Make Me Clean:

Lord, Make me Clean Larry Cochran, 2012-09 Now faith is the substance of things hoped for and the evidence of things not seen In this book I hope to expose sin as I expose my inner battle with sin We can work together to defeat sin for the glory of God We overcome by the blood of the lamb and the word of our testimony **No Longer Bound** James Henry Harris, 2013-05-14 No Longer Bound is about the intersection of reading comprehension and interpretation that leads to the development of a powerful and transformative sermon Reading facilitates the interpretive process which is the essence of any sermon The sermon is an interpretation of an interpretation and as such presents itself as a new gospel message The ability to write and preach a sermon is an exercise in freedom The book is grounded in a narrative theological form that begins with the author s experience and filters that experience through the lens of hermeneutic philosophy and theology Reading and preaching constitute the thread that runs throughout the book The book suggests that the sermon is the philosophic theology of Black practical religion inasmuch as the Black church is central to religion and culture This is a fresh and new understanding of homiletics philosophical theology and interpretation theory that is intended to produce better preachers and more powerful and life changing sermons by all who endeavor to preach **The Testimony of the**

Evangelists Simon Greenleaf, 2023-05-03 To the Members of the Legal Profession Gentlemen The subject of the following work I hope will not be deemed so foreign to our professional pursuits as to render it improper for me to dedicate it as I now respectfully do to you If a close examination of the evidences of Christianity may be expected of one class of men more than another it would seem incumbent on us who make the law of evidence one of our peculiar studies Our profession leads us to explore the mazes of falsehood to detect its artifices to pierce its thickest veils to follow and expose its sophistries to compare the statements of different witnesses with severity to discover truth and separate it from error Our fellow men are well aware of this and probably they act upon this knowledge more generally and with a more profound repose than we are in the habit of considering The influence too of the legal profession upon the community is unquestionably great conversant as it daily is with all classes and grades of men in their domestic and social relations and in all the affairs of life from the cradle to the grave This influence we are constantly exerting for good or ill and hence to refuse to acquaint ourselves with the evidences of the Christian religion or to act as though having fully examined we lightly esteemed them is to assume an appalling amount of responsibility The things related by the Evangelists are certainly of the most momentous character affecting the principles of our conduct here and our happiness for ever The religion of Jesus Christ aims at nothing less than the utter overthrow of all other systems of religion in the world denouncing them as inadequate to the wants of man false in their foundations and dangerous in their tendency It not only solicits the grave attention of all to whom its doctrines are presented but it demands their cordial belief as a matter of vital concernment These are no ordinary claims and it seems hardly possible for a rational being to regard them with even a subdued interest much less to treat them with mere indifference and contempt If not true

they are little else than the pretensions of a bold imposture which not satisfied with having already enslaved millions of the human race seeks to continue its encroachments upon human liberty until all nations shall be subjugated under its iron rule But if they are well founded and just they can be no less than the high requirements of Heaven addressed by the voice of God to the reason and understanding of man concerning things deeply affecting his relations to his sovereign and essential to the formation of his character and of course to his destiny both for this life and for the life to come Such was the estimate taken of religion even the religion of pagan Rome by one of the greatest lawyers of antiquity when he argued that it was either nothing at all or was everything Aut undique religionem tolle aut usquequaque conserva With this view of the importance of the subject and in the hope that the present work may in some degree aid or at least incite others to a more successful pursuit of this interesting study it is submitted to your kind regard by Your obedient servant Simon Greenleaf Harvard University Dane Hall May 1 1846 **The Journal of Sacred Literature** John Kitto,1857 *Dissertation on the Origin and Connection of the Gospels* James Smith,1853 **The Four Gospels at a Glance** Douay Rheims DRA,2020-10-15 Quick view Time saving no unnecessary searching Direct comparison possible Recommendable e g in exam preparations The following book consists of all biblical Gospels in table form Each Gospel is situated in one of four columns The various text passages are partitioned into themes All versions of an incident can be read parallel Thereby similarities and differences of numerous topics can be easily identified To help simplify there are dividing lines Hence the paragraphs and dedicated contents of an act enable a quick insight Accordingly each Gospel can be read continuously A better understanding is guaranteed Absolutely worthwhile *The Journal of Sacred Literature* ,1857 **The Journal of Sacred Literature and Biblical Record** ,1857

The NIV Matthew Henry Commentary in One Volume Matthew Henry,1992 Time has sealed the reputation of Matthew Henry s classic commentary as a rich source of insight into God s word Three centuries after its first publication it remains one of the best loved most popular commentaries ever written However while its wisdom is timeless the English language has changed much through the years Words that meant one thing in Matthew Henry s day have taken on different meanings today In addition Henry s often wordy reflections are generations removed from the crisp style that communicates most effectively to contemporary readers The Zondervan NIV Matthew Henry Commentary is a masterful response to these concerns It delivers the heart and soul of Henry s incomparable writings in a style that is easy to read and understand Dr Leslie Church s meticulous abridgment retains the essential content of the original work Easily misunderstood words have been replaced with modern ones while keeping Henry s style Use of the New International Version NIV instead of the King James Version makes this edition fully compatible with today s most widely used Bible translation In one volume here is a wealth of exposition metaphors analogies and illustrations ideal for Personal devotions Bible study Sermon and lesson preparation **Commentary on the Whole Bible Volume V (Matthew to John)** , [Which Bible Translation Should I Use?](#) Andreas J. Through her innovative concept of psychorealism Pailthorpe offers a unique blend of art and psychoanalysis aimed at understanding and balancing the human psyche. The book delves into the mechanisms by which infants develop fundamental psychological patterns. Pailthorpe argues that understanding these early developmental stages is crucial for addressing psychological imbalances. Psychorealism, as she defines it, involves creating art free from conscious interference, allowing for the pure expression of psychic realities. This form of automatic creativity offers fresh insights into the symbolic essence of the psyche and its influence on human behaviour. By analysing psychorealistic art, Pailthorpe illuminates the complex facets of human behaviour and provides a novel perspective on the interplay between the unconscious mind and artistic expression. Pailthorpe's research stands out for its originality and practical application. Her work not only enriches the field of psychoanalysis but also provides valuable tools for therapeutic practices. This book is particularly useful for psychologists, art therapists, and scholars interested in the intersections of art and psychology, offering new methods for understanding and treating psychological issues through creative expression. This approach will also appeal to general readers, librarians, and booksellers with its intriguing integration of art and psychology.
