Glazier, Charles A. Flowerday, 2003-12-30 Brings together in one volume a number of key theoretical and methodological advances in the anthropological study of religion Chapters cover important topics not ordinarily included in books dealing with the anthropology of religion e g bipedalism the study of alcohol film and video images notions of religious agency In addition this collection is intended to build bridges between anthropologists of religion and religious studies scholars Over the last four decades anthropologists have grappled with the dialectical relationship between the examination of cultures from the emic or insider perspective and the etic or outsider perspective Nowhere is this creative tension more evident than in the anthropological study of religion In this volume anthropologists and religious studies scholars come to terms not only with a landscape that has shifted fundamentally but a landscape that is still shifting Essays in this collection raise new and important issues for the anthropological study of religion in new and important ways In intensely personal essays a number of contributors address two fundamental concerns in the study of religion 1 how should anthropologists deal with the beliefs and practices of others and 2 how should anthropologists deal with their own religious backgrounds and beliefs as these may affect their understanding of the beliefs and practices of others A partial resolution to both questions is necessary before the anthropological study of religion can advance to a higher level The Psychology of Religious Behaviour, Belief and Experience Benjamin Beit-Hallahmi, Michael Argyle, 2014-03-18 Because society is increasingly secular it may seem irrelevant to consider the psychology of religion But the diversity of our multi ethnic and multi cultural society in fact makes religion more important to the social sciences than it has ever been before What are the social consequences of religion Every day the news is full of events that can be blamed on religion perpetrated by a range of groups from whole societies to individuals Beit Hallami and Argyle are renowned for their clear analytical approach to topics and this new state of the art study of psychology and religion is no exception It will be welcomed as an update to their previous work in the area by social psychologists sociologists and theologians worldwide **Religion and Mental Health**, 1980 References to 1836 journal articles dissertations and books published since 1970 Also contains foreign language titles Focuses on literature dealing with the theoretical and practical relationships between religion and mental

health Classified arrangement Each entry gives bibliographical information and abstract Author subject indexes *An Introduction to Psychology of Religion* Robert W. Crapps,1986 Developed in almost thirty years of classroom experience this book is designed to introduce students and other readers to the psychological study of religion Robert W Crapps deals with the major questions and figures that have dominated the psychological study of religion over the past century dividing the discussion into four parts Two chapters in part one suggest the problems and possibilities for the psychological study of religion in light of the nature of religion and the scientific method Part two sketches the contributions to the study of religion of three intellectual currents in contemporary psychology psychoanalysis behaviorism and humanistic psychology part three explores the relationship between religion and human development while part four directs attention to religious lifestyles and that weave differentiated parts of human experience into a cohesive whole Publisher description Psychiatry and the Cults John A. Saliba,2018-09-24 Originally published in 1987 this title was compiled in response to the concern in some segments of society about the presence of new religious movements in the West in the second half of the twentieth century There are lots of psychological questions surrounding cults and the influence they have over their members These questions have been operative in the accumulation of this annotated bibliography which was intended primarily as a reference guide for psychiatrists and counsellors who advise cult members ex cult members and their bewildered parents and lawyers who use psychiatric arguments in the courts **Academic Advocacy for New Religious Movements** Benjamin Beit-Hallahmi,2025-03-21 This book explores the intersection of advocacy and academic practice within the social sciences focusing on the ethical dimensions and potential consequences of researchers engaging in political action on behalf of the groups they study Investigating the ethical and practical implications of advocacy in academic work specifically within the social sciences It examines how scholars guided by their research and vision for social change engage politically to support the groups they study The book addresses the debate surrounding academic advocacy is it harmful or a necessary pursuit Through a detailed study of a historical advocacy movement it analyzes the global campaign to gain legitimacy for new religious movements NRMs between 1980 and 2000 It is an important read for scholars of New Religious Movements and those interested in the way religion is studied **Advances in the Psychology of Religion** Michael Argyle,2013-10-22 This collection of previously unpublished papers written by well known researchers in the psychology of religion is unique in its broad coverage and in its comparison between quite different and strictly theoretical perspectives The subjects range from theoretical analyses of social science perspectives on religion and its methods to reports of experimental correlational or descriptive studies of religious experience and attitudes The emphasis throughout is on the directions in which this work might move in the future Psychology and Its Allied Disciplines M. H. Bornstein,2019-01-15 Published in 1984 Psychology and its Allied Disciplines is a valuable contribution to the field of Developmental Psychology Routledge is an imprint of Taylor Francis an informa company **Psychological Perspectives on Prayer** Leslie John Francis,Jeff Astley,2001 This book

Holloway,2010-05-24 Japanese women singled out for their commitment to the role of housewife and mother are now postponing marriage and bearing fewer children Japan has become one of the least fertile and fastest aging countries in the world Why are so many Japanese women opting out of family life To answer this question the author draws on in depth interviews and extensive survey data to examine Japanese mothers perspectives and experiences of marriage parenting and family life The goal is to understand how as introspective self aware individuals these women interpret and respond to the barriers and opportunities afforded within the structural and ideological contexts of contemporary Japan The findings suggest a need for changes in the structure of the workplace and the education system to provide women with the opportunity to find a fulfilling balance of work and family life

Identity, Gender, and Status in Japan Takie Lebra,2007-06-21 As one of Japan s leading post war anthropologists the writings of Takie Lebra have had significant impact on Western understanding and appreciation of the structures and workings of Japanese society In particular her research into the notions of self and self other relationships issues of gender and women and motherhood has provided a new paradigm in the way these issues are now addressed Similarly her analysis of the status culture of royalty and the aristocracy in Japan based on extensive field study which culminated in her book *Above the Clouds Status Culture of the Modern Japanese Nobility* 1993 has been widely regarded as the most important contribution of its kind to date This volume brings together twenty four of the author s key papers on the three principal areas of her research over the last thirty five years and includes a complete Bibliography of her published writings subdivided into books articles in journals or as book chapters and book reviews The collection is introduced by Takie Lebra herself in which she first reviews selected essays appearing in the volume along with a consideration of the contemporary controversy surrounding the imperial succession In conclusion by way of a personal mini memoir she offers what she terms a sentimental reverie on my own self as a native outsider

Ancestors William H. Newell,2011-07-20 No detailed description available for *Ancestors* *Sacrifice in Religious Experience* Albert I. Baumgartner,2018-09-24 This book presents revised papers delivered at the 1998 and 1999 Taubes Minerva Center for Religious Anthropology conferences The papers from the 1998 conference discuss the role of sacrifice in religious experience from a comparative perspective Those from the second conference examine alternatives to sacrifice The first theme has been much elaborated in recent scholarship and the essays here participate in that on going inquiry The second theme has been less explored and the goal of this volume is to stimulate examination of the topic by offering a set of test cases In both sections of the volume a wide variety of religious traditions are considered The essays show that in spite of the inclination we may sometimes have to consider sacrifice part of the idolatrous past long overcome it

remains a persistent and meaningful part of religious experience
