## **Merchants Of Death:**

*Merchants of Death* Helmuth Carol Engelbrecht, Frank Cleary Hanighen, 1937      *Merchants of Death* H. C. Engelbrecht, F. C. Hanighen, 2020-12-22 Merchants of death was an epithet used in the USA in the 1930s to attack industries and banks that supplied and funded the First World War then called the Great War The term was popular in anti war circles of both the left and the right and was used extensively regarding the Senate hearings in 1936 by the Nye Committee Originally published in 1934 this book uses the term to expose the international arms industry at the time It is a careful and subtle but still passionate attack on those who would use government to profit themselves at the expense of other people s lives and property The book not only makes the case against the war machine it provides a scintillating history of war profiteering one authoritative enough for citation and academic study      **The Merchants of Death** H. **Changing Differences** Rhodri Jeffreys-Jones, 1995 There are more than fifty women in the United States Congress and nearly one fourth of foreign service posts are held by women Nevertheless the United States has yet to entrust a senior foreign policy job outside of the United Nations to a woman Beneath these statistics lurk central myths that Jeffreys Jones cogently identifies and describes the Iron Lady too masculine the lover of peace too pink the weak or the promiscuous These are to name only a few With an eye to the feminist foreign policy leaders of the future the author traces the successes and failures of collectivities such as Women Strike for Peace and individuals who were influential in international politics since World War I including Alice Paul Jane Addams Jeannette Rankin Dorothy Detzer Eleanor Roosevelt Margaret Chase Smith Helen Gahagan Douglas Bella Abzug Margaret Thatcher and many others These women often found ways to employ the myths to their own and to their country's benefit and more recently have had the freedom to defy the stereotypes altogether

*Merchants of Death* Philip Chase, 1976      **Merchants of Death, Etc. [An Indictment of Nazism.]** Ernst G. Preuss, 1946      **The Deritualization of Death** Charles Lynn Gibson, 2019-10-15 The problematic field of investigation for this study was for the care of bereaved human beings in the context of significant cultural shifts now shaping the twenty first century Deritualization was identified as a significant interdisciplinary concern that contributes to potential distress in processes of grieving The objective of the research was the development of a practical theology of compassionate caregiving for the bereaved with deference to the problem of deritualization The theoretical framework was guided by the Oxford Interdisciplinary Research model and the Loyola Institute of Ministries model of practical theology The study was designed for applied research for funeral directors and vocational pastors utilizing qualitative research methods Hermeneutical and empirical components addressed six research questions through two domains of inquiry disciplinary perspectives and educational dynamics of bereavement caregiving Using the method of hermeneutics to critically evaluate the first two research questions three disciplinary fields of knowledge were examined and integrated from the perspective of pastoral care funeral service bereavement psychology and practical theology Each discipline individually converged upon meaningful caregiving meaning reconstruction and meaning reframing as significant modes of bereavement care Using ethnographic semi structured interviews to critically evaluate the remaining four research questions data were collected from a Christian university and a mortuary college The interview questionnaire included twenty five main questions organized in four parts Philosophy of Education Hermeneutics of Bereaved Families Care of Bereaved Families and Encounter of Bereaved Families The study utilized two cycles of qualitative coding techniques to report the findings of each participating school A hybrid form of in vivo and holistic coding as well as a second cycle of pattern coding distilled the interview responses into actionable statements that reinforced bereavement caregiving By synthesizing all of the findings a compelling case was made for a paradigm of comforting presence supported by principles from a Louwian perspective of practical theology including

theological anthropology promissiotherapy bipolarity and hermeneutics The study connected a philosophy of meaning reframing and a paradigm of comforting presence to a meta theoretical framework within a narrative approach to care The research elucidated an interdisciplinary understanding that contributed toward a compassionate practical theology of caregiving for the bereaved     Between Depression and Disarmament Jonathan A. Grant, 2018-04-26 This business history elucidates the international history of the interwar period by putting the armaments sector front and center     *Governance Without Government* James N. Rosenau, Ernst-Otto Czempiel, 1992-03-26 A world government capable of controlling nation states has never evolved but governance does underlie order among states and gives direction to problems arising from global interdependence This book examines the ideological bases and behavioural patterns of this governance without government
