Congress. Senate. Committee on Labor and Human Resources, 1995 DARE to Say No Max Felker-Kantor, 2024-02-14 With its signature DARE to keep kids off drugs slogan and iconic t shirts DARE Drug Abuse Resistance Education was the most popular drug education program of the 1980s and 1990s But behind the cultural phenomenon is the story of how DARE and other antidrug education programs brought the War on Drugs into schools and ensured that the velvet glove of antidrug education would be backed by the iron fist of rigorous policing and harsh sentencing Max Felker Kantor has assembled the first history of DARE which began in Los Angeles in 1983 as a joint venture between the police department and the unified school district By the mid 90s it was taught in 75 percent of school districts across the United States DARE received near universal praise from parents educators police officers and politicians and left an indelible stamp on many millennial memories But the program had more nefarious ends and Felker Kantor complicates simplistic narratives of the War on Drugs He shows how policing entered US schools and framed drug use as the result of personal responsibility moral failure and poor behavior deserving of punishment rather than something deeply rooted in state retrenchment the abandonment of social service provisions and structures of social and economic inequality **Johnson V. Kmart Corporation** , 2000 **The Selfish Brain** Robert L DuPont, 2010-09-28 The Selfish Brain explains how individuals and communities are affected by drugs such as alcohol tobacco marijuana cocaine and heroin and how treatment can lead to whole healthy lives Why is the

brain so vulnerable to the effects of alcohol and other drugs How does addiction echo through families cultures and history What is it that families and communities do to promote or prevent addiction These are some of the questions that this thorough thoughtful and well reasoned book answers in clear comprehensible terms From the basics of brain chemistry to the workings of particular drugs such as alcohol tobacco marijuana cocaine and heroin *The Selfish Brain* explains how individuals and communities become trapped in destructive habits and how various treatments and approaches lead to recovery and whole healthy lives DOE this Month ,1987 A 50-year Adventure in the Advertising Business Ernest W.
