Making Of Britain 2 Life Work Between:

Anglo-Chinese Encounters Before the Opium War Xin Liu, 2022-08-12 *Anglo Chinese Encounters Before the Opium War A Tale of Two Empires Over Two Centuries* studies the fascinating encounters between the two historic empires from Queen Elizabeth I's first letter to the Ming Emperor Wanli in 1583 to Lord Palmerston's letter to the Minister of China in 1840. Starting with Queen Elizabeth I's letter to the Chinese Emperor and ending with the letter from Lord Palmerston to the Minister of China just before the Opium War, this book explores the long journey in between from cultural diplomacy to gunboat diplomacy. It interweaves the most known diplomatic efforts at the official level with the much unknown intellectual interactions at the people-to-people level from missionaries to scholars from merchants to travelers and from artists to scientists. This book adopts a novel mirror approach by pairing and comparing people, texts, commodities, artworks, architecture, ideologies, operating systems, and world views of the two empires. Using letters, gifts, and traded goods as fulcrums and by adopting these unique lenses, it puts China into the world history narratives to contextualise Anglo-Chinese relations, thus providing a fresh analysis of the surviving evidence. Xin Liu casts a new light on understanding the Sino-centric and Anglo-centric world views in driving the complex relations between the two empires and the reversals of power shifts that are still unfolding today. The book is not intended for specialists in history but a general audience wishing to learn more about China's historical engagement with the world.

Decision-Making and Judgment in Child Welfare and Protection John D. Fluke, Mónica López López, Rami Benbenishty, Erik J. Knorth, Donald J. Baumann, 2020-07-17 Professionals in child welfare and protection are often required to make decisions fraught with many difficulties and shortcomings that have crucial implications for children and families. There are many indications that these decisions are frequently unreliable and involve unavoidable errors in judgement due to the uncertainties. Despite the central role of judgements in the field, child welfare and protection training and research programs pay limited attention to leveraging the human factors aspect of practice. Although extensive research exists in relevant areas such as medicine, psychology, business administration, and economics, little has been done to help develop, transfer, and translate scientific knowledge to the child welfare arena. *Decision Making and Judgment in Child Welfare and Protection* pulls together the best internationally sourced expertise and makes it accessibly available and applicable to scholars, educators, practitioners, students, and policymakers, the key stakeholders in child protective services and child welfare.

Making work more equal Damian Grimshaw, Colette Fagan, Gail Hebson, Isabel Tavora, 2017-08-25 This book presents new theories and international empirical evidence on the state of work and employment around the world. Changes in production systems, economic conditions, and regulatory conditions are posing new questions about the growing use by employers of precarious forms of work, the contradictory approaches of governments towards employment and social policy, and the ability of trade unions to improve the distribution of decent employment conditions. The book proposes a new labour market segmentation approach for the investigation of issues of job quality.

employment inequalities and precarious work This approach is distinctive in seeking to place the changing international patterns and experiences of labour market inequalities in the wider context of shifting gender relations regulatory regimes and production structures An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence , [British Autobiographies](#) William Matthews,2023-04-28 British Autobiographies An Annotated Bibliography of British Autobiographies Published or Written Before 1951 compiled by William Matthews is an essential resource for scholars researchers and anyone interested in personal narratives Spanning four centuries this extensive bibliography catalogs a wide range of autobiographical works capturing the voices of individuals from all walks of life From statesmen and soldiers to artists explorers and even everyday people these entries offer a window into the diverse experiences that shaped British history and culture Matthews and his team meticulously gathered these works from major libraries across the United States the United Kingdom and other locations ensuring a comprehensive collection that sheds light on both famous and lesser known autobiographical voices This bibliography is not only a valuable tool for literary scholars studying the evolution of autobiographical writing but also for historians psychologists and social scientists interested in understanding personal accounts of significant historical events and societal shifts Matthews work opens up new possibilities for exploring the autobiographical genre as a reflection of both individual lives and broader cultural trends With its rich diversity of subjects and detailed annotations British Autobiographies serves as a vital reference for anyone researching the personal dimensions of British history This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1955 *The British Printer* ,1891 *The Routledge Companion to William Morris* Florence S.
