Research In An Unequal World:

Global Health Research in an Unequal World P Wenzel Geissler, Tracey Chantler, Gemma Aellah, 2020-10-09 This book is a collection of fictionalised case studies of everyday ethical dilemmas and challenges encountered in the process of conducting global health research in places where the effects of global political and economic inequality are particularly evident It is a training tool to fill the gap between research ethics guidelines and their implementation on the ground The case studies therefore focus on relational ethics ethical actions and ideas that emerge through relations with others rather than in regulations This work was published by Saint Philip Street Press pursuant to a Creative Commons license permitting commercial use All rights not granted by the work's license are retained by the author or authors [Global Health Research in an Unequal World](#) Gemma Aellah, Tracey Chantler, Wenzel Geissler, 2016 This title is available as an Open Access eBook for free from CABI's eBook platform Visit their website at www.cabi.org/cabebooks/ebook/20163308509 This book is a collection of fictionalized case studies of everyday ethical dilemmas and challenges encountered in the process of conducting global health research in places where the effects of political and economic inequality are particularly evident It is a training tool to fill the gap between research ethics guidelines and their implementation on the ground The cases focus on relational ethics ethical actions and ideas that continuously emerge through relations with others rather than being determined by bioethics regulation They are based on stories and experiences collected by a group of social anthropologists who have worked with leading transnational medical research organizations across Africa in the past decade Accompanied by guidelines discussion questions and selected further readings the book provides a flexible resource for training and self study for people engaged in health research with universities international collaborative sites and NGOs and for everyone interested in the realities of global health research today **Global Health Research in an Unequal World : Ethics Case Studies from Africa**, 2016 This book is a collection of fictionalised case studies of everyday ethical dilemmas and challenges encountered in the process of conducting global health research in places where the effects of global political and economic inequality are particularly evident It is a training tool to fill the gap between research ethics guidelines and their implementation on the ground The case studies therefore focus on relational ethics ethical actions and ideas that emerge through relations with others rather than in regulations [Social Work in an Unequal World](#) Rajendra Baikady, 2025 Social Work in an Unequal World offers a comprehensive collection of current global perspectives addressing the complex issues arising at the intersection of inequality and social work The book aims to help social work educators students practitioners and policy makers think critically about the skills and knowledge they need to understand and tackle inequality and provide meaningful help to the people most in need *Re-Thinking Social Research* Beth Humphries, 2017-07-05 Social research plays an important part in the social sciences and in the planning and implementation of personal social services Whilst considerable attention has been paid to the methods used to undertake social research little has been done to explore the processes under which it is carried

out This volume explores the process of social research from an anti discriminatory perspective Contributors address themes connected to every aspect of social research from its design through fieldwork to implementation of findings Papers adopt critical perspectives to explore issues to do with many aspects of power and difference in research including the power of black feminist research issues in collaborative research anti discriminatory methodologies quality of life in people with learning difficulties and participatory research The book addresses many key issues which have been at the centre of current social debate and offers a unique contribution to the literature on research methodology As such it is likely to have a wide readership with both academic audiences and practice based welfare professions

Equity in Global Health Research

Elijah Bisung,Katrina Plamondon,2023-11-24 This thoughtful book offers unique insights on global health research drawing attention to the equity choices embedded in day to day patterns and assumptions that shape how people do think about and navigate research It invites readers to position equity as the driving principle and purpose of this field and presents a plethora of examples that demonstrate how to navigate the complex work of centring equity in research This book provides foundational content on the standards of guiding equity considerations in global health with chapters adopting cross disciplinary methods of engaging in equity thinking and doing Chapters explore applications of six distinct elements of the CCGHR Principles for Global Health Research including partnering authentically embracing inclusion sharing benefits committing to the future acting on causes of inequities and practicing humility Each chapter is accompanied with engaging reflection questions This book is a pivotal resource for those who perform use or support global equity health research It will appeal to students researchers policy makers professionals and funders as well as those with an interest in and commitment to centring equity in their approaches to doing using or supporting health research

The Ashgate Research Companion to Critical Geopolitics Merje Kuus,2016-04-01 Since the late 1980s critical geopolitics has gone from being a radical critical perspective on the disciplines of political geography and international relations theory to becoming a recognised area of research in its own right Influenced by poststructuralist concerns with the politics of representation critical geopolitics considers the ways in which the use of particular discourses shape political practices Initially critical geopolitics analysed the practical geopolitical language of the elites and intellectuals of statecraft Subsequent iterations have considered the role that popular representations of the international political world play As critical geopolitics has become a more established part of political geography it has attracted ever more critique from feminists for its apparent blindness to the embodied effects of geopolitical praxis and from those who have been uncomfortable about its textual focus while others have challenged critical geopolitics to address alternative resistant forms of geopolitical practice Again critical geopolitics has been reworked to incorporate these challenges and the latest iterations have encompassed normative agendas non representational theory emotional geographies and affect It is against the vibrant backdrop of this intellectual development of critical geopolitics as a subdiscipline that this Companion is set Bringing together leading researchers associated with the different forms of critical

geopolitics this volume produces an overview of its achievements limitations and areas of new and potential future development The Companion is designed to serve as a key resource for an interdisciplinary group of scholars and practitioners interested in the spatiality of politics

Research Handbook on International Law and Social Rights Christina Binder, Jane A. Hofbauer, Flávia Piovesan, Amaya Úbeda de Torres, 2020-08-28 This comprehensive Research Handbook offers a comparative overview of the history nature and current status of social rights at the universal and regional level Tracing their evolution from rather modest beginnings to becoming the category of rights responding most accurately to the 21st century's policy objectives of poverty eradication and equitable resource allocation this Research Handbook assesses the mechanisms used to enhance the implementation and enforcement of social rights

Contemporary Methods in International Legal Research Juan J Garcia Blesa, 2024-12-01 This book is a concise practical guide to some of the most relevant ways of thinking and doing international legal research today It is designed to help students and early career researchers to get acquainted with the theory and practice of a selection of non doctrinal modes of legal research that include feminist international law critical international law and TWAIL complemented with qualitative methods of empirical legal research The book also encourages a meaningful dialogue with traditional doctrinal styles of legal research The book's most innovative aspect is its practical learner centred approach which focuses on the applied learning of the modes of research presented

Social Work Research in Practice Heather D'Cruz, Martyn Jones, 2013-10-10 This new edition of Social Work Research in Practice Ethical and Political Contexts explores the intrinsic connection between knowledge research and practice in social work The authors argue that through a better appreciation of research the highest standards of social work can be achieved The second edition investigates contemporary approaches which impact on the discourses of social work research including Evidence based practice User led research Anti oppressive practice Practice based research Each chapter has been fully updated with a rich range of case examples and references Further reading is also included so that readers can expand their knowledge This book is a valuable resource for both undergraduate and postgraduate students as well as practitioners working in the field of social work Heather D Cruz works as a Consultant Research and Professional Education Martyn Jones is Associate Dean at RMIT University

Educational Research Practice in Southern Contexts Sharlene Swartz, Nidhi Singal, Madeleine Arnot, 2023-10-13 Bringing together a unique collection of 18 insightful and innovative internationally focused articles Educational Research Practice in Southern Contexts offers reflections case studies and critically research methods and processes which decentre reframe and reimagine conventional educational research strategies and operationalise the tenets of decolonising theory This anthology represents a valuable teaching resource It provides readers with the chance to read high quality examples of research that critique current ways of doing research and to reflect on how research methods can contribute to the project of decolonising knowledge production in and about education in for example Africa South Asia Asia and Latin America It grapples with everyday dilemmas and tricky ethical

questions about protection consent voice cultural sensitivity and validation by engaging with real world situations and increasing the potential for innovation and new collaborations Educational Research Practice in Southern Contexts will be essential reading for anyone teaching educational research methods and will encourage novice and experienced researchers to rethink their research approaches disentangle the local and global and challenge those research rituals codes and fieldwork practices which are often unproblematically assumed to be universally relevant **China's Rising Research**

Universities Robert A. Rhoads, Ji Baocheng, 2014-09-22 Charts the intentional and accelerated rise of China's research universities by analyzing how state policy has transformed key institutions This book addresses how state initiatives have influenced faculty life and academic culture at these campuses **Key Ideas in Educational Research** David

Scott, Marlene Morrison, 2005-11-01 It is easy for newcomers to educational research to be confused by the wide range of terms used in the field and consequently for them to find it challenging to relate such terms to their own research and practice This comprehensive guide consists of 120 concise but illuminative essays providing an explanation and definition of the term alternative explanations and definitions of the term the context in which it is used by educational researchers exemplars as to how the term is used and used be used in practice references to further literature cross references to other terms in the book *The Routledge Companion to Tax Avoidance Research* Nigar Hashimzade, Yuliya

Epifantseva, 2017-10-02 An inherently interdisciplinary subject tax avoidance has attracted growing interest of scholars in many fields No longer limited to law and accounting research increasingly has been conducted from other perspectives such as anthropology business ethics corporate social responsibility and economic psychology This was recently stimulated by politicians mass media and the public focussing on tax avoidance after the global financial and economic crisis put a squeeze on private and public finances New challenges were posed by changing definitions and controversies in the interpretation of tax avoidance concept as well as a host of new rules and policies that need to be fully understood This collection provides a comprehensive guide to students and academics on the subjects of tax avoidance from an interdisciplinary perspective exploring the areas of accounting law economics psychology and sociology It covers global as well as regional issues presents a discussion of the definition legality morality and psychology of tax avoidance and provides guidance on measurement of economic effect of tax avoidance activities With a truly international selection of authors from the UK North America Africa Asia Australasia Middle East and continental Europe with well known experts and rising stars of the field the contributors cover the entire terrain of this important topic The Routledge Companion to Tax Avoidance Research is a ground breaking attempt to bring together scholarly research in tax avoidance offering rigorous academic analysis of an important and hotly debated issue in a structured and balanced way *Third International Handbook of Globalisation, Education and Policy Research* Joseph Zajda, 2021-09-17 This handbook presents a global overview of current research in education and education policy reforms during the last decade It provides an accessible practical and comparative source of current research that

examines the intersecting and diverse discourses of this important issue. It first examines globalisation, education and policy research and reforms in higher education, including coverage of main trends in education and policy reforms globally as well as specific policy issues such as gender equity, minorities and human rights. Next, the handbook offers a comparative perspective that evaluates the ambivalent and problematic relationship between globalisation, the state and education reforms globally. It features coverage on curricula issues and education reforms in schools around the world, the curriculum in the global culture as well as globalisation and education futures with respect to social justice and human rights. The handbook contributes to a better and a more holistic understanding of the education reforms and research nexus, offering possible strategies for the effective and pragmatic policy planning and implementation at the local, regional and national levels. It will serve as a vital sourcebook of ideas for researchers, practitioners and policy makers in education.

A Research Agenda for Critical Political Economy Bill Dunn, 2020-09-25. Forward thinking and provocative, this Research Agenda demonstrates different approaches to the field from experts focusing on global and local and historical and contemporary issues. Eminent global scholars examine a diverse selection of interdisciplinary themes, raising questions surrounding future research, offering examples and linking the theory to its implications for practice and policy.

Inclusive Research with People with Learning Disabilities Kelley Johnson, Jan Walmsley, 2003-03-19. The authors discuss participative approaches to research and provide an up-to-date account of inclusive practice with individuals with learning disabilities. Drawing on evidence from two major studies, they explain how lessons learnt from inclusive research in the learning disability field are applicable to others working with marginalized groups.

Higher Education: Handbook of Theory and Research Michael B. Paulsen, 2014-07-08. Published annually since 1985, the Handbook series provides a compendium of thorough and integrative literature reviews on a diverse array of topics of interest to the higher education scholarly and policy communities. Each chapter provides a comprehensive review of research findings on a selected topic, critiques the research literature in terms of its conceptual and methodological rigor and sets forth an agenda for future research intended to advance knowledge on the chosen topic. The Handbook focuses on a comprehensive set of central areas of study in higher education that encompasses the salient dimensions of scholarly and policy inquiries undertaken in the international higher education community. Each annual volume contains chapters on such diverse topics as research on college students and faculty organization and administration, curriculum and instruction, policy, diversity issues, economics and finance, history and philosophy, community colleges, advances in research methodology and more. The series is fortunate to have attracted annual contributions from distinguished scholars throughout the world.

Research Handbook on Law and Marxism O'Connell, Paul, Özsu, Umut, 2021-12-14. This Research Handbook offers unparalleled insights into the large-scale resurgence of interest in Marx and Marxism in recent years, with contributions devoted specifically to Marxist critiques of law, rights and the state.

The Routledge Handbook on Livelihoods in the Global South Fiona Nunan, Clare Barnes, Sukanya Krishnamurthy, 2022-05-05. The

Routledge Handbook on Livelihoods in the Global South presents a unique timely comprehensive overview of livelihoods in low and middle income countries Since their widespread adoption in the 1990s livelihoods perspectives frameworks and methods have influenced diverse areas of research policy and practice The concept of livelihoods reflects the complexity of strategies and practices used by individuals households and communities to meet their needs and live their lives The Handbook brings together insights and critical analysis from diverse approaches and experiences learning from research and practice over the last 30 years The Handbook comprises an introductory section on key concepts and frameworks followed by five parts on researching livelihoods negotiating livelihoods generating livelihoods enabling livelihoods and contextualising livelihoods The introduction provides readers with an appreciation of concepts researched and applied in the five parts including chapters on vulnerability and resilience social capital and networks and institutions Each part reflects the diversity of approaches taken to understanding livelihoods whilst recognising commonalities including the centrality of power in shaping enabling and constraining livelihoods The book also reflects diversity of context including conflict climate change and religion as well as in generating livelihoods through agriculture small scale mining and pastoralism The aim of each chapter is to provide a critically informed introduction and overview of key concepts issues and debates of relevance to the topic with each chapter concluding with suggestions for further reading It will be an essential resource to students researchers and practitioners of international development and related fields Researchers and practitioners will also benefit from the book s diverse disciplinary contributions and by the wide and contemporary coverage
