Making Life More Livable:

Making Life More Livable Irving R. Dickman, 1983 *Making Life More Livable* Maureen A. Duffy, 2002 This newly revised and updated handbook is an essential guide for adults experiencing vision loss as well as an invaluable resource for their families and friends Full of practical tips and illustrative photographs this easy to use resource shows how people who are visually impaired can continue living independent productive lives at home on their own Useful general guidelines and room by room suggestions provide simple and effective solutions for making homes accessible and everyday activities doable for adults regardless of age **Making Life More Livable** ,2002 **Teaching Toward Freedom** William Ayers, 2004 For William Ayers noted educator and activist the allure of teaching that ineffable magic drawing me back to the classroom again and again issues from an ideal that lies directly at its heart Teaching at its best is an enterprise that helps human beings reach the full measure of their humanity In Teaching Toward Freedom Ayers illuminates the hope as well as the conflict that characterize the entire project of education how it can be used in authoritarian and dehumanizing ways in the service of the state the church or a restrictive existing social order an idea he abhors or as he envisions it as an undertaking to help students become more fully human more engaged more participatory more free Drawing on his own classroom experiences and those of his many colleagues as well as on popular culture film poetry and novels Ayers redraws the lines concerning how we teach and why and the surprising things we uncover when we allow students to become visible vocal authors of their own texts and creators of their own lives Committed and aware teachers Ayers argues must endeavor to accomplish two crucial tasks One is to convince students that there is no such thing as receiving an education as a passive receptor or an inert vessel in that direction lies nothing but subservience indoctrination and worse All real education is and must always be self education The second task is to demonstrate to students that they are valued that their humanity is honored and that their growth enlightenment and liberation are the paramount concern We take the side of the student This lucid and inspiring book will help teachers at every level to realize that ideal **On Freedom** Maggie Nelson, 2021-09-07 Named a Most Anticipated Best Book of the Month by NPR USA Today Time Washington Post Vulture Women's Wear Daily Bustle LitHub The Millions Vogue Nylon Shondaland Chicago Review of Books The Guardian Los Angeles Times Kirkus Publishers Weekly So often deployed as a jingoistic even menacing rallying cry or limited by a focus on passing moments of liberation the rhetoric of freedom both rouses and repels Does it remain key to our autonomy justice and well being or is freedom's long star turn coming to a close Does a continued obsession with the term enliven and emancipate or reflect a deepening nihilism or both On Freedom examines such questions by tracing the concept's complexities in four distinct realms art sex drugs and climate Drawing on a vast range of material from critical theory to pop culture to the intimacies and plain exchanges of daily life Maggie Nelson explores how we might think experience or talk about freedom in ways responsive to the conditions of our day Her abiding interest lies in ongoing practices of freedom by which we negotiate our interrelation

with indeed our inseparability from others with all the care and constraint that entails while accepting difference and conflict as integral to our communion For Nelson thinking publicly through the knots in our culture from recent art world debates to the turbulent legacies of sexual liberation from the painful paradoxes of addiction to the lure of despair in the face of the climate crisis is itself a practice of freedom a means of forging fortitude courage and company On Freedom is an invigorating essential book for challenging times

Lusosex Susan Canty Quinlan, Fernando Arenas, Some of the most compelling theoretical debates in the humanities today center on representations of sexuality This volume is the first to focus on the topic in particular the connections between nationhood sex and gender in the Lusophone or Portuguese speaking world Written by prominent scholars in Brazilian Portuguese and Lusophone African literary and cultural studies the essays range across multiple discourses and cultural expressions historical periods and theoretical approaches to offer a uniquely comprehensive perspective on the issues of sex and sexuality in the literature and culture of the Portuguese speaking world that extends from Portugal to Brazil to Angola Cape Verde and Mozambique Through the critical lenses of gay and lesbian studies queer theory postcolonial studies feminist theory and postmodern theory the authors consider the work of such influential literary figures as Clarice Lispector and Silviano Santiago An important aspect of the volume is the publication of a newly discovered and explicitly homoerotic poem by Fernando Pessoa published here for the first time in the original Portuguese and in English translation Chapters take up questions of queer performativity and activism female subjectivity and erotic desire the sexual customs of indigenous versus European Brazilians and the impact of popular music as represented by Caetano Veloso and others on interpretations of gender and sexuality Challenging static notions of sexualities within the Portuguese speaking world these essays expand our understanding of the multiplicity of differences and marginalized subjectivities that fall under the intersections of sexuality gender and race

Watcha Thinkin? Tim Wascomb, 2022-11-03 It is funny how our mind works We have things happen to us every day that effects how our tomorrow is going to be So by knowing how we can deal with the unwanted changes that we all face hopefully later but sometimes sooner if we can understand how to make changes in our life that can assist in adapting to those changes whether it is our mind or physical health what we eat and drink and how we sleep it would be great to have the upper advantage on all these things Well you are reading about a great start that can shed some light on benefits to help to return or even keep you from not being able to do what you want to do because of the changes that are unwanted There is one exercise in the book that will change the rest of your life along with many more that can assist you in keeping a balance in fitness So you can do the things you want to do or used to do It all begins with a mind set and how do we get that kind of mind set It is between these two covers Do yourself a favor jump in and get the benefits of Watcha Thinkin I would love to hear the benefits you are getting by reading and following the suggestions in this life changing adventure inside
