Choices Under Fire Michael

Bess,2009-03-12 World War II was the quintessential good war It was not however a conflict free of moral ambiguity painful dilemmas and unavoidable compromises Was the bombing of civilian populations in Germany and Japan justified Were the Nuremberg and Tokyo war crimes trials legally scrupulous What is the legacy bequeathed to the world by Hiroshima With wisdom and clarity Michael Bess brings a fresh eye to these difficult questions and others arguing eloquently against the binaries of honor and dishonor pride and shame and points instead toward a nuanced reckoning with one of the most pivotal conflicts in human history *The Final Battle for Earth* Obinna C. PAUL CRAWFORD,2025-08-01 The Hidden Scrolls The desert keeps its secrets well For centuries the winds of Judea have swept over the caves of Qumran covering what men once wrote with layers of dust and silence In 1947 shepherd boys stumbled upon jars that would shake the world the Dead Sea Scrolls Ancient prophecies prayers and scriptures preserved by time itself But even that discovery as monumental as it was was not the end of the story Some scrolls were never found Some were hidden more carefully Some carried words too dangerous to reveal This is where our story begins When a team of archaeologists uncovers a sealed jar beneath the desert floor they

believe they have stumbled upon another fragment of history But the parchment inside speaks not of the past it speaks of the present It whispers of nations rising alliances forming deception spreading and of a King whose return would shake the very foundations of the earth What was once buried in silence now cries out with urgency Yet not all want these words revealed For every truth uncovered there are forces determined to suppress it Ancient orders sworn to secrecy Political powers bound to deception And shadows willing to kill to keep the world blind The scrolls are more than artifacts They are a message a warning left for a generation that would see the fulfillment of prophecy with their own eyes The question is not whether the words are true The question is whether the world is ready to hear them This is a story of discovery and danger faith and fear betrayal and courage It is about men and women caught between earthly powers and eternal promises And it is about a truth too powerful to remain hidden The desert winds are stirring again The scrolls are calling The time of revelation has come
