## **Metaphor Of Trees And Last Poems:**

**Metaphor of Trees and Last Poems** William Bronk, 1999 Metaphor of Trees collects the recent work William Bronk described in Hungry Mind Review as arguably the most metaphysical poet of his generation Bronk whose has been a major figure in American writing for more than forty years is considered to be one of the most intellectually challenging poets working today His most recent book All of What We Loved was described in The Journal of the Academy of American Poets as an exceptionally eloquent and masterly book and the same could said of this new book which repeatedly shows the poet at the height of his powers We are indentured to our times and owe them for our living even for being here A bad deal for some they lost it all Of those that survived some took the times for their own at the least we stole a bit for ourselves We ll feel no particular hurt when they let us go *The Music of Thought in the Poetry of George Oppen and William Bronk* Henry Weinfield, 2009-03 George Oppen 1908 1984 born into a prosperous German Jewish family began his career as a protégé of Ezra Pound and a member of the Objectivist circle of poets he eventually broke with Pound and became a member of the Communist party before returning to poetry more than twenty five years later William Bronk 1918 1999 by contrast a descendant of the first European families in New York was influenced by the works of Shakespeare the King James Bible and the work of the New England writers of the American Renaissance Despite differences in background and orientation the two men formed a deep friendship and shared a similar existential outlook As Henry Weinfield demonstrates in this searching and original study Oppen and Bronk are extraordinary thinkers in poetry who struggled with central questions of meaning and value and whose thought acquires the resonance of music in their work These major writers created poetry of enduring value that has exerted an increasing influence on younger generations of poets From his careful readings of Oppen s and Bronk s poetry to his fascinating examination of the letters they exchanged Weinfield provides important aesthetic epistemological and historical insights into their poetry and poetic careers In bringing together for the first time the work of two of the most important poets of the postwar generation *The Music of Thought* not only illuminates their poetry but also raises important questions about American literary history and the categories in terms of which it has generally been interpreted *The Mind's Landscape* David Clippinger, 2006 Throughout the latter half of the twentieth century the poet William Bronk 1918 1999 was a significant voice in the American literary landscape Even though he spent nearly all of his life in Hudson Falls NY Bronk was a vital presence in American poetry as evidenced by his connections to Robert Frost Charles Olson George Oppen Robert Creeley Wallace Stevens Susan Howe Rosemarie Waldrop and others *The Mind s Landscape* attempts to present a fresh perspective of twentieth century literary history as seen through the lens of Bronk s life as a writer **Encyclopedia of American Poetry: The Twentieth Century** Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries

which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States

**Poem by Poem, Fable by Fable** Anna Miransky, 2024-06-18 At the age of seventy two Anna Miransky begins to read her father's poetry and fables in her first and forgotten language Yiddish She is changed by what she finds In his writing her father the poet and fabulist Peretz Miransky a Holocaust survivor and member of the celebrated literary group Yung Vilne reveals aspects of his inner life about which he had never spoken when he was alive His daughter discovers new details about family members his literary colleagues and his relationship with her mother and stepmother Most importantly she discovers Peretz Miransky's lifelong poetic themes and mission to keep Yiddish and the fable form alive and flourishing Many of Miransky's poems and fables are translated into English to illustrate Anna's discoveries Throughout the book Anna Miransky examines her complicated relationship with her father through the lenses of language barriers and generational trauma As she delves deeper into his life she comes to fully embrace her father her first language and her culture

Ghostly Parallels Randolph Runyon, 2006 America's most eminent man of letters in his later years and certainly one of the greatest Southern writers Robert Penn Warren has increasingly come to be known for his poetry Ghostly Parallels is a close examination of the heart of his poetic corpus the eight collections published between 1935 and 1976 Thirty Six Poems Eleven Poems on the Same Theme Promises You Emperors and Others Tale of Time Incarnations Or Else and Can I See Arcturus from Where I Stand Ghostly Parallels shows how Warren constructed collections of poems based on common subjects and contexts and also contends that while the poems are distinctive taken together they reveal intricate patterns of theme imagery and diction within explicit sequences Runyon demonstrates that Warren's collections are integrated well crafted wholes and each poem references its predecessor sometimes in intriguingly self-referential ways Runyon shows that despite the many changes in diction tone and subject that Warren underwent in his long career his concern for writing his poems in such a way that they could reach out beyond themselves to other poems remained remarkably constant In the arrangement Warren gave them his poems form ghostly parallels an expression that appears in The Return An Elegy where they refer to the railroad tracks that bring the poet home to his dying mother This return to the mother is a persistent leitmotif in the poems and forms the other major theme of this study Warren's personal poetic myth in which such images as golden light and mirror images are signs of the mother's presence as both Danae mother of Perseus and Medusa whom Perseus confronted Through pursuing sequential patterns as well as echoes and myth Ghostly Parallels brings a wealth of insights to the work of this prolific novelist critic and essayist An important guide for undergraduate and graduate students alike Ghostly Parallels will also appeal to anyone with an interest in Robert Penn Warren and southern literature
