How Change Happens Cass R. Sunstein, 2020-04-14 An illuminating study that reveals the different ways social change occurs for readers of Freakonomics and Thinking Fast and Slow The New York Times How does social change happen When do social movements take off Sexual harassment was once something that women had to endure now a movement has risen up against it White nationalist sentiments on the other hand were largely kept out of mainstream discourse now there is no shortage of media outlets for them In this book with the help of behavioral economics psychology and other fields Cass Sunstein casts a bright new light on how change happens Sunstein focuses on the crucial role of social norms and on their frequent collapse When norms lead people to silence themselves even an unpopular status quo can persist Then one day someone challenges the norm a child who exclaims that the emperor has no clothes a woman who says me too Sometimes suppressed outrage is unleashed and long standing practices fall Sometimes change is more gradual as nudges help produce new and different decisions apps that count calories texted reminders of deadlines automatic enrollment in green energy or pension plans Sunstein explores what kinds of nudges are effective and shows why nudges sometimes give way to bans and mandates Finally he considers social divisions social cascades and partyism when identification with a political party creates a strong bias against all members of an opposing party which can both fuel and block social change

Making Change Happen Kevin Cook, Heather Goodall, 2013-09-11. This book is a unique window into a dynamic time in the politics and history of Australia. The two decades from 1970 to the Bicentennial in 1988 saw the emergence of a new landscape in Australian Indigenous politics. There were struggles, triumphs and defeats around land rights, community control of organisations, national coalitions and the international movement for Indigenous rights. The changes of these years generated new roles for Aboriginal people. Leaders had to grapple with demands to be administrators and managers as well as spokespeople and lobbyists. The challenges were personal as well as organisational, with a central one being how to retain personal integrity in the highly politicised atmosphere of the Aboriginal Industry. Kevin Cook was in the middle of many of these changes as a unionist, educator, land rights campaigner, cultural activist and advocate for liberation movements in Southern Africa, the Pacific and around the world. But Kevin has not wanted to tell the story of his own life in these pages. Instead, with Heather Goodall, a long time friend, he has gathered together many of the activists with whom he worked to tell their stories of this important time. Readers are invited into the frank and vivid conversations Kevin had with forty-five black and white activists about what they wanted to achieve, the plans they made and the risks they took to make change happen. You never doubted Kevin Cook. His very presence made you confident because the guiding hand is always there. Equal attention is given to all. I am one of many who worked with Kevin and Judy through the Tranby days and in particular the 1988 Bicentennial March for Freedom, Justice and Hope. What days they were! I'm glad this story is being told. Linda Burney, MLA New South Wales. Kevin Cook was a giant in the post-war struggle for Aboriginal rights. His ability to connect the dots and make things happen was important in both the political and cultural resurgence of the 1970s onwards. Meredith Burgmann, former MLC New South Wales. Kevin has had a transformative effect on the direction of my life and the lives of so many other people. This book is an important contribution to understanding not only Kevin's life but also the broader struggles for social and economic justice, for community empowerment and of the cooperative progressive movement.
