

The book cover is split vertically. The left half features a sepia-toned portrait of Frederick Jackson Turner, a man with a mustache wearing a suit and tie. The right half shows a painting of a Native American on a white horse, holding a bow and arrow, set against a blue sky with clouds. The title is printed in white serif font on black rectangular backgrounds, centered over the portrait. The subtitle is in a cursive script at the bottom left.

Rereading Frederick J Turner Frontier In American History:

Rereading Frederick Jackson Turner Frederick Turner, John Mack Faragher, 1999-02-08 In 1893 a young Frederick Jackson Turner stood before the American Historical Association and delivered his famous frontier thesis To a less than enthusiastic audience he argued that the existence of an area of free land its continuous recession and the advance of American settlement westward explain American development that this frontier accounted for American democracy and character and that the frontier had closed forever with uncertain consequences for the American future Despite the indifference of Turner s first audience his essay would soon prove to be the single most influential piece of writing on American history with extraordinary impact both in intellectual circles and in popular literature Within a few years his views had become the dominant interpretation of the American past A collection of his essays won the Pulitzer Prize and for almost half a century Turner s thesis was the most familiar model taught in schools extolled by politicians and screened in fictional form at local movie theaters each Saturday afternoon Now a hundred years after Turner s famous address award winning biographer John Mack Faragher collects and introduces the pioneer historian s ten most significant essays Remarkable for their truly modern sense that a debate about the past is simultaneously a debate about the present these essays remain stimulating reading both as a road map to the early twentieth century American mind and as a model of committed scholarship Faragher introduces us to Turner s work with a look at his role as a public intellectual and his effect on Americans understanding of their national character In the afterword Faragher turns to the recent heated debate over Turner s legacy Western history has reemerged in the news as historians argue over Turner s place in our current mind set In a world of dizzying intellectual change it may come as something of a surprise that historians have taken so long to overturn the interpretation of a century old conference paper But while some claim that Turner s vision of the American West as a great egalitarian land of opportunity was long ago dismissed others in the words of historian Donald Worster maintain that Turner still presides over western history like a Holy Ghost Against this backdrop Faragher looks at what the concept of the West means to us today and provides a reader s guide to the provocative new literature of the American frontier Rereading these essays in the fresh light of Faragher s analysis brings new appreciation for the richness of Turner s work and an understanding of contemporary historians admiration for Turner s commitment to the study of what it has meant to be American

An Analysis of Frederick Jackson Turner's The Significance of the Frontier in American History Joanna Dee Das, Joseph Tendler, 2017-07-05 Frederick Jackson Turner s 1893 essay on the history of the United States remains one of the most famous and influential works in the American canon That is a testament to Turner s powers of creative synthesis in a few short pages he succeeded in redefining the way in which whole generations of Americans understood the manner in which their country was shaped and their own character moulded by the frontier experience It is largely thanks to Turner s influence that the idea of America as the home of a sturdily independent people one prepared ultimately to obtain justice for

themselves if they could not find it elsewhere was born The impact of these ideas can still be felt today in many Americans suspicion of big government in their attachment to guns even in Star Trek s vision of space as the final frontier Turner s thesis may now be criticised as limited in its exclusion of women and over stated in its focus on the western frontier That it redefined an issue in a highly impactful way and that it did so exceptionally eloquently cannot be doubted The Significance of the Frontier in American History Joanna Dee Das,Joseph Tendler,2017-07-05 Frederick Jackson Turner s 1893 essay on the history of the United States remains one of the most famous and influential works in the American canon That is a testament to Turner s powers of creative synthesis in a few short pages he succeeded in redefining the way in which whole generations of Americans understood the manner in which their country was shaped and their own character moulded by the frontier experience It is largely thanks to Turner s influence that the idea of America as the home of a sturdily independent people one prepared ultimately to obtain justice for themselves if they could not find it elsewhere was born The impact of these ideas can still be felt today in many Americans suspicion of big government in their attachment to guns even in Star Trek s vision of space as the final frontier Turner s thesis may now be criticised as limited in its exclusion of women and over stated in its focus on the western frontier That it redefined an issue in a highly impactful way and that it did so exceptionally eloquently cannot be doubted **Frontiers for the American Century** James Spiller,2016-04-29 This book compares the cultural politics of the U S space and Antarctic programs during the Cold War It analyzes how culturally salient terms especially the nationalist motif of the frontier were used to garner public support for these strategic initiatives and more generally United States internationalism during this period *A Post-Exceptionalist Perspective on Early American History* Carroll P. Kakel III,2019-08-16 This book argues that early American history is best understood as the story of a settler colonial supplanting society a society intent on a vast land grab of American Indian space and driven by a logic of elimination and a genocidal imperative to rid the new white settler living space of its existing Indigenous inhabitants Challenging the still strongly held notion of American history as somehow exceptional or unique it locates the history of the United States and its colonial antecedents as a central part of rather than an exception to the emerging global histories of imperialism colonialism and genocide It also explores early American history in an imperial transnational and global frame showing how the precedent of the North American West and its colonial trope of Indian wars were used by like minded American and European expansionists to inspire and legitimate other imperial colonial adventures from the late nineteenth through the mid twentieth centuries **The Sower and the Seer** Joseph Hogan,Jon Lauck,Paul Murphy,Andrew Seal,Gleaves Whitney,2021-02-17 This collection of twenty two essays a product of recent revivals of interest in both Midwestern history and intellectual history argues for the contributions of interior thinkers and ideas in forming an American identity The Midwest has been characterized as a fertile seedbed for the germination of great thinkers but a wasteland for their further growth The Sower and the Seer reveals that representation to be false In fact the region has sustained many innovative

minds and been the locus of extraordinary intellectualism It has also been the site of shifting interpretations to some a frontier to others a colonized space a breadbasket a crossroads a heartland As agrarian reformed and Michigander Liberty Hyde Bailey expressed in his 1916 poem Sower and Seer the Midwestern landscape has given rise to significant visionaries just as their knowledge has nourished and shaped the region The essays gathered for this collection examine individual thinkers writers and leaders as well as movements and ideas that shaped the Midwest including rural school consolidation women s literary societies Progressive era urban planning and Midwestern radical liberalism While disparate in subject and style these essays taken together establish the irrefutable significance of the intellectual history of the American Midwest

A New History of Kentucky James C. Klotter, Craig Thompson Friend, 2018-11-26 When originally published A New History of Kentucky provided a comprehensive study of the Commonwealth bringing it to life by revealing the many faces deep traditions and historical milestones of the state With new discoveries and findings the narrative continues to evolve and so does the telling of Kentucky s rich history In this second edition authors James C Klotter and Craig Thompson Friend provide significantly revised content with updated material on gender politics African American history and cultural history This wide ranging volume includes a full overview of the state and its economic educational environmental racial and religious histories At its essence Kentucky s story is about its people not just the notable and prominent figures but also lesser known and sometimes overlooked personalities The human spirit unfolds through the lives of individuals such as Shawnee peace chief Nonhelema Hokolesqua and suffrage leader Madge Breckinridge early land promoter John Filson author Wendell Berry and Iwo Jima flag raiser Private Franklin Sousley They lived on a landscape defined by its topography as much as its political boundaries from Appalachia in the east to the Jackson Purchase in the west and from the Walker Line that forms the Commonwealth s southern boundary to the Ohio River that shapes its northern boundary Along the journey are traces of Kentucky s past its literary and musical traditions its state level and national political leadership and its basketball and bourbon Yet this volume also faces forthrightly the Commonwealth s blemishes the displacement of Native Americans African American enslavement the legacy of violence and failures to address poverty and poor health A New History of Kentucky ranges throughout all parts of the Commonwealth to explore its special meaning to those who have called it home It is a broadly interpretive all encompassing narrative that tells Kentucky s complex extensive and ever changing story

Encyclopedia of Local History Amy H. Wilson, 2017-02-06 The Encyclopedia of Local History addresses nearly every aspect of local history including everyday issues theoretical approaches and trends in the field This encyclopedia provides both the casual browser and the dedicated historian with adept commentary by bringing the voices of over one hundred experts together in one place Entries include Terms specifically related to the everyday practice of interpreting local history in the United States such as African American History City Directories and Latter Day Saints Historical and documentary terms applied to local history such as Abstract Culinary History and Diaries Detailed entries for major

associations and institutions that specifically focus on their usage in local history projects such as Library of Congress and Society of American Archivists Entries for every state and Canadian province covering major informational sources critical to understanding local history in that region Entries for every major immigrant group and ethnicity Brand new to this edition are critical topics covering both the practice of and major current areas of research in local history such as Digitization LGBT History museum theater and STEM education Also new to this edition are graphics including 48 photographs Overseen by a blue ribbon Editorial Advisory Board Anne W Ackerson James D Folts Tim Grove Carol Kammen and Max A van Balgooy this essential reference will be frequently consulted in academic libraries with American and Canadian history programs public libraries supporting local history museums historic sites and houses and local archives in the U S and Canada This third edition is the first to include photographs

Out of a Gray Fog Claudia Franziska Bruhwiler, 2021-08-19 As to Europe keep it in a gray ominous evil fog Ayn Rand 1905 1982 thus commented on the role of Europe in her key novel *Atlas Shrugged* 1957 The same could be said of the way Europe features in her own biography and in the general perception of her persona Even though Rand was born in pre revolutionary Russia she is nowadays considered an American phenomenon whose reach ends at the Atlantic shore This book lifts the gray fog cast over her relationship with Europe retracing the changing perception of the continent in both her fiction and thought Her apparent lack of success with European readers is often explained by allegedly different reading tastes However a look at her publication history and reception shows that many factors played a role why her work found fewer European than US readers Finally an archipelago of European readers and admirers emerges which is testament to Rand's impact on European art and politics

Fifty Key Thinkers on History Marnie Hughes-Warrington, 2014-09-04 *Fifty Key Thinkers on History* is an essential guide to the most influential historians theorists and philosophers of history The entries offer comprehensive coverage of the long history of historiography ranging from ancient China Greece and Rome through the Middle Ages to the contemporary world This third edition has been updated throughout and features new entries on Machiavelli Ranajit Guha William McNeil and Niall Ferguson Other thinkers who are introduced include Herodotus Bede Ibn Khaldun E H Carr Fernand Braudel Eric Hobsbawm Michel Foucault Edward Gibbon Each clear and concise essay offers a brief biographical introduction a summary and discussion of each thinker's approach to history and how others have engaged with it a list of their major works and a list of resources for further study

The American West: A New Interpretive History Robert V. Hine, John Mack Faragher, Jon T. Coleman, 2017-08-08 A fully revised and updated new edition of the classic history of western America The newly revised second edition of this concise engaging and unorthodox history of America's West has been updated to incorporate new research including recent scholarship on Native American lives and cultures An ideal text for course work it presents the West as both frontier and region examining the clashing of different cultures and ethnic groups that occurred in the western territories from the first Columbian contacts between Native Americans and Europeans up to the end of the twentieth century The Routledge

Handbook to the Culture and Media of the Americas Wilfried Raussert, Giselle Liza Anatol, Sebastian Thies, Sarah Corona Berkin, 2020-03-02 Exploring the culture and media of the Americas this handbook places particular emphasis on collective and intertwined experiences and focuses on the transnational or hemispheric dimensions of cultural flows and geocultural imaginaries that shape the literature arts media and other cultural expressions in the Americas The Routledge Handbook to the Culture and Media of the Americas charts the pervasive asymmetrical flows of cultural products and capital and their importance in the development of the Americas The volume offers a comprehensive understanding of how inter American communication is constituted framed and structured and covers the artistic and political dimensions that have shaped literature art and popular culture in the region Forty six chapters cover a range of inter American key concepts and dynamics divided into two parts Literature and Music deals with inter American entanglements of artistic expressions in the Western Hemisphere including music dance literary genres and developments Media and Visual Cultures explores the inter American dimension of media production in the hemisphere including cinema and television photography and art journalism radio digital culture and issues such as freedom of expression and intellectual property This multidisciplinary approach will be of interest to a broad array of academic scholars and students in history sociology political science and cultural postcolonial gender literary globalization and media studies

Borderland Narratives Andrew K. Frank, A. Glenn Crothers, 2019-04-16 Broadening the idea of borderlands beyond its traditional geographic meaning this volume features new ways of characterizing the political cultural religious and racial fluidity of early America It extends the concept to regions not typically seen as borderlands and demonstrates how the term has been used in recent years to describe unstable spaces where people cultures and viewpoints collide The essays include an exploration of the diplomacy and motives that led colonial and Native leaders in the Ohio Valley including those from the Shawnee and Cherokee to cooperate and form coalitions a contextualized look at the relationship between African Americans and Seminole Indians on the Florida borderlands and an assessment of the role that animal husbandry played in the economies of southeastern Indians An essay on the experiences of those who disappeared in the early colonial southwest highlights the magnitude of destruction on these emergent borderlands and features a fresh perspective on Cabeza de Vaca Yet another essay examines the experiences of French missionary priests in the trans Appalachian West adding a new layer of understanding to places ordinarily associated with the evangelical Protestant revivals of the Second Great Awakening Collectively these essays focus on marginalized peoples and reveal how their experiences and decisions lie at the center of the history of borderlands They also look at the process of cultural mixing and the crossing of religious and racial boundaries A timely assessment of the dynamic field of borderland studies Borderland Narratives argues that the interpretive model of borders is essential to understanding the history of colonial North America A volume in the series Contested Boundaries edited by Gene Allen Smith Contributors Andrew Frank A Glenn Crothers Rob Harper Tyler Boulware Carla Geronza Rebekah M K Mergenthal Michael Pasquier Philip

Mulder Julie Winch *One West, Two Myths II* Robert Thacker, C. L. Higham, 2006 Presents scholarly views on the comparison of the Canadian and American Wests and the various methodologies involved *The Routledge History of Twentieth-Century United States* Jerald Podair, Darren Dochuk, 2018-05-02 The Routledge History of the Twentieth Century United States is a comprehensive introduction to the most important trends and developments in the study of modern United States history Driven by interdisciplinary scholarship the thirty four original chapters underscore the vast range of identities perspectives and tensions that contributed to the growth and contested meanings of the United States in the twentieth century The chronological and topical breadth of the collection highlights critical political and economic developments of the century while also drawing attention to relatively recent areas of research including borderlands technology and disability studies Dynamic and flexible in its possible applications The Routledge History of the Twentieth Century United States offers an exciting new resource for the study of modern American history **Damn Great Empires!** Alexander Livingston, 2016 *Damn Great Empires* offers a new perspective on the works of William James by placing his encounter with American imperialism at the center of his philosophical vision This book reconstructs James's overlooked political thought by treating his anti imperialist Nachlass his speeches essays notes and correspondence on the United States annexation of the Philippines as the key to unlocking the political significance of his celebrated writings on psychology religion and philosophy It shows how James located a craving for authority at the heart of empire as a way of life a craving he diagnosed and unsettled through his insistence on a modern world without ultimate foundations Livingston explores the persistence of political questions in James's major works from his writings on the self in *The Principles of Psychology* to the method of Pragmatism the study of faith and conversion in *The Varieties of Religious Experience* and the metaphysical inquiries in *A Pluralistic Universe* Against the conventional view of James as a thinker who remained silent on questions of politics this book places him in dialogue with a transatlantic critique of modernity as well as with champions and critics of American imperialism from Theodore Roosevelt to W E B Du Bois in order to excavate James's anarchistic political vision Bringing the history of political thought into conversation with contemporary debates in political theory *Damn Great Empires* offers a fresh and original reexamination of the political consequences of pragmatism as a public philosophy **The Frontiers of Mission** Alison Forrestal, Seán Alexander Smith, 2016-08-22 In exploring the shifting realities of missionary experience during the course of imperialist ventures and the Catholic Reformation *The Frontiers of Mission Perspectives on Early Modern Missionary Catholicism* provides a fresh assessment of the challenges that the Catholic church encountered at the frontiers of mission in the early modern era Bringing together leading international scholars the volume tests the assumption that uniformity and co ordination governed early modern missionary enterprise and examines the effects of distance and de centering on a variety of missionaries and religious orders Its essays focus squarely on the experiences of the missionaries themselves to offer a nuanced consideration of the meaning of missionary Catholicism and its evolving relationship with

newly discovered cultures and political and ecclesiastical authorities **The Invention of Dolores Del Rio** Joanne Herschfield, 2000 Dolores del Rio challenged Hollywood's and the public's prevailing views on race and gender from the 1920s through the 1960s Her roles costumes and makeup along with the advertising publicity and reviews of her films reveal the influence of her ethnicity and her construction as an exotic commodity her sexual image ran counter to the dominant social standards for femininity and against miscegenation but her exoticism and the promotion of it contributed to her renown as one of Hollywood's most enduring stars **Seapower States** Andrew Lambert, 2018-11-27 A fascinating geopolitical chronicle A superb survey of the perennial opportunities and risks in what Herman Melville called the watery part of the world The Wall Street Journal In this volume one of the most eminent historians of our age investigates the extraordinary success of five small maritime states Andrew Lambert author of *The Challenge Britain Against America in the Naval War of 1812* winner of the prestigious Anderson Medal turns his attention to Athens Carthage Venice the Dutch Republic and Britain examining how their identities as seapowers informed their actions and enabled them to achieve success disproportionate to their size Lambert demonstrates how creating maritime identities made these states more dynamic open and inclusive than their lumbering continental rivals Only when they forgot this aspect of their identity did these nations begin to decline Recognizing that the United States and China are modern naval powers rather than seapowers is essential to understanding current affairs as well as the long term trends in world history This volume is a highly original big think analysis of five states whose success and eventual failure is a subject of enduring interest by a scholar at the top of his game An intriguing series of stories of communities thinking seriously about how to stand their own ground when outpowered how to do so in ways that are consistent with their values and sometimes how to negotiate the descent from being a great power when the cards just aren't in their favor any more These are timely questions Times Higher Education Supplement Lambert is without a doubt the most insightful naval historian writing today The Times *American Pentimento* Patricia Seed, 2001 The modern regulations and pervading attitudes that control native rights in the Americas may appear unrelated to the European colonial rule but traces of the colonizers cultural religious and economic agendas remain Patricia Seed likens this situation to a pentimento a painting in which traces of older compositions become visible over time and shows how the exploitation begun centuries ago continues today Seed examines how the goals of European colonialist in the Americas The English appropriated land while the Spanish and Portuguese attempted to eliminate barbarous religious behavior and used indigenous labor to take mineral resources Ultimately each approach denied native people distinct aspects of their heritage Seed argues that their differing effects persist with natives in former English colonies fighting for land rights while those in former Spanish and Portuguese colonies fight for human dignity Book jacket

Getting the books **Rereading Frederick J Turner Frontier In American History** now is not type of inspiring means. You could not abandoned going in imitation of ebook increase or library or borrowing from your associates to entry them. This is an certainly simple means to specifically get guide by on-line. This online pronouncement Rereading Frederick J Turner Frontier In American History can be one of the options to accompany you behind having additional time.

It will not waste your time. tolerate me, the e-book will unconditionally melody you new business to read. Just invest little period to entry this on-line proclamation **Rereading Frederick J Turner Frontier In American History** as capably as review them wherever you are now.
