This valuable book will assist theological librarians, instructors, researchers, and others in making sense of the vast amounts of religious and theological information available today on the Internet. It provides a general overview of what's out there and specific examples that you can access as you read. Beginning with a thorough discussion of information technology and theological libraries, *Theological Librarians and the Internet: Implications for Practice* compares and contrasts the state of the field in 1990 with the situation that theological librarians face today. Then you'll learn how theological libraries are beginning to utilize Web catalogs to improve access to their unique collections and how the major gateways to these catalogs can be accessed. This unique book also provides you with predictions for the future of Web OPACs. *Theological Librarians and the Internet* is filled with information on electronic journals in religious studies, Web-based online catalogs in theological libraries, theological distance education, Christian art on the Internet, homiletics and liturgy on the Internet, Web site design, a Web-based tutorial on Judaism, *Theological Librarians and the Internet* will familiarize you with the creation and structure of the Wabash Center Guide to Internet Resources in Religion. It will also instruct you in using the Internet in religious studies courses and show you how to design a user-friendly Web site for your library so that all of your patrons can navigate it efficiently. No one interested in finding religious information on the Web should be without this volume. **Information Resources in the Humanities and the Arts** Anna H. Perrault Ph.D., Elizabeth S. Revisionism and Diversification in New Religious Movements Eileen Barker,2016-04-08 New Religious Movements tend to start their lives with a number of unequivocal statements not only of a theological nature but also about the world and appropriate behaviours for the believer Yet these apparently inalienable Truths and their interpretations frequently become revised adjusted or selectively adopted by different believers This book explores different ways in which as NRMs develop stagnate fade away or abruptly cease to exist certain orthodoxies and practices have for one reason or another been dropped or radically altered Sometimes such changes are adapted by only a section of the movement resulting in schism Of particular concern are processes that might lead to violent and or anti social behaviour As part of the Ashgate Inform series and in the spirit of the Inform Seminars this book approaches its topic from a wide range of perspectives Contributors include academics current and former members of NRMs and members of cult watching movements All the contributions are of a scholarly rather than a polemic nature and brought together by Eileen Barker the founder of Inform **World Christian**

Trends Ad30-ad2200 (hb) ,2001 The World's Religious Traditions Frank Whaling,2016-10-06 The aim of this book is to make a major contribution to the field of religious studies while at the same time paying tribute to the work of Wilfred Smith Although the basis of the chapters is provided by Smith s themes of faith and tradition and Smith s approach to the study of religion this book stands in its own right as a significant addition to both content and method in the global history of religions First published in 1984 it includes contributions by Geoffrey Parrinder Annemarie Schimmel George Rupp Ninian Smart and others

Holy Communion, a Spiritual Agent of Harmonious Diversity in Christ Rev. Dr. Kevin Brown,2024-06-21 Martin King said that the most segregated hour in America is Sunday morning alluding to the fractured condition of the universal body of Christ s followers the Church From 2002 to 2010 I had the privilege of serving as the Executive Director of a nonprofit called Operation Breaking Through serving the greater Hampton Roads area The nonprofit was a network of over one hundred local churches One of my primary responsibilities was to promote racial reconciliation and harmony between the diverse ethnic churches In most cases the demographics of these churches failed to reflect their community Most congregations were monoethnic Significant progress was evident after several years of pastoral internal and congregational

external panel and group discussions Church pastors were pulpit swapping and churches were partnering in community outreach Up to this point I realized how much blood sweat tears and time I had spent encouraging pastors and congregations to recognize promote and practice fellowship and communal service Though good and somewhat effective these efforts were all physical with very little thought of spiritual application It wasn't until I was required to write a paper for a theology class at North Park that God opened my eyes to a deep understanding of the sacrament of Holy Communion Realizing that all actual Christian denominations and non dominations mandate practicing this sacrament I gleaned from my studies the spiritual connectedness all believers share in this one sacred act and the binding blood ties all believers share with the author of this sacrament In that one epiphany the dividing wall of ethnicity culture and social Christian norms fell Had Christ by instituting this faithful act woven into the DNA of our born again experience the ability for His divine love and truth to break the chains we would inevitably erect through the weakness of our humanity selfishness and pride What if this one DNA trait of holy communion could activate the true koinonia which may lay dormant in believers because of historical traditions and practices erected by human made religion What if God allowed us to see and experience the depth of spiritual love for our brothers and sisters despite our differences What if we saw communion as a remembrance of the greatest act of love known to humanity and allowed that remembrance to kindle and rekindle a spiritual intimacy between believers that overcomes our bias prejudice privilege and any barrier to the believer's oneness in Christ Holy Communion a Spiritual Agent of Harmonious Diversity in Christ explores this more profound understanding and revelatory power to breathe new life into the reading believer
