Sperm, Wonderful Sperm! Alan Smithie, 2009-07-01 I remember a report some time ago extolling the health benefits of the vitamins found in sperm with the advice that in preparation for having a healthy and intelligent baby for some months before becoming pregnant a woman should swallow her partner's sperm You can rest assured this report was compiled by a team of men This has nothing whatsoever to do with the fact I set

Recognition and Revelation Margaret Laurence, 2020-09-23 Margaret Laurence, best known for her germinal novels set in the Canadian prairies, is one of the nation's most respected authors. She was also an accomplished essayist, yet today her nonfiction writing is largely unavailable and therefore little known. In *Recognition and Revelation*, Nora Foster Stovel brings together Laurence's short nonfiction works, including many that have not previously been collected and some that have never before been published. These works, including over fifty essays and addresses that span Laurence's writing career from the 1960s to the 1980s, reveal her passionate concern for Canadian literature and for the land and peoples of Canada. Based on extensive archival research, Stovel's introduction contextualizes Laurence's nonfiction writings in her life as a creative artist and political activist and as a woman writing in the twentieth century. The texts range from essays on Laurence's own writings and on other works of Canadian literature to autobiographical essays, several focusing on environmental concerns, to sociopolitical essays and writing advocating for peace and nuclear disarmament. By revealing Laurence as a socially and politically committed artist, this collection of lively and provocative essays illuminates the undercurrents of her creative writing and places her fiction, often informed by her nonfiction writing, in a new light.

Classical Music Radio in the United Kingdom, 1945-1995 Tony Stoller, 2017-11-11 This book is the first comprehensive account of classical music on all British radio stations, BBC and commercial, between 1945 and 1995. It narrates the shifting development of those services from before the launch of the Third Programme until after the start of Classic FM, examining the output from both qualitative and quantitative perspectives, as well as recounting some of the stories and anecdotes which enliven the tale. During these fifty years, British classical music radio featured spells of broad multi-channel classical music radio with aspirational and mainstream culture enjoying positive interactions, followed

by periods of more restricted and exclusive output in a paradigm of the place of high culture in UK society as a whole The history was characterised by the recurring tensions between elite and popular provision and the interplay of demands for highbrow and middlebrow output and also sheds new light on the continuing relevance of class in Britain It is an important and unique resource for those studying British history in the second half of the twentieth century as well as being a compelling and diverting account for enthusiasts for classical music radio
