Letting Go and Taking the Chance to be Real Sherron Lewis LMFT,2017-06-12 Who are we really The image we have of our self is derived largely from our experiences of who we are from who we would like to be and from who we are told we are by others It is a sense that changes over the years that begins to develop in early childhood and grows or is stunted through experimenting and testing in early relationships and later relationships in life composed of various images which we strive to integrate over time It is that core someone who we often may suppress for fear of ridicule or loss of support or fear of failure Lack of active support for us to express our real self especially in our early years often leads us as adults to feeling

unsatisfied frustrated and neglected trying so hard to be all things to all people doing what is expected or required and no longer being sure of what is personally meaningful And we fail to realize that expressing our real feelings and needs is not the same as being narcissistically entitled Thus expressing the real self takes courage and requires a healthy sense of self esteem self efficacy and agency and involves capacities for closeness intimacy creativity self soothing and repair Many of us are afraid to take the chance That is why this book was written Letting Go and Taking the Chance to be Real is about the processes involved in becoming real again or perhaps for the first time Sherron Lewis LMFT and Shelley Stokes Ph D Sherron Lewis LMFT and Shelley Stokes Ph D have accomplished what few other authors have namely they have written a book that is at once both profoundly practical and at the same time firmly anchored in rigorous psychoanalytic theory regarding disorders of the self Their work is replete not only with insightful clinical anecdotes but also with courageous and deeply illuminating revelations of their own emotional lives by which they model for their readers that authenticity which is an antidote to the toxic shame both which keeps our patients false selves perched precariously in place and which makes us less effective as therapists This product of their collaboration a combination of many years of experience and clinical wisdom by two master clinicians is a superb gift to the psychotherapy community and is essential reading for every therapist Avak Howsepian MD Ph D Psychiatry and Neurology Veterans Affairs Central California Assistant Professor of Psychiatry Univ of California San Francisco This new book by Sherron Lewis and Shelley Stokes represents the latest synthesis of James Masterson s work integrating it with other contemporary writers in a way that results in a practical guide for both the lay person interested in personal growth or the clinician on the critical subject of becoming your real self It s a very engaging and meaningful book a must read Joseph P Farley MFT Director of the Masterson Institute
