Rereading Doris Lessing Narrative Patterns Of Doubling And Repetition:

Rereading Doris Lessing Claire Sprague, 2014-07-02 According to Sprague doubling in Lessing's novels is a perfect correlative for the complexity and contradiction Lessing perceives as central to the private and collective human experience. Her doubles and multiples not only indicate the fracturing or the formation of identity but they also are among the several strategies used to project complex private and societal concerns. This study of Lessing's dialectical imagination extends and revises earlier feminist approaches. Originally published in 1987. A UNC Press Enduring Edition. These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value. *Rereading Doris Lessing* Claire Sprague, 1987. These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value. [Rereading Modernism](#) Lisa Rado, 2012-08-21 Until about 1986 feminists generally considered modernism a reactionary misogynist and hegemonic mire not worth investigating. Since then enough studies of modernism have appeared that 17 feminist critics can now review and debate their treatment of the period. They evaluate the progress and goals of the new era of modernist scholarship. As the authors in this volume suggest instead of condemning writers for not practicing or portraying an acceptable politics of gender we ought instead to show how their assumptions about the nature of the sexes inform their texts both in their creation and in their reception. This also allows examination of the complex and changing relationship between human subjectivity and aesthetics. This volume is a highly reflective dialogue introspective and evaluative at a moment of crisis within modernist studies and feminist studies. The analysis of critical work on early twentieth century literature not only helps reread and redefine a definition of modernism it also intends to redirect and reintegrate feminist theory. **Doris Lessing** Susan Watkins, 2013-07-19 This study examines the writing career of the respected and prolific novelist Doris Lessing who was awarded the Nobel Prize for Literature in 2007 and has recently published what she has announced will be her final novel. Whereas earlier assessments have focused on Lessing's relationship with feminism and the impact of her 1962 novel *The Golden Notebook* this book argues that Lessing's writing was formed by her experiences of the colonial encounter. It makes use of postcolonial theory and criticism to examine Lessing's continued interest in ideas of nation, empire, gender, and race and the connections between them. The book examines the entire range of her writing including her most recent fiction and non-fiction which have been comparatively neglected. The book is aimed at undergraduate and postgraduate students of Doris Lessing's work as well as the general reader who enjoys her writing. This is the first significant book-length critical evaluation in ten years. *Doris Lessing* Gayle Greene, 1994. An original and compelling appraisal of this important

international literary figure **Doris Lessing** Harold Bloom,2003 Essays of critical interpretation portray views of Doris Lessing s work including *The Golden Notebook* *Marriages and The Grass is Singing* *Doris Lessing and Sufi Equilibrium* S. Fahim,1994-07-12 The purpose of this study is to examine the rationale of Doris Lessing s development from Classical Realism to mysticism and forms of science fiction and to consider the unifying motifs that appear throughout her novels in her consistent search for Sufi Equilibrium The four novels selected in this study represent significant stages in Lessing s work Chapter one focuses on *The Grass is Singing* which represents the author s early traditionally realistic writing to show how far the preoccupations of Lessing s later novels find expression in this early work Chapter two studies *The Golden Notebook* which marks a turning point in formal structure in Lessing s canon and is selected as evidence of her interest in Sufism at that early stage Chapter three concentrates on the study of *The Memoirs of a Survivor* which has elicited a comparatively limited amount of criticism but which proves to be a major achievement when brought into line with Sufi methods of writing Chapter four considers Lessing s science fiction series *Canopus in Argos* tracing sources from Oriental literature a key which unlocks many areas of obscurity **Doris Lessing's The Golden Notebook After Fifty** A. Ridout,R. Rubenstein,S. Singer,2015-05-20 Published in 1962 Doris Lessing s *The Golden Notebook* merits fresh theoretical geopolitical autobiographical and aesthetic approaches Prompted by the novel s golden anniversary the twelve essays collected in this volume provide fresh analyses along with appreciative memoirs for 21st century readers of this well known masterpiece **Doris Lessing** Margaret Moan Rowe,1994-10-03 Through close readings of Doris Lessing s novels from *The Grass is Singing* to *The Fifth Child* Margaret Moan Rowe maps many of the literary and cultural negotiations that make Doris Lessing both a maverick and a mainstream novelist Examining the pull of paternal and maternal biographical and literary identification in Lessing Rowe relates them to the tensions between the ordinary and the visionary in her fiction

The Novel and the Problem of New Life Aaron Matz, 2021-07-15 The novel since the nineteenth century has displayed a thorny ambivalence toward the question of having children In its representation of human vitality it can seem to promote the giving of life but again and again it betrays a nagging doubt about the moral implications of procreation The *Novel and the Problem of New Life* identifies this tension as a defining quality of the modern British and European novel Beginning with the procreative skeptical writings of Flaubert Butler and Hardy then turning to the high modernist work of Lawrence Woolf and Huxley and culminating in the postwar fiction of Lessing and others this book chronicles the history of the novel as it came to accommodate greater misgivings about the morality of reproduction This is the first study to examine in literature a problem that has long troubled philosophers environmental thinkers and so many people in everyday life

Representation class and ethnicity Extended contextualized close readings of more than twenty key texts from Joseph Conrad's *Heart of Darkness* 1899 to Tom McCarthy's *Satin Island* 2015 supplement the systematic approach and encourage future research by providing overviews of reception and theoretical perspectives

Between East and West Muge Galin, 1997-07-31 East and West applies Sufi thought to some of Doris Lessing's novels and studies the manifestations of Sufi influence on Lessing. Various Sufi-like characters and their unconventional lifestyles are evaluated and explicated for Western readers unfamiliar with Sufism. This book also evaluates the role of spirituality in Lessing's work and considers the implications of taking Lessing's Sufism seriously when reading her works or when doing Lessing criticism. It also impresses upon the reader the degree to which Lessing is seriously offering her space fiction utopias as plausible and even necessary alternatives to our present Western ways of life

The Fiction of Doris Lessing Ratna Raman, 2021-04-30 Doris Lessing 1919-2013 a prolific contemporary author was awarded the Nobel Prize in Literature in 2007 for her life work. Examining five decades of Lessing's unique life narrative strategies and the literary traditions that she drew upon and improvised, this book highlights her extraordinary significance as a writer of our times and for our times. Lessing's fiction and non-fiction provide a seminal understanding of the key issues that shaped the twentieth century. Autodidactic and keenly interested in the world around her, Lessing flagged the problems of racism in Africa, the inequity of class in modern England, the limitations of white middle class women's movements that overlooked the rights of women across race and class, the marginalisation of individuals, the horror of nuclear war and the need for disarmament and the hazardous global expansion in the face of unrelenting technological progress. Further, she raised the concern of the atomisation of modern families, violence and the urgent need for alternate modes of viewing, voicing anxieties decades ahead of other contemporary writers. Making futuristic projections through innumerable genres of writing such as realistic narratives, memoirs, diaries and science fiction, Lessing examines myth, psychoanalysis and Marxist perspectives, engaging with a gamut of experiences that have defined modernity and sets up feminist blueprints that challenge atrophying patriarchal hegemonies

Contemporary Women Writers Look Back Alice Ridout, 2011-01-13 Long before John Barth announced in his famous 1967 essay that late 20th century fiction was The Literature of Exhaustion, authors have been retelling and recycling stories. Barth was however right to identify in postmodern fiction a particular self-consciousness about its belatedness at the end of a long literary tradition. This book traces the move in contemporary women's writing from the self-conscious ironic parodies of postmodernism to the nostalgic and historical turn of the 21st century. It analyses how contemporary women writers deal with their literary inheritances, offering an illuminating and provocative study of contemporary women writers re-writings of previous texts and stories. Through close readings of novels by key contemporary women writers including Toni Morrison, Doris Lessing, Margaret Atwood, Zadie Smith, Emma Tennant and Helen Fielding and of the ITV adaptation *Lost in Austen*, Alice Ridout examines the politics of parody and nostalgia, exploring the limitations and possibilities of both in the contexts of feminism and
