Education in the People's Republic of China, Past and Present Franklin Parker, Betty June Parker, 2017-12-12 The 3053 entries in this work first published in 1986 comprise the compilers attempt at a comprehensive annotated bibliography of the most useful locatable books monographs pamphlets regularly and occasionally issued serials scholarly papers and selected newspaper accounts dealing in a significant way with formal and informal public and private education in the People's Republic of China before and since 1949 **New Perspectives on State Socialism in China** Timothy Cheek, Tony Saich, 2016-12-05 Placing Chinese Community Party history in the realm of social history and comparative politics this text studies the roots of the policy failures of the late Maoist period and the tenacity of the CCP **Endogenous Origins of Economic Reforms in India and China** Rajiv G. Malusté, 2011-07 Attitudinal change in the context of economic reforms has been referred to in Rodrik and Subramanian 2005 DeLong 2003 Kohli 1989 and Panagariya 2004 2008 This dissertation provides empirical support for this literature establishing an earlier start for India's economic policy liberalisation than presented in stylized accounts It demonstrates the endogenous nature of the origins of these policy shifts Attitudinal change literature had directed attention to the need for further research into India's policy changes of the early 1980s and for studying broader comparability issues in other developing countries This research makes a contribution towards filling these gaps This dissertation shows that India started its economic liberalisation under the Indira Gandhi administration from 1980 to 1984 These findings depart from the conventional view that India's economic policy changes were initiated by the Narasimha Rao government in 1991 or by the Rajiv Gandhi administration in the mid to late 1980s The dissertation establishes that policy shifts of the early 1980s had endogenous origins in the political leadership's attitudinal changes The Indira Gandhi administration of the early 1980s revisited the statist policies of its previous tenure from 1966 to 1977 The new approach entailed more openness towards private enterprise scaling back the role of the public sector and starting India

s integration into the global economy The dissertation also discusses the comparable role of attitudinal changes at the start of China s policy liberalisation led by Deng Xiaoping from 1978 to 1982 It focuses on the significance and challenges faced by China s political leadership in bringing about societal attitudinal change The dissertation concludes by drawing comparisons between India and China developing a linkage between their endogenous attitudinal changes and economic policy liberalisation
