The Encyclopedia of Aging Linda S. Noelker, PhD, Kenneth Rockwood, MD, FRCPC, Richard L. Sprott, Ph.D., 2006-03-17 A COMPREHENSIVE RESOURCE ON GERONTOLOGY AND GERIATRICS Since its inception in 1987 The Encyclopedia of Aging has proven to be the definitive resource for scholars and students across the burgeoning and increasingly interdisciplinary fields of gerontology and geriatrics Like its three esteemed predecessors the fourth edition contains concise readable explorations of hundreds of terms concepts and issues related to the lives of older adults as well as timely coverage of the many new programs and services for the elderly Updated under the distinguished stewardship of editor in chief Richard Schulz to reflect the infusion of new information across the scientific disciplines this new edition brings readers up to the moment significant advances in biology physiology genetics medicine psychology nursing social services sociology economics technology and political science While retaining the format and standard of excellence that marked the first three editions the fourth edition encompasses a wealth of new information from the social and health sciences It contains the most current bibliography of an expanding literature an exhaustive index and extensive cross references This much anticipated update of the field's most authoritative resource will take its place as an indispensable reference for specialists and non specialists across a broad range of disciplines that now comprise the field of aging

SPRINGER SERVING THE HEALTHCARE AND HELPING PROFESSIONS FOR MORE THAN 55 YEARS

Sexuality and the Elderly Bonnie L. Walker, 1997-05-12 This literature review was undertaken in order to determine what caregivers needed to know about elderly sexuality to determine

the needs of elderly people related to their sexuality and to determine how caregivers could best assist them in meeting those needs In selecting materials to be annotated for this book the first priority was given to empirical studies Also included were articles by prominent practitioners and researchers interested in elderly sexuality literature reviews and books written for the lay population which are often cited in the professional literature In addition to seeking knowledge about elderly sexuality and understanding attitudes about sexuality this literature review sought information about measurement issues and measurement instruments frequently used in research within elderly populations Also of interest were investigations of educational and training programs involving caregivers

Methods in Religion, Spirituality & Aging James W. Ellor, 2013-10-18 Since the 1971 White House Conference on Aging in the United States the need to move from religiosity into new areas such as Spiritual Assessment and Spirituality has emerged This movement has picked up momentum among scholars particularly in terms of research in the area of Spirituality While spirituality as a term is employed in many new studies this term continues to defy the quest for a single definition and method This book is divided into three sections In the first the authors reflect on the philosophical and theological issues presented by these terms from a variety of both cognate and practical methodological approaches The second section offers insights from the major professions of sociology psychology public health nursing and social work The final section offers insight and assistance to researchers and authors on specific religious traditions This book will be important for anyone working to develop such practical tools as spiritual assessment forms to those who engage in more formal scholarly investigation
