic work in the context of its Victorian contemporaries art journals liberal and working class periodicals and popular criticism In recreating the intellectual climate she demonstrates the sense of cultural crisis and change evident at the time Rebelling against the tendency to treat Ruskin s letters as the prose lyric of a damaged psyche Stoddart shows how the cumulative text of *Fors Clavigera* not only records but revises and redirects the preoccupations of his period He was an integral part of Victorian discussions of literary tradition and of the roles of democracy and nationality in late nineteenth century Europe
